FOREWORD

The Constitution requires each house of the General Assembly to keep a Journal of its proceedings. The Journal is intended to assure a public account of legislative activity and constitutes the final official record of action by the General Assembly.

Under the provisions of Section 6.161, 6.162 and 57.151 of the *Kentucky Revised Statutes,* the Legislative Research Commission is responsible for comparing, editing, correcting, and publishing the Journals as approved by each house of the General Assembly. This volume represents the fulfillment of this obligation for the House of Representatives of 1980.

The text of a bill is spread in full when it receives a first reading. The roll call on passage of a bill is indicated upon its receipt of a third reading, or upon concurrence by the originating house in amendments by the second house. Simple and concurrent resolutions are printed on first reading when applicable or when adopted, and joint resolutions are treated as bills. A table of actions on bills and resolutions is appended.

Mrs. Shan Stone Gray, Mrs. Jeanne Wallace and Ms. Sharon G. May prepared the 1980 House Journal. The edited copy and index found in this volume reflect the cooperative efforts of the commission's staff.

State of the Commonwealth
John Y. Brown, Jr., Governor
January 8, 1980

Lieutenant Governor Collins
Mr. Speaker
Members of the General Assembly
Fellow Kentuckians

First let me report to the General Assembly that your new Governor likes his job. I find that it is a rather active job — having been elected in November — inaugurated in December — assuming the responsibility for management of 35,000 people — analyzing and recommending, in a 4 month period of time, a $9 billion balanced budget — and review some 1,400 proposed pieces of legislation.

It is like living a career in a four month period, but I am determined that we will be prepared to meet these challenges. In fact, to expedite this work load I am prepared to introduce my proposed legislation to you tonight so we can go ahead and get it approved and get it out of the way while the atmosphere is so warm and friendly and so that we can attend to other things.

Tonight my report to you is both good news and bad news: (You've heard me say it before)

First, if a businessman owned Kentucky and this nation was just beginning he wouldn't trade our state for any other in the union.

First of all, we are privileged to be located right in the heart of America for the convenience of travel and for the convenience of transporting goods from the central most point of the United States, within 500 miles is 68% of the nation's population.

Secondly, we have been endowed with an abundance of natural resources — more than any other state in the union in the production and reserves of coal — a product that will be the solution to our nation's energy needs.

We are blessed with more navigable waterways than any other state in the union. Certainly this can be used not only for our own enjoyment but for the economic transportation of Kentucky products.

We have natural beauty unmatched by any other state, with our beautiful mountains, bluegrass, flatlands, and waterways and special heritage which has allowed Kentucky to be one of the outstanding tourist attractions in the nation.

Perhaps most important, Kentucky has a very special kind of people — family people — honest people — hard working people, who understand the work ethic. Demonstrated by the fact that in recent years Kentucky has been ranked number one in the nation in productivity ranking among all states for products produced, man-hours given and total paid.

I have one question for us to consider tonight — with all of this abundance of resources why has Kentucky always been among the lagging states in education — per capita income — and, in over-all progress?

If we look closely, we will find that throughout much of our history that state government has its priorities out of order. Too often public interest has been sacrificed for special interest and has choked Kentucky's ability to reap the reward of our many natural advantages.

The people of Kentucky have sent me to Frankfort to take a new direction to operate state government in a businesslike manner in their best interest and to start the direction to develop Kentucky's economy.

I join with you tonight with an attitude and philosophy that together we will be statesmen planning the long term needs for our state — willing to sacrifice our personal interest and even political careers to chart the proper course for our state. Often times the best approach is an unpopular approach, but together we must have the strength to answer these challenges.

As Governor Bert Combs once said, "Most governments create laws and monuments and then move on — but the only true judge will be whether we leave any footsteps on the sands of time."

The people elected us to be their leaders and to have vision in serving other needs and providing their future.

I have been impressed in my meetings with the leadership of the General Assembly and with their good intentions to get our state moving ahead and I look forward to working with each of you toward a goal of building this great state of ours.

My first show of good faith as Governor was to encourage legislative independence by not interferring in the selection of your leadership. I did this for two reasons:

First of all, the General Assembly by Constitution is to be the voice of the people of our governing process of checks and balances.

Secondly, as your Governor, I welcome your help, your leadership, your experience and talents and I respect and honor your responsibility to your constituents.

I approach our work together as partners — not adversaries.

The word independence — which was the platform I ran on as a candidate — that you assume as a legislator — perhaps a better word is interdependence in our working relationship because I will constantly be calling on you for advice and counsel and information as I hope you will in working with my administration.

Together, I am satisfied, we can solve every problem of this session on a positive basis.

I can't help but be somewhat amused that word has filtered out in the media that Governor Brown is going to have a hands off policy and not involve himself in the legislative process. If that were true, it wouldn't have been worth the state's expense to pay for my car to come to Frankfort.

On November 6 the people elected me by one of the largest mandates in the history of the state. It is my responsibility and duty to use the power of the Governor's office to honor my commitments and to help implement into law the platform on which I was elected.

Knowing the limited financial resources that we would be facing together, I made every attempt during the campaign not to make political commitments that would affect our state treasury funds.

Instead of being obligated on hundreds of pieces of new or changed legislation that often burdens and regresses the legislative process, I stand before you tonight a free man and I face a free legislature with a challenge together to protect the original concept of government — of, by and for the people.

This is a freedom that we must earn the right to preserve. I am satisfied that with all of your talent, experience, combined with the leadership of my administration, together we can have a most progressive and successful session. I used the word progressive as I am going to challenge the legislature to be willing to accept change, new direction, to join me in making some imaginative, as well as difficult decisions concerning the future of our state.

First of all, the platform on which I presented my candidacy for Governor was basically two fold:

One, that state government should be operated in a business like manner with qualified and committed people in the public's interest.

The operation of state government is no different than the operation of a major business — dealing with people, administration, plans, goals, budgets, and results.

The most important asset of my administration will be people — from cabinet secretaries all the way down.

I have been overwhelmed by the large number of people who have joined — at a great personal sacrifice — this administration because they feel strong about their state — see a chance for a new day and want to be a part of building Kentucky's future.

Likewise, I have been impressed with the large number of committed state employees who just need to be given the opportunity to spread their wings and grow.

First of all, state government has been allowed to grow beyond the means for which it was intended. Imagine — the state budget has multiplied ten times just in the past sixteen years. I ask the question what this has meant to the people of Kentucky?

Have the services of state government, programs of state government, our road system and education programs justified this type of accelerated growth?

It is time to re-evaluate state spending and programs and re-establish our priorities.

We have been spending and expanding too rapidly and now must display sound fiscal management.

At our current level of spending, we would spend more than $56 million more than we take in in revenue this revenue.

Bonded indebtedness grew by some 77% during that same period.

Agency requests for our next biennium budget were $1.3 billion over projected income.

The preliminary figures of a continuation budget — with only a 5% increase — which is too low — for state employees and teachers, gives us an annual $43 million deficit.

Our road fund faces declining revenues and accelerated costs of construction and maintenance. It is critical that we maintain our roads across this state or in time we will lose them.

Add to our own present financial condition, our national problem with the highest inflation interest rates in history, as we slowly move into a national recession.

The budget unquestionably will be the most challenging duty we will have together during the session.

But, I am satisfied that if we establish the proper priorities together, use fiscal restraint and lay the foundation for economic development then we will end up with a legislative program satisfactory to the public as well as ourselves.

I say this for two reasons:

I am positive on Kentucky's future —

Likewise, I am positive on America.

My businesslike approach in state management, as we face declining revenues and a depleted treasury, will be to establish a lean and productive work-force that will give the people of Kentucky their money's worth and the efficient service of state programs at the lowest cost.

It is my administration's goal to eliminate every unnecessary job — to train and motivate our people to full productivity.

This past year state employment increased by 5.2%. Yesterday at my cabinet meeting I asked each cabinet secretary to cut back on employees by a minimum of 5% by June 30 of this year, with a main goal the following year of an additional 5% that will be eliminated by natural, normal attrition.

Together we have re-scheduled separate pay levels for commissioners and agency heads, based on the responsibility of the office. I foster the idea of creating an environment of career employees with pay scales that are competitive with the commercial world — far too long it has been an attitude of state government that government can pay for it — get all you can get — while I want all state employees to have the best opportunity — more importantly I want them to earn it.

It is illogical to have the same pay scale for someone who manages a thousand people versus someone who supervises 30. This cut-back will save in excess of one half million dollars alone.

Following this philosophy, I have asked each secretary to evaluate all salaries at the present time in relationship to the responsibility and qualifications. In essence, I have asked every cabinet member to run their department as if it were their own money.

In the Governor's office we tried to set an example by cutting our cost 23% over the prior year.

There will be many other areas of savings and cutbacks — personal service contracts will be eliminated in every instance where the same work can be done effectively in house.

Duplication will be eliminated in every area. Because of the size of state government this will not be an easy task, but I am confident that with the management team that has joined me that they will make significant strides in bringing state government into a workable, efficient basis of operation.

I am pleased with the attitude and commitment of state government as we approach the next four years. Now that we have reviewed the problems of government, let's talk about our opportunities:

Specifically, the cornerstone of my platform for Governor — **Economic Development**.

Whether we like it or not, we live in a commercial and competitive world. In America every day we are competing with 49 other states and for that matter with the world in the sale of Kentucky products — whether they be farm, coal or manufacturing — we are competing for the tourist dollar — we are competing for the investment and new business dollar.

I have always felt, as I do now, that the most important responsibility of state government is to provide opportunity for its citizens. There is absolutely no reason that Kentucky should not compete successfully with other states in building our economy. I have said I want to be the salesman for Kentucky in the market place — I need your help.

It is necessary that you give me the tools to work with and I will be bringing a package of necessary legislation during this session.

I think our greatest problem in the past is that our priorities have been confused. Kentucky has spent more money on cutting weeds and grass on our highways than they have on economic development.

For instance, Georgia expends 5 to 1 per capita in this area.

I will ask for an expanded budget in economic development necessary to compete successfully.

There is no reason at this time why we should not create the most attractive and competitive lure to bring commerce and investment throughout our state — to provide better jobs and a stronger tax base to support our vital programs. Whatever our surrounding states provide, we should be more attractive in competing.

It would be a total lack of vision not to work progressively in promoting and expanding our three major industries of agriculture, coal and tourism.

Tourism and coal provide our greatest opportunity for growth to solve our present financial concern.

Every dollar spent by state government — whether it be for promotion or bonded indebtedness — should be directed toward giving Kentucky the best possible return on its investment.

In my travels through the state, I found our small and large cities have changed little over the past 25 years. We cannot be content to sit still because we must grow, otherwise we regress.

The thrust of federal programs and the trends in our nation — because of the energy crisis and cost of travel — will be toward urban development.

Innumerable financial incentives by the federal government will be available to encourage urban development.

Close to one-half of Kentucky's population sits on the waterways and I am confident the opportunity for growth and prosperity in so many of our river communities from Paducah to Ashland — Northern Kentucky — etc., etc.....

My administration will make every effort to encourage expansion of Kentucky business and promotion of its products, recognizing that expanded businesses that can go to double shifts instead of single offer twice as much employment and twice as much tax base.

I believe that Kentucky is at the threshold of great economic development and this direction and course in state government will be able to provide the key indicators of progress — per capita income for our citizens and a leading educational program.

This is a lofty goal and cannot be done over night, but let us begin.

Time does not permit all of the proposals of legislation my administration will submit for your consideration, but I would like to present to you those proposals on which I based my campaign and on which the people of Kentucky gave strong evidence of support.

Later I will have a number of other pieces of legislation that will require funding, but I will wait until such time as I feel they can fit in our budget on a priority basis.

They deal with equity, fairness, and methods of communication and do not involve themselves as cost programs for the state.

The proposals I bring to you tonight are not programs that cost money, but rather changes for the future that are responsible, progressive, sound and competitive for our state's future. In fact, most of these proposals are similar concepts that have been used effectively in many of our progressive states.

First, **Workmen's Compensation:**

This is an issue where both management and labor should be together, because both of their interests are equally at stake. Our present plan is 12th in cost and 42nd in benefits. It will take "give and take" on both sides, to allow Kentucky to be competitive with other states' costs and benefits.

Second, **Income Tax Revision** — small business

A revision of our state income tax with a goal toward giving relief to low and middle income taxpayers, while attempting to simplify and more closely follow our federal tax program.

While much relief can economically be given, at the same time we must be conscious of our competitive position with our states as it relates to the tax schedule on higher incomes.

Otherwise, it will be difficult to attract more business to Kentucky as well as create an environment that could drive out much of what we have.

Our tax structure is the 5th most regressive tax in the nation and has been changed only once in 39 years. We must create a tax schedule that is fair and equitable to all taxpayers.

Third, **Home Rule**

In each of the past two regular sessions, you have authorized the expenditure of funds to study the codification of municipal law. The study concluded among other things that self rule should be granted cities. I agree with the recommendation and urge you to consider passage. If self rule is good for state government, for Kentucky's counties, indeed, for the General Assembly, it follows that cities should be granted the same opportunity to look after their own affairs.

Fourth, **Professional Negotiations**

Fifth, **Campaign Finance Reform**

Sixth, **Consolidation and Control over the State's Bonding Authorities.**

Now I would like to discuss philosophically with you my position on the state's indebtedness. Bonded indebtedness is the only tool we have to build our road system, improve and expand our park system, and in some instances to provide for urban commercial development. The question is do we go ahead now and build the foundation or our future or do we wait until lightning strikes and let competition out-compete us?

Cost of bonds today are approximately 7 ½%, while inflation rages at 13% — interest rates at 15% — new construction costs increase from 18% to 23% annually. I am in favor of making those investments now instead of later, where it can be clearly demonstrated as a sound commercial investment.

Without a competitive road system we will never be able to compete effectively in the marketplace whether it be agriculture, tourism, or coal, as well as commerce from our small and large cities.

Our state park system needs substantial up-grading and development and should be comparatively easy to witness an accurate return on investment. These are one-time investments that can carry us into the next decade, but will be vehicles to build our revenue base. Philosophy — invest now — pay later when we can afford it — because Kentucky industries are sound for the future.

The package of development tools which I will present to you will be totally scaled in the framework of being in competition with our surrounding states.

There will be no political roads or monuments built during the Brown administration. I think it is timely that we get on with the business of building Kentucky and if we hesitate or wait we may well lose our opportunity. We should show fiscal wisdom — not fiscal fear.

While there has been justified alarm at our growing bonded indebtedness, a close examination will show that Kentucky has one of the highest bond ratings of any of the states in the nation. Secondly, the state's present annual debt service requirements compared to the state's projected revenue will be only 7% in 1980. If you eliminate those bonded programs all of which are self-supporting and guaranteed by the federal government, that figure is reduced down to 5.5% A safe rule of thumb in the financial community for a state's sound financial planning would allow the ratio of debt service to revenues to be approximately 0%. Some states are as high as 18%.

I will be recommending a proposal on financial bonded indebtedness for your consideration. We cannot afford to play defense — we must start playing offense, because our opportunities are clear and will only be realized if we are willing to make the investment for the future.

But, I only ask that you spend your time and your energies and your teamwork on the critical issues of our time and save the monument makers for some other administration. Just remember, keep in mind that every bill you pass will be law for many years in the future and ask yourself is it really necessary.

I can only promise you one thing that however it is structured and whatever restraints or controls that may be necessary — that every investment will be committed with two considerations — one — return on investment — is it fair to the taxpayers according to location and geography.

Now, as I prepare to close and let you go about your business, it concerns me that you all will be proposing in this session some 1400 bills. I probably would feel better about it if you were proposing to eliminate 1400 bills.

Perhaps you should follow the story that in ancient Athens an Athenian who proposed legislation stood on a platform with a noose around his neck. If the legislation passed, the noose was removed. If the legislation failed, the platform was removed. All of us should keep the moral of this tale in mind.

The time has come for Kentucky to lay the golden egg to provide an economic future for all Kentuckians, to not only be better than the past, but among the leading states in this country.

Success is made through people and plans — especially when the opportunity is so apparent.

I have no interest in being Governor and accepting the status quo. No problem is too great that cannot be overcome. We have a very simple goal together and that is to make Kentucky great. You have your responsibility as do I have mine. You can't do it without me — I can't do it without you. I extend to you the best intentions and energies of my administration to make this session the most successful ever.

Representative B. Richardson moved that the Joint Session of the House and Senate be dissolved. Agreed.

The Speaker resumed the Chair.

Rule 12. Previous Question. When the previous question has been ordered, a vote shall be taken immediately upon the pending measure and such pending amendments as are in order. The effect of the previous question shall be to put an end to all debate; to prevent the offering of additional amendments and to bring the House to an immediate vote upon the measure and amendments aforesaid. The previous question may be ordered by a majority of the members elected. On the call of the roll, no member shall be allowed to speak more than three minutes to explain his vote and shall not speak at all if the question is not a debatable question. Adoption of a motion under this rule does not prevent the offering of additional amendments.

Rule 14. Motion to Reconsider. A motion to reconsider a vote shall not be in order unless made by a member who voted upon the prevailing side of the question; nor shall such motion be in order unless made within two legislative days in which the House is in session next after the date the vote was taken; however, the motion to reconsider when coupled with the additional motion to lay that motion upon the table may be made by any member.

Rule 15. Motion to Lay on Clerk's Desk. The effect of the adoption of a motion to lay on the Clerk's desk under these rules is to place in charge of the Clerk the pending question and everything adhering to it. A motion laid on the Clerk's desk may be taken from the desk and proceeded with at any time in the same order as when laid on the Clerk's desk.

Rule 16. Motion to Strike Out Enacting Clause. A motion to amend by striking out the enacting words of a bill or resolution shall have precedence over a motion to amend; and, if adopted, shall have the same effect as though the bill or resolution were regularly voted upon and rejected.

The ruling of the chair shall be subject to an appeal to the House. A member offending the House shall be liable to censure.

Rule 24. Debate. No member may speak more than once to the same subject until all members desiring to be heard have spoken, but nothing in this rule shall do away with the previous question if then in effect, nor permit debate on an undebatable motion.

No member shall speak more than thirty minutes in the aggregate on any question or measure, at the end of which period, or any portion thereof, the floor shall be returned to the Speaker.

Rule 25. Members Shall Vote at Seats. A member shall vote only when at his seat or visibly approaching it.

One copy shall be used by committees; one copy shall be for the use of the press and shall be given to a person designated by the press club; and one copy shall be retained by the Legislative Research Commission for its work file. Each copy shall be backed with a protective cover, as provided for this purpose by the Legislative Research Commission. The title of the bill, or a portion thereof, and the signature of the member introducing the bill shall be placed on each cover.

In all bills, as introduced and as printed, which seek to amend existing sections of the Kentucky Revised Statutes, any new matter contained therein shall be underscored; and when an amendment proposes the omission or elimination of matter in an existing law, such omission or elimination shall be indicated on the typewritten bill and on the printed bill by placing the material proposed to be eliminated in brackets. The Legislative Research Commission staff shall see that all bills introduced conform with the Automated Legal Text Entry and Revision System method of preparation. The last two legislative days preceding the veto recess shall be reserved by the House exclusively for the business of concurring in amended House bills.

The chairman of the committee to which the measure has been referred may, at any time after a request for posting form is filed with the committee by the sponsor, determine that a fiscal analysis is required on any measure not carrying a fiscal note. The chairman upon such determination shall cause a fiscal analysis to be made by the Legislative Research Commission and a fiscal note attached prior to posting the measure for consideration.

After posting the measure a majority of the committee may determine that a fiscal analysis is required on any measure not already carrying a fiscal note and shall direct the same to be accomplished and fiscal note attached with all dispatch. A committee may consider any measure on the date for which it is posted even if it is determined by the committee on that date that a fiscal analysis is required, however, no final action shall be taken by the committee upon said measure until a fiscal note is presented to the committee and attached to the measure.

Any member proposing to amend from the floor a bill or resolution which carries a fiscal note or if the proposed amendment itself carries a fiscal implication, the member proposing the amendment shall cause a fiscal analysis of the amendment to be made and a fiscal note attached to the proposed amendment at the time of introduction. In the event an amendment is introduced without a fiscal note, any member may raise the question of fiscal implication to the amendment by a motion and by majority vote require a fiscal analysis to be made and a fiscal note attached to the amendment. If a fiscal analysis and note is required by the membership, action on the bill or resolution to be amended along with the proposed amendment shall be passed over in the Orders of the Day but retained in the Orders of the Day. A fiscal note required by the membership shall be filed and attached to the amendment prior to the convening of the session of the next legislative day. In the event it is impossible to complete the analysis and prepare a fiscal note before the convening of the session on the next legislative day, the Director of the Legislative Research Commission shall so advise the membership by letter and state a time in which the same can be completed and filed with the House.

If the Director of the Legislative Research Commission certifies that the fiscal note cannot be completed within the prescribed time, the amendment shall not be in order unless the members, by majority vote, determine either: (1) act on the amendment and the bill or resolution without the benefit of the fiscal note, or to (2) pass over the bill or resolution in the Orders of the Day and allow it to be retained in the Orders of the Day until the fiscal note is filed.

Rule 52. Proposed Administrative Regulations. (1) Before committee consideration of any bill originating in the House, which contains the authority for any agency, board or political subdivision of state government to promulgate regulations, the bill shall have attached a copy of a statement of legislative intent for the bill, including a summary of guidelines to be followed in preparing regulations pursuant to the bill.

Every committee shall have the exclusive right to determine whether the summary submitted meets the requirements of this rule. The committee may waive the provisions of this rule by majority vote, and shall acknowledge on its committee report the receipt of and consideration of the matters submitted with the bill pursuant to this rule.

The purpose of the requirements of this rule is to inform the House of the general scope of the regulations authorized by the bill and to provide a permanent record of legislative intent; and pursuant thereto, when any bill subject to the provisions of this rule becomes law the Director of the Legislative Research Commission shall cause to be filed with the Administrative Regulation Review Subcommittee of the Legislative Research Commission the summary of the regulations submitted with the bill to be used by the Administrative Regulation Review Subcommittee when reviewing regulations promulgated pursuant to the bill. The Administrative Regulation Review Subcommittee shall use the material submitted with the bill to determine legislative intent.

Nothing contained in this rule shall preclude the promulgation of regulations differing from those filed or summarized and submitted with the bill.

(2) This amendment of the Rules of the House of Representatives shall apply only to bills introduced after the 1978 General Assembly.

Rule 53. Reference of Bills. The Committee on Committees shall refer all bills to the proper standing committee not later than the second day in which the House is in session after the date of introduction. When a House bill has been amended in the Senate and has been returned to the House for concurrence in the amendment, it may be referred to a committee in the same manner as original bills are referred. Bills originating in and passed by the Senate when reported to the House shall be referred to the Committee on Committees and shall take the same course as other bills.

Rule 54. Printing of Bills. Upon receipt of a bill, the Legislative Research Commission shall examine the form of the bill to ensure that it is free from errors of form or typography and has been assigned the proper KRS section or chapter numbers. If a formal change is necessary the Commission shall request the sponsor of the bill to sign a form approving the specified changes. If a bill is found to be correct, or corrections have been approved, the Commission shall authorize its printing.

The Legislative Research Commission shall have printed at least two hundred copies of each bill or resolution carrying the force and effect of law introduced in the House and of each bill or resolution carrying the force and effect of law acted on by the Senate and reported to the House. Bills shall be printed in the order in which they are introduced and shall be distributed to members immediately upon receipt from the printer.

Rule 55. Readings of Bills. If a bill be reported with the expression of opinion that it should not pass a vote may then be taken on whether it shall be read at length and be placed on the Calendar, if a majority of the members elected to the House shall concur therein. When reported favorably by the committee, the bill shall then be given its first reading at length and shall be placed by the Commission staff upon the Calendar to be kept by the staff, and shall then be entitled to its second reading the next succeeding legislative day.

Every bill shall be read at length on three different legislative days; but the second and third readings thereof at length may be dispensed with by a majority of all the members elected to the House and the bill read by its title.

Rule 56. Calendar; Consent Calendar. (1) In order to reduce the time required for final passage of bills posted in the Orders of the Day, a consent procedure for the consideration of uncontested bills shall be established and designated as follows:

(a) The Commission staff shall keep a Regular Calendar and a Consent Calendar for each legislative day showing the bills receiving their second reading.

(b) The Commission staff shall also keep a Regular Orders and a Consent Orders showing bills posted for final passage by the Rules Committee.

(2) Bills reported by a Standing Committee with a regular "should pass" or "should pass with committee amendment/substitute attached" recommendation shall be shown in the Regular Calendar on the day on which they are entitled to a second reading.

(3) A Standing Committee may at the time of favorably reporting any House or Senate Bill, recommend that it be placed in the Consent Calendar provided:

(a) The primary sponsor has so requested when it is a House Bill, and

(b) The bill receives a "should pass" or "should pass with committee amendment/substitute attached" recommendation from such committee by a unanimous vote of the members present.

Any House or Senate Bill thus reported shall be first placed in the Consent Calendar on the day on which it is entitled to a second reading and shall continue to be shown in said Calendar until taken therefrom by the Rules Committee and posted in the Consent Orders. Bills receiving a second reading should be so designated to distinguish them from bills which have already received their second reading.

(4) A certificate shall be attached to each bill recommended for the Consent Calendar showing the request of the sponsor of any House Bill, and the unanimous recommendation of the members present signed by the Chairman.

(5) After a sufficient number of bills have accumulated in the Consent Calendar, the Rules Committee may post any or all of said bills to the Consent Orders for a day certain. On that day certain the Consent Orders shall be called before the Regular Orders.

(6) Upon the call of the Consent Orders each bill in said Orders shall be given a third reading by title only. The Speaker shall then allow a reasonable time for questions from the floor and any explanation necessary by the sponsor or committee chairman. Consent Order bills may not be amended from the floor.

(7) The Commission staff shall attach a roll call to each bill in the Consent Calendar and any member may at any time prior to passage of the Consent Orders record with the Commission staff his "nay" or "pass" vote on any bill within the Consent Calendar or Consent Orders.

(8) The vote on the Consent Orders shall be taken by use of the Electrical Voting System.

(9) Upon the written petition of any five members objecting to the placement or retention of any bill in the Consent Calendar or Consent Orders, such bill shall cease to be so considered and shall be placed in the Regular Calendar or Regular Orders as provided in these rules.

Rule 57. Orders of the Day. When a bill has had its second reading it shall be placed in the Orders of the Day, or be recommitted, and when next reached in the House it shall be ready for recommitment, or to be read a third time and placed upon its passage, and the Speaker shall so announce to the House.

A bill may be recommitted or amended in accordance with these rules at any time before its passage. Bills shall be placed in the Orders of the Day in the order in which they have been given their second reading, and shall be taken therefrom in accordance with Rule 41. When a House bill is in the Orders of the Day, it shall be in order on motion of the author to substitute for it an identical Senate bill which is in the Calendar of the House.

No bill shall be taken from the Orders of the Day unless it shall have been printed and previously distributed to members.

Rule 58. Final Passage. When a House bill has been amended in the Senate and the House has concurred in the amendment, the bill as amended shall immediately be placed upon its passage.

Rule 59. Amendments to Bills. All amendments offered shall be on sheets with a proper heading printed in black, furnished by the Commission staff, and shall bear the signature of the members offering the same. All amendments shall give the proper page and line of the printed bill. Three copies of each amendment shall be introduced. No amendment shall be in order that is not germane to the matter under consideration and unless it shall have been printed and previously distributed by the Clerk to members at least one legislative day prior to consideration of the bill or resolution and unless it complies with Rule 51 relative to fiscal analysis; and the Speaker, when the question is raised, shall rule as to the admissibility of the proposed amendment, subject to appeal to the House.

Rule 60. Engrossment of Bills. Every House bill and joint resolution, together with the amendments thereto, which has been passed by the House and not subject to further amendment or motion, shall be engrossed by the Commission staff and so certified by the Clerk, endorsing thereon the day of passage or adoption. The bill shall be delivered to the Senate in open session by the Clerk or someone designated by him, and Senate concurrence asked therein. A like procedure shall be observed toward Senate bills.

When engrossing a bill, the Commission staff may incorporate amendments by means of typing only. When an amendment strikes out any part of the original it shall be indicated in the engrossed copy by one parallel line over the part to be stricken out, in such a way as not to render illegible the original words.

Rule 61. Enrollment of Bills. All House bills and resolutions which have passed both the Senate and the House shall be delivered by the Commission staff to the Enrolling Clerk, taking a receipt therefor, in the order in which passed. The Commission staff shall keep the number and title of all bills and joint and concurrent resolutions carrying the force and effect of law, passed by the House of Representatives and the Senate in a suitable record book attesting the fact and date of passage.

In the event a bill which originates in the House is amended by the Senate and the House concurs in the amendments proposed and adopted by the Senate, the Commission staff shall engross said amendments in the original copy of the House bill, attested by the Clerk, before delivering the bill to the Enrolling Clerk of the House. The Enrolling Clerk shall then cause the original bill as attested by the Chief Clerk and the safety copy of the bill as delivered from the Senate to conform to each other by typing in indelible typewriter ink or by writing in red ink the amendments engrossed in the original bill in the safety copy. In cases of extreme emergency and during the last three days prior to sine die adjournment, where no correct printed copy is available, the Enrolling Clerk may enroll such bill or resolution by typing the same on safety paper or by enrolling the same in long-hand.

The original bill or resolution and a printed copy upon safety paper in the exact form as finally passed shall be certified to by the Enrolling Clerk and delivered to the Committee on Enrollment. The Committee on Enrollment and the Enrolling Clerk shall jointly compare the original bill with the enrolled copy, and if the enrollment is ascertained to be correctly done, the Committee shall report the same to the House. If any bill or resolution is found not correctly enrolled, it shall be returned to the Enrolling Clerk to be properly enrolled and delivered to the Committee on Enrollment as is first provided herein.

Rule 62. Signing of Bills. The Enrolling Clerk of the House shall deliver the original and enrolled copies of House bills and resolutions signed by the Speaker to the Chairman of the Enrollment Committee of the Senate for presentation to the President of the Senate for his signature. When signed by the President of the Senate, the enrolled bill or resolution and the original copy thereof shall be returned by the Enrolling Clerk to the Clerk of the House who shall present the enrolled bill or resolution to the Governor for his approval and take his receipt for same.

Rule 63. Resolutions. Resolutions having the force and effect of law shall be treated and considered as bills in all respects under these rules. However, simple resolutions expressing the will of the House and all resolutions recommending a study by an interim committee may be considered for adoption after receiving a recommendation from a standing committee and being posted for passage by the Rules Committee. All resolutions recommending a study by an interim committee shall include an approximate cost of the proposed study.

Rule 64. Legislative Citations. For the purpose of extending the commendations, condolences or congratulations of the General Assembly to a particular person, or to recognize a particular event or occasion, there may be issued a "Legislative Citation." Citations may not be used for procedural matters, matters of a controversial or partisan political nature, nor in place of resolutions memorializing the U.S. Congress, but only when appropriate to express the feeling of the House or of the General Assembly with reference to a person or event.

Each such citation shall be prepared in single copy on an artistically designed form, suitable for framing, shall bear the signature of the sponsor and the name of the person or event cited, and upon adoption shall be spread at length upon the Journal. Citations shall be considered in the order of business "Motions, Petitions and Communications," and without objection shall be adopted *en bloc* after reading individually by title. Citations shall be offered for consideration through presentation to the Clerk.

A resolution shall not be accepted for introduction if offered in lieu of a Legislative Citation.

(b) A statement of the amount of each tax bill upon such parcel, including all tax bills thereon which are delinquent, the year of the assessment, the block, lot and sub-lot of each tax bill and the date from which the rate at which interest and penalties shall be completed, and an appropriate designation of the owner or holder of each tax bill.

(5) Any number of parcels of real estate may be joined in one petition or suit. Each separate tract or parcel of real estate joined in any one action shall be listed by the collector by its block, lot and sub-lot and shall be separately indexed and docketed by the circuit court clerk in a book kept by the clerk for that purpose. For each parcel of real estate, the circuit clerk shall be allowed a fee of fifty (50) cents which shall be taxed and paid as other costs.

(6) The petition shall state the liens held on the properties by others making them defendants, and may ask for and obtain a judgment for sale of the property to satisfy all of the liens which are known to exist, though the defendants fail to assert their claim. The defendants shall not, however, be allowed to withdraw or receive any of the proceeds of the sale, until they have shown their right thereto by answer or cross-claim, which shall be asserted as provided in the Kentucky rules of civil procedure.

(7) An answer may be filed by any person owning or claiming any right, title or interest in or to any tax bill constituting a tax lien on the real estate described in the petition, or by any person owning or claiming any right, title or interest in or to, or lien upon, such real estate. An answer shall include the nature and amount of the interest and any defense or objection to the enforcement of the tax liens listed in the petition and may include the allegations usually incorporated in pleadings entitled cross-petitions, cross-complaints, interpleas, or intervening petitions.

(8) In the event of failure to answer within the time fixed, a default judgment may be taken as to all tax bills affecting parcels of real estate as to which no answer has been filed.

SECTION 5. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

Affidavits of publication of notice and of posting, mailing, or other acts required by the provisions of this Act shall be filed in the office of the circuit clerk prior to the trial, and when so filed shall constitute part of the evidentiary document in the enforcement suit. The affidavits shall be prima facie evidence of the performance of acts therein described, and may be so used in the trial of the suit unless challenged by verified answer duly filed in the suit.

SECTION 6. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

All parties and defendants known or reasonably ascertained to have an interest in any parcel of real estate affected by any action by the collector shall be served with a summons pursuant to the Kentucky rules of civil procedure and in addition, within thirty (30) days after the filing of the suit with the circuit clerk the collector shall cause a notice of enforcement of the tax lien to be published four (4) times, once each week, during successive weeks, and on the same day of each week, in accordance with the provisions of KRS Chapter 424 relating to legal notices.

SECTION 7. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

(1) Any suit to collect delinquent tax bills which may be pending at the time of the commencement of any suit brought under the provisions of this Act, affecting the same land, shall be consolidated with such suit brought under this Act. The parties to the pending suit shall file answers, but any tax bill sought to be collected in any pending suit may be included in any list included as a part of any petition filed by the collector. If so included, the inclusion shall act as an abatement of any pending suit, and all amounts then due on any such tax bill, including interest, penalties and costs, shall be listed and charged, and shall continue in force the liens against the respective parcel of real estate listed in the petition filed pursuant to the provisions of this Act. When so listed and included in the petition, no answer shall be required to be filed in the collector's suit to collect the delinquent bills.

(2) Any suit brought under the provisions of this Act, involving delinquent tax bills sought to be collected by any suit pending at the time suit is brought under this Act, shall be tried as all other actions, and the statute of limitations shall not prevent the parties to such pending suit from asserting all rights and defenses which they then have.

SECTION 8. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

(1) Upon the trial of the cause upon the question of enforcement, the tax bill shall be prima facie proof that the tax described in the tax bill has been validly assessed at the time indicated by the tax bill and that the tax is unpaid. Any person alleging any jurisdictional defect or invalidity in the tax bill or in the sale thereof must particularly specify in his answer the defect or basis of invalidity, and must, upon trial, affirmatively establish the defense.

(2) After the court has first determined the validity of the tax liens of all tax bills affecting parcels of real estate described in the petition, the priorities of the tax bills and other interest and the amount due thereon, including principal, interest, penalties and costs, the court shall enter judgment of sale of the property and fix the time and place of the judgment sale.

(3) The petition shall be dismissed as to any parcel of real estate released or redeemed prior to the time fixed for the master commissioner's sale as provided in this Act.

(4) If the parcel of real estate sold at the master commissioner's judgment sale is sold for a sum sufficient to fully pay the principal amount of all tax bills included in the judgment together with interest, penalties and costs, and for no more, and such sale is confirmed by the court, then all other proceedings as to such parcels of real estate shall be finally dismissed as to all parties of interest other than tax bill owners or holders; provided, however, that any party seeking relief other than an interest in or lien upon the real estate may continue with said suit to a final adjudication of such other issues. An appeal may be had as to any claim attacking the validity of the tax bill or bills or the priorities as to payment of proceeds of the judgment sale.

(5) If the parcel of real property sold at the master commissioner's sale is sold for a sum greater than the total amount necessary to pay the principal amount of all tax bills included in the judgment, together with interest, penalties, and costs, and the sale is confirmed by the court, and no appeal is taken by any person claiming any right, title or interest in or to or lien upon the parcel of real estate or by any person or taxing authority owning or holding or claiming any right, title or interest in or to any tax bills within the time fixed by law for the filing of notice of appeal, the court shall order the master commissioner to make distribution to the owners or holders of the respective tax bill included in the judgment of the amount found to be due and in the order of priority. Thereafter, all proceedings in the suit shall be ordered by the court to be dismissed as to such persons owning, holding or claiming any right, title or interest in any such tax bill paid, and the case shall proceed as to any parties claiming any right, title or interest or lien upon the parcel of real estate affected by such tax bill as to their respective claims to the surplus funds then remaining in the hands of the court.

(6) Whenever an answer is filed to the petition, a severance of the action as to all parcels of real estate affected by such answer shall be granted, and the issues raised by the petition and the answer shall be tried separate and apart from the other issues in the suit, but the granting of the severance shall not delay the trial or other disposition of any other issues in the case.

(7) A separate appeal may be taken from any other issue in the case. A separate appeal may be taken from any action of the court affecting any right, title or interest in or to, or lien upon, such real estate, other than issues of law and fact, affecting the amount or validity of the lien of tax bills, but the proceeding to enforce the lien of any tax bills shall not be stayed by the appeal. The trial shall be conducted by the court without the aid of a jury. This action shall take precedence over and be triable before any other actions affecting the title to the real estate upon motion of any interested party.

SECTION 9. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

After the trial of the issues, the court shall render judgment as promptly as circumstances permit. If the court finds that no tax bill was delinquent when the suit was instituted or tried then the judgment of the court shall be that the cause be dismissed as to the parcels of real estate described in the tax bill. If the evidence warrants, the judgment may be for the principal amount of the delinquent tax bill upon the real estate upon which the suit was brought, together with interest, penalties, appraiser's fee and cost computed as of the date of the judgment. The court may decree that the lien upon the parcel of real estate described in the tax bill be enforced and such real estate be sold by the master commissioner and the cost continued for further proceedings as provided by this Act.

SECTION 10. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

(1) At any time prior to the sale of the property any person having any right, title or interest in, or lien upon, any parcel of real estate described in the petition may redeem the parcel of real estate by paying

to the collector all of the sums mentioned therein, including the principal, interest, penalties, and costs then due.

(2) If the property is sold, and pursuant to the judgment or order of the court, does not bring two-thirds (⅔) of its appraised value, the defendant or his representative may redeem it within sixty (60) days from the day of the sale, by paying the purchaser or his representatives the original purchase money and interest at ten percent (10%) per annum. Any defendant who redeems his land shall take a receipt from the purchaser and lodge it with the clerk of the court. The receipt shall be entered upon the records of the court.

(3) The defendant may tender the redemption money to the purchaser, his agent or attorney, if found in the county where the land lies or in the county in which the judgment was obtained or order of sale made. If the money is refused, or if the purchaser does not reside in either of the counties, the defendant may, before the expiration of the right of redemption, go to the clerk of the court in which the judgment was rendered or the order made, and make affidavit of the tender and refusal, or that the purchaser or his agent or attorney do not reside in either of the counties. He may then pay to the clerk the redemption money, and the clerk shall give receipt therefor and file the affidavit among the papers of the action.

(4) When the rights of redemption exist, the defendant may remain in possession of the property until it expires. Real property so sold shall not be conveyed to the purchaser until the right of redemption has expired. If it is redeemed, the sale shall, from and after the redemption or from and after the deposit of the redemption money with the clerk, be null and void.

(5) In the event of failure to redeem within the period provided for redemption, the defendant or any other party in interest shall be barred forever of all his right, title and interest in and to the parcel of real estate described in the petition.

(6) Upon redemption, as permitted by this section, the person redeeming shall be entitled to a certificate of redemption from the collector describing the property in the same manner as it is described in the petition and the collector shall thereupon note on his records the word "redeemed" and the date of the payment opposite the description of the parcel of real estate.

SECTION 11. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

(1) Upon the confirmation of the sale by the court and the expiration of the right of redemption provided in Section 10 of this Act, the title to any real estate purchased from the master commissioner pursuant to this Act shall vest in the purchaser. The title of the real estate shall be an absolute estate in fee simple, subject to rights of way of public utilities on which tax has been otherwise paid and subject to any lien of the United States of America, if any. All persons, including the Commonwealth of Kentucky, infants, incompetents, absentees, and non-residents who may have had any right, title, interest, claim or equity of redemption in or to, or lien upon the land shall be barred of all right, title, interest, claim, lien or equity of redemption, and the court shall order that immediate possession of the real estate be given to the purchaser.

(2) The title shall be subject to the liens of any tax bill which may have attached to the parcel of real estate prior to the time of the filing of the petition affecting such parcel of real estate not then delinquent, or which may have attached after the filing of the petition and prior to the expiration of the period provided for redemption and not included any answer to such petition.

(3) If the parcel of real estate is sold to the city, the title shall be free of any liens to the extent of the interest of any taxing authority in any such real estate.

(4) The title shall not be subject to the lien of special tax bills which have attached to the parcel of real estate but the lien of the special tax bill shall attach to the proceeds of the master commissioner's sale or to the proceeds of the ultimate sale of the parcel by the city.

SECTION 12. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

(1) After the master commissioner sells any parcel of real estate, the court shall, upon its own motion or upon motion of any interested party, set the cause down for hearing to confirm the sale, even though such parcels are not all of the parcels of real estate described in the notice of the master commissioner's sale.

(2) If the sale is confirmed, the court shall order the proceeds of the sale applied in the following order:

(a) To the payment of the cost of publication of the notice of the master commissioner's sale;

(b) To the payment of all costs including appraiser's fees; and

(c) To the payment of all tax bills adjudged to be due, including principal, interest and penalties. If after such payment, there is any sum remaining of the proceeds of the commissioner's sale, the court shall try and determine the other issues in the suit in accordance with the trial. If any of the answering parties has specifically appealed, the court shall retain custody of the funds pending disposition of the appeal, and upon disposition of the appeal shall make distribution. If there are not sufficient proceeds of the sale to pay all claims in any class described, the court shall order them to be paid pro rata in accordance with the priorities.

(3) If there are any funds remaining of the proceeds after the commissioner's sale and after the distribution of the funds as herein set out and no person entitled to any such funds, whether or not a party

to the suit, shall have appeared within two (2) years after the sale, and claimed the funds, they shall escheat to the state as provided in KRS Chapter 393.

SECTION 13. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

The collector or any interested person or anyone on behalf of any incompetent may appeal from the judgment confirming or disapproving the commissioner's sale and the distribution of proceeds. No questions may be raised upon the appeal that could have been raised upon an appeal from the judgment of the sale. The appeals shall be taken within thirty (30) days after the date of the judgment. The necessity for giving bond and the provisions thereof shall be the same as in the case of appeal from the judgment of sale.

SECTION 14. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

If any party redeems any parcel of real estate from the lien of any tax bill, the party shall, in addition to all other amounts then due, including principal, interest, and costs, also pay costs to the collector as follows:

(1) One dollar ($1) per parcel of real estate for issuance of certificate of redemption;

(2) Five dollars ($5) per parcel of real estate, if notice of publication has been commenced; and

(3) Five dollars ($5) as an additional charge for parcel of real estate if notice of the commissioner's sale has been commenced.

SECTION 15. A NEW SECTION OF KRS CHAPTER 91 IS CREATED TO READ AS FOLLOWS:

Any property or real estate acquired by the city by virtue of purchase at the commissioner's sale shall be held by the city and any property so held may be sold, transferred, leased or otherwise utilized by the city within its sole discretion.

Section 16. KRS 91.420 is amended to read as follows:

During December of each year or as soon as the rates for the coming year are fixed, the tax bills shall be made out according to the provisions of the ordinances levying taxes and the following January shall be listed with the *collector* [tax receiver] for collection. Taxes on personal property may be included with those on some one (1) parcel of land and improvements. Any tax bill so listed with the *collector* [tax receiver] shall be prima facie proof that all steps have been taken to make it a binding tax bill for the amounts and purposes and against the person and property therein named or described.

Section 17. KRS 91.430 is amended to read as follows:

(1) Tax bills shall be payable in January after the same are listed with the *collector* [tax receiver] for collection, and shall become delinquent on May 1 of the year for which they are made out.

(2) The taxes paid before May 1 in the year for which they are made out may be reduced by discounts [not to exceed three per cent (3%) during such periods and] in such amounts as the legislative body of the city may provide by ordinance.

(3) All tax bills uncollected in whole or in part on May 1 next succeeding the day on which they were listed with the *collector* [tax receiver] shall thereafter bear interest at the rate *prescribed by ordinance* [of one-half of one per cent (.5%)] for every month or fraction thereof from May 1 until paid or until the property of the delinquent has been sold for the tax.

(4) On July 1 next succeeding the day on which the tax bills were listed with the *collector* [tax receiver], a penalty *in an amount prescribed by ordinance* [of ten per cent (10%) of the face of the bill] shall be added to all unpaid tax bills, in addition to the interest.

Section 18. KRS 91.450 is amended to read as follows:

Within a reasonable time after the tax bills for the year have been listed with the *collector* [tax receiver], he shall mail a postpaid tax notice, directed to the best of his knowledge, to every person against whom a tax bill has been listed. In the case of an infant or mentally ill person the notice shall be mailed to his guardian or committee, and in the case of an absent owner whose address is unknown to the *collector* [tax receiver] it shall be mailed to the agent of the owner. The tax notice shall give a brief description of the property taxed, and shall state the number and amount of the bill listed against the taxpayer, the date of its maturity, and the penalties imposed for nonpayment. The failure of the *collector* [tax receiver] to send the tax notice, or of the taxpayer to receive it, shall not invalidate the tax, or the interest or penalties provided for by KRS 91.430, or any subsequent proceeding for the collection of either.

Section 19. KRS 91.990 is amended to read as follows:

(1) Any treasurer and secretary of the sinking fund of a city of the first class who appropriates to his own use any money or property belonging to the sinking fund, or who fails or refuses to surrender any books, papers, money or other thing of value to his successor in office, or to any person legally entitled to receive the same, shall be confined in the penitentiary for not less than one (1) nor more than ten (10) years.

(2) Any person who violates any of the provisions of subsection (2) of KRS 91.300 shall be liable to any person injured thereby, and shall be fined not more than one thousand dollars ($1,000) or imprisoned for not more than six (6) months, or both.

(3) Any *collector* [tax receiver] who makes a false report under *Section 2 of this Act* [KRS 91.460] shall be liable to the person injured for all costs, penalties and damages caused thereby.

(4) Any corporation, or officer thereof, wilfully failing to make the reports required by KRS 91.640, shall be fined one hundred dollars ($100) for each offense, and five dollars ($5) for each day the report is not made after October 1 of the year in which it is due.

SECTION 20. A NEW SECTION OF KRS CHAPTER 92 IS CREATED TO READ AS FOLLOWS:

In addition to those powers granted in this chapter for the collection of ad valorem taxes, any city of the second through the sixth class may enforce collection of any tax bill due it by the procedure authorized by the provisions of this Act.

HCR 4, A CONCURRENT RESOLUTION directing the formation of a long term plan for stabilization and decommissioning of a nuclear waste disposal site and providing for legislative oversight.

WHEREAS, a nuclear waste disposal facility in Kentucky has shown evidence of subsurface migration of radioisotopes and serious hydrological problems creating doubts as to its long term safety and integrity; and

WHEREAS, some progress has been made in attempting to address the immediate water management problems on-site; and

WHEREAS, there is now a need to develop and implement a long range plan to permit the stabilization and to move toward permanent decommissioning of the site; and

WHEREAS, the Kentucky General Assembly commends the actions of the executive agencies to protect public health and is desirous of joining forces to involve the people of Kentucky in decisions concerning nuclear issues; and

WHEREAS, it is the belief of the General Assembly that nuclear issues are of such a serious, technical, and long term nature that the expertise available in the Commonwealth should be tapped and brought to bear on this topic;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the Legislative Research Commission be directed to appoint a Special Advisory Committee on Nuclear Issues consisting of membership from both houses of the legislature, which shall choose from among its members a chairperson and vice-chairperson, by mutual agreement. In addition, the Legislative Research Commission shall appoint to the committee members recognized as experts in areas related to nuclear issues, representatives from environmental groups, and lay members representing the general public, but in no case shall total membership exceed fifteen (15) members.

Section 2. That the Special Advisory Committee shall assume an oversight role on behalf of the Kentucky General Assembly on all matters pertaining to the nuclear industry and nuclear waste disposal during the 1980-82 interim. The Committee shall meet at least quarterly and shall report its findings and recommendations to the Legislative Research Commission and the 1982 General Assembly no later than January 1, 1982.

Section 3. That the Department for Natural Resources and Environmental Protection in consultation with the Department for Human Resources move expeditiously to develop and implement a long term plan for the stabilization and eventual decommissioning of any nuclear waste disposal site owned by the Commonwealth on the effective date of this Act with the objective of leaving the site in a condition such that the need for active ongoing maintenance is eliminated and only surveillance and monitoring are required.

Section 4. That the Department for Natural Resources and Environmental Protection report to the Special Advisory Committee on Nuclear Issues on the progress of such long term plan and implementation of such plan no less than two (2) times a year.

Section 5. It is estimated that the operation of the Committee and the provision of staff services will cost approximately $20,000, such monies to be provided from the regular budget of the Legislative Research Commission.

HB 98, AN ACT relating to radioactive waste.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

It is the findings of the General Assembly of the Commonwealth of Kentucky that the original concept of shallow-land nuclear burial sites has not been met in Kentucky in that measurable amounts of radioactivity have been released to the surrounding environment from an existing nuclear waste facility. The mechanism for providing for the financing of perpetual care and maintenance of such a site has proven to be inadequate and also did not take into consideration early closing of the site. The detection of radioactivity in a new unused trench on such site provided unequivocal evidence that migration of radioactive liquids can and did occur in a subsurface manner. Current knowledge of the complex geologic and hydrologic features of such site is insufficient to develop a model capable of predicting future behavior of the site. It is the intent of the General Assembly that because of these problems, the existing site should remain closed unless solutions are found which will assure site safety and integrity and remedy all of the aforesaid problems. It is at this time in the best interest of the public health and safety of the citizens of the Commonwealth that the state maintain ownership and, thus, ultimate decision-making authority over nuclear waste sites located within its borders.

SECTION 2. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

(1) The governor, the secretary of the department for human resources, the secretary of the department for natural resources and environmental protection or any other state agency shall not enter into a contract or an agreement of any kind with the federal government relinquishing ownership of a low level nuclear waste disposal site located in the Commonwealth without prior approval of a majority of the members of the Kentucky house of representatives and a majority of the members of the Kentucky senate.

(2) It shall be the policy of the Commonwealth to retain final authority for approving or disapproving the locating, opening, closing, or reopening of a nuclear waste disposal site or facility within its borders.

(3) The governor or appropriate state agencies may enter into contracts and agreements with the federal government relating to nuclear waste disposal sites located in the Commonwealth on the effective date of this Act that do not violate the provisions of subsections (1) and (2) of this section.

SECTION 3. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

(1) Any nuclear waste disposal facility, licensed and regulated by the Kentucky department for human resources, which is closed either because there is doubt as to the public safety of the site, the integrity of the site, the economic feasibility of financing perpetual care and maintenance and decommissioning of the site, or compliance with departmental regulations, shall not re-open without:

(a) A finding of fact by the secretary of the department for human resources and the secretary of the department for natural resources and environmental protection that all reasons for site closure have been addressed and resolved such that there is no longer any doubt as to the public safety or integrity of the site or the ability to adequately finance the perpetual care and maintenance and decommissioning of the site or the compliance of the site with departmental regulations; and

(b) A public hearing and the taking of public comment on such findings of fact; and

(c) Approval of a majority of the members of the house of representatives and a majority of the members of the senate; and

(d) Approval of the governor.

(2) The department for human resources shall be responsible for organizing the public hearings, which shall be held in the county in which the nuclear waste disposal facility is located and shall be at a time and place convenient for public participation. Adequate notification shall be given to the public of the intention to re-open a nuclear waste disposal site and the department shall make available to the public the data and information upon which its decision to recommend approval of re-opening of the site is based.

SECTION 4. A NEW SECTION OF KRS CHAPTER 211 IS CREATED TO READ AS FOLLOWS:

The department for natural resources and environmental protection shall proceed toward the stabilization and decommissioning of any nuclear waste facility owned by the Commonwealth on the effective date of this Act as expeditiously as is reasonably possible in order to place the facility in such a condition that active ongoing maintenance is eliminated and only surveillance and monitoring are required.

SECTION 5. A NEW SECTION OF KRS CHAPTER 45 IS CREATED TO READ AS FOLLOWS:

(1) Appropriations for the capital construction and for the operating budget of a nuclear waste disposal site owned by the Commonwealth shall be set forth as a major program cost in the executive budget document for the department for natural resources and environmental protection.

(2) Appropriations for the regulating and monitoring of a nuclear waste disposal site owned by the Commonwealth shall be set forth as a major program cost in the executive budget document for the department for human resources. Monitoring and water sampling and analyses shall be maintained and budgeted for at a level to provide frequent and continuing evidence of the safety of the site.

(3) Operating costs associated with the daily maintenance of the site in excess of allocations budgeted to the department for natural resources and environmental protection, regulating and monitoring costs associated with normal surveillance of the site in excess of allocations budgeted to the department for human resources and costs associated with an emergency at the site so declared by the governor shall be deemed necessary governmental expenses.

(4) In the event a request for funds is made pursuant to subsection (3) of this section, a copy of such request and the justification for additional funds shall be forwarded to the office of the legislative research commission at the time the request is made. The legislative research commission or its designated subcommittee may request further explanation of the need for additional funds.

(5) Subsections (3) and (4) of this section shall apply only to sites located in the Commonwealth prior to the effective date of this Act.

The Committee on Appropriations and Revenue reported **HB 146,** with Committee Substitute attached thereto, and **HB 147,** with Committee Substitute attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

(2) An annual ad valorem tax for state purposes of one and one-half (1 ½) cents upon each one hundred dollars ($100) of value shall be paid upon the following classes of intangible personal properties, when such intangible personal properties have not acquired a taxable situs without this state:

(a) Accounts receivable, notes, bonds, credits, nondomestic bank deposits, and any other intangible property rights arising out of or created in the course of regular and continuing business transactions substantially performed outside this state.

(b) Patents, trademarks, copyrights and licensing or royalty agreements, relating thereto.

(c) Shares of capital stock of any affiliated company as defined in subsection (3) of this section and notes, bonds, accounts receivable and all other intercompany intangible personal property due from such company.

(3) "Affiliated company" shall mean a parent corporation or subsidiary corporation, as defined in KRS 141.205(3), and any corporation principally engaged in business outside the United States in which the owner or the person assessed directly or indirectly owns or controls not less than ten per cent (10%) of the outstanding voting stock.

(4) With respect to the intangible properties taxed pursuant to subsection (2) of this section, no other ad valorem tax shall be levied by the state or any county, city, school or other taxing district on such intangible properties, or directly or indirectly against the owner with respect thereto.

(5) Unmined coal and any interest therein, in whatever form held, including, but not limited to, leasehold and royalty interests shall be taxed at the rate of one-tenth of one cent ($.001) per one hundred dollars of assessed value.

(6) Thirty (30) cents of the thirty-one and one-half (31 ½) cents state tax rate on real property and thirty (30) cents of the forty-five (45) cents state tax on tangible personalty subject to local taxation shall be considered as local school district tax levies for purposes of computing any direct payments of state or federal funds to said districts as replacement for ad valorem taxes lost on property acquired by a governmental agency. Should the equivalency ever be less than thirty (30) cents, as certified by the department of education, the direct payments shall be reduced proportionately.

(7) The provisions of subsection (1) of this section notwithstanding, the state tax rate on real property shall be reduced to compensate for any increase in the aggregate assessed value of real property to the extent that such increase exceeds the preceding year's assessment by more than four percent (4%). In any year in which the aggregate assessed value of real property is less than the preceding year, the state rate shall be increased to the extent necessary to produce the approximate amount of revenue that was produced in the preceding year from real property.

(8) By *June* [July] 1 each year, the department of revenue shall compute the state tax rate applicable to real property for the current year in accordance with the provisions of KRS 132.020(6) and certify the rate to the county clerks for their use in preparing the tax bills. In the event the assessments for all counties have not been certified by *June* [July] 1, the department shall, when real property assessments *of* [equaling] at least seventy-five percent (75%) of the *total number of counties of the Commonwealth* [estimated total value of the real property assessments] have been certified, make an estimate of the *real property assessments of the* uncertified *counties* [amount] and compute the state tax rate.

Section 3. KRS 133.030 is amended to read as follows:

(1) The county board of assessment appeals shall convene at the county seat on the *third* [second] Monday in *April* [June] in each year; except that no meeting shall be held until the tax roll has been completed and the inspection period has been held as provided by law, or until revaluation of the property has been completed by the property valuation administrator at the direction of the department of revenue as provided by KRS 132.690 or by the department itself as provided by KRS 133.150. All records of the property valuation administrator, including all data concerning property sales within the preceding year, shall be available to the board while meeting.

(2) The first regular meeting day of the board shall be devoted to a review of the appeals filed with the county clerk as clerk of the board, including a review of recent sales of comparable properties provided

in accordance with the provisions of subsection (1) of this section, and an inspection of the properties involved in the appeals when in the opinion of the board such inspection will assist in the proper determination of fair cash value.

(3) The board of assessment appeals shall continue in session only such time as is necessary to hear appeals. The board shall not continue in session more than one (1) day if there are no appeals to be heard nor more than five (5) days after it convenes in each year, unless an extension of time is authorized by the department of revenue upon request of the county judge/executive. Each board member shall be paid not less than ten (10) nor more than twenty-five dollars ($25.00) for each day he serves, the amount to be fixed by order of the fiscal court annually prior to May 1. This compensation shall be paid one-half (½) out of the county levy and the other half out of the state treasury.

Such recapitulation shall show the assessment of real property by classification of real property and by taxing district. Within thirty (30) calendar days after receiving the recapitulation, the department of revenue shall direct the property valuation administrator to make any changes that are necessary to correct the real property assessment.

(2) The property valuation administrator shall complete the tax roll of all property in his county before the *second* [first] Monday in *March* [May] of each year in accordance with law, and on or before that date he shall file with the department of revenue, on blanks to be forwarded by the department, a recapitulation of all property assessed on said tax roll with his official certificate attached thereto. Such recapitulation shall show the assessment of property by types of property and by taxing districts. The property valuation administrator shall file with the department of revenue at the same time the schedules containing a list of the intangible personal property. Within thirty (30) calendar days after receiving the recapitulation the department of revenue shall direct the property valuation administrator to make any changes that are necessary to correct the assessment. The department of revenue shall preserve all recapitulations and schedules or a photographic facsimile thereof for a period of seven (7) years from the assessment date.

(3) At the time the property valuation administrator submits his real estate recapitulation and his total property recapitulation to the department he shall submit a copy of the recapitulations to the city clerk of each city in the county using the property valuation administrator's tax roll, the county judge/executive in each county, the treasurer or chief officer of each special district in the county, the chief administrative officer of the urban county and the superintendent of each local school district in his county.

Section 5. KRS 133.045 is amended to read as follows:

(1) The tax roll shall be open for inspection in the property valuation administrator's office for *twelve (12)* [five (5)] days beginning on the first Monday in *April* [June] of each year *and shall be open for inspection for six (6) days each week one (1) of which shall be Saturday.* In case of necessity, the department of revenue may order a reasonable extension of time for the inspection period of the tax roll or it may order that the inspection period be at a different time than that provided herein.

(2) The property valuation administrator shall cause to be published once during the week before the beginning of inspection period, as provided in subsection (1) of this section, in a display type advertisement, the following information:

(a) The fact that the tax roll is open for public inspection;

(b) The dates of the inspection period;

(c) The times available for public review of the tax roll; and

(d) Instructions which provide details on the manner in which a taxpayer may file an appeal, if he is aggrieved by an assessment made by the property valuation administrator.

[The property valuation administrator shall publish pursuant to KRS chapter 424, a notice as to the time of the inspection period.] The cost of such notice shall be paid by the fiscal court of the county. Such notice shall also be posted at the courthouse door. Failure to publish or post notices when the inspection period is at the regular time as provided in this section shall not invalidate assessments made by the property valuation administrator and recorded on the tax roll prior to the inspection period.

(3)[(2)] The tax roll shall be available to the public at reasonable times, other than that provided in subsection (1), and in a manner not unduly interfering with proper operation of the custodian's office and so long as the inspection of the roll or disclosure of information contained therein would not be detrimental to public interest or used for commercial or business purposes unrelated to property valuation and assessment.

Section 6. KRS 133.120 is amended to read as follows:

(1) Any taxpayer aggrieved by an assessment made by the property valuation administrator may appeal to the board of assessment appeals. *The taxpayer shall appeal his assessment by filing in person or sending* [, however, no appeals shall be accepted by the board of assessment unless] a letter or other written petition stating the reasons for appeal, identifying the property for which the appeal is filed and stating the taxpayer's opinion of the fair cash value of the property *with or to* [, shall be filed with] the county clerk within the *twelve* [five]-day period in which the inspection period [is held]. The board of assessment appeals may review and change any assessment made by the property valuation administrator upon recommendation of the department of revenue, county judge/executive, mayor of any city using the county assessment or the superintendent of any school district in which the property is located, provided, such recommendation is made to the board in writing specifying the individual properties recommended for review. If the board of assessment appeals determines that any such assessment should be increased, then it shall give the taxpayer notice in the manner required by subsection (4) of KRS 132.450, specifying a date when the board will hear the taxpayer, if he so desires, in protest of such increase. Any property owner who has listed his property with the property valuation administrator at its fair cash value, likewise may ask the county board of assessment appeals to review the assessments of properties he believes to be assessed at less than fair cash value, providing, he specifies, in writing the individual properties for which the review is sought and factual information upon which his request is based; such as, comparable sales or cost data. Nothing in this section shall be construed as granting any property owner the right to request a blanket review of properties or the board the power to conduct such a review.

(2) The board of assessment appeals shall hold a public hearing for each individual taxpayer appeal in protest of the assessment by the property valuation administrator filed in accordance with the provisions of subsection (1) of this section, and after hearing all the evidence, shall fix the assessment of the property at its fair cash value. The board shall report to the property valuation administrator any property omitted from the tax roll. The property valuation administrator shall assess such property and immediately give notice to the taxpayer in the manner required by KRS 132.450(4), specifying a date when the board of assessment appeals will hear the taxpayer, if he so desires, in protest of the action of the property valuation administrator.

(3) The board of assessment appeals shall have power to issue subpoenas, compel the attendance of witnesses, and adopt rules and regulations concerning the conduct of its business. Any member of the board shall have power to administer oaths to any witness in proceedings before the board.

(4) The powers of the board of assessment appeals shall be limited to those specifically granted by this section.

(5) No appeal under this section shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the court or the Kentucky board of tax appeals shall certify the valuation to the county clerk and the taxpayer shall be billed for any additional tax and six percent (6%) interest from the date when the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to such tax bill.

(6) Any member of the county board of assessment appeals may be required to give evidence in support of the board's findings in any appeal from its actions to the Kentucky board of tax appeals.

(7) It shall be the duty of the county attorney to represent the interest of the state and county in all hearings before the board of assessment appeals and on all appeals prosecuted from its decision. In the event the county attorney is unable to represent the state and county, he or the fiscal court shall arrange for substitute representation.

Section 7. KRS 133.125 is amended to read as follows:

(1) The county clerk, or an authorized deputy, shall act as clerk of the board of assessment appeals; and where additional board panels are appointed, as provided by law, one (1) authorized deputy shall act as clerk for each panel. An accurate record of the proceedings and orders of the board and of each of its authorized panels shall be kept and shall show the name of the owner of the property, the description, the type of property, the amount of the assessment the property valuation administrator placed on the property, and the amount of change made in the assessment by the board. A copy certified by the chairman of the board and attested by the county clerk shall be filed by the clerk with the property valuation administrator and with the department of revenue within five (5) days after the adjournment of the board.

(2) After receipt of the clerk's certification of the action of the board of assessment appeals, the property valuation administrator shall complete his rolls by adding to them all listings and assessments which he may have made after the rolls were open for inspection as provided in KRS 133.045 and making all adjustments ordered by the board, and he shall turn the rolls over to the clerk within ten (10) days after the board adjourns. Whereupon the clerk shall make a recapitulation of the assessment by taxing districts and types of property and shall submit such recapitulation to the department of revenue not later than *the first Monday in May* [June 20] unless the time is extended by the department.

(3) The county clerk shall certify to the county judge/executive the number of days during which the board was in session, and the court shall enter this fact of record along with the amount due the board

members for their services. On a presentation of a copy of the order, the executive department for finance and administration shall draw a warrant on the state treasurer in favor of the board members and clerk for the amount due for their services.

(4) The county clerk and any authorized deputies serving as clerk of the board or a panel thereof shall be allowed the same compensation per day for their services as is allowed to members of the board of their county, and they shall be paid in the same manner as members of the board are paid. The county clerk and his authorized deputies shall be allowed compensation for completing and filing the record of the board and for preparing the recapitulation in the same manner as allowed for their services while acting as clerk of the board or clerk of a panel of the board.

(2) Notwithstanding any statutory provisions to the contrary, no district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate for 1979-80 which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the maximum general tax rate, voted general tax rate, or voted building tax rate, respectively, that could have been levied in 1978-79, to the 1978-79 assessment, except as provided in KRS 157.565. In succeeding years, no district board of education shall levy a general tax rate, a voted general tax rate, or a voted building tax rate which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year to the preceding year's assessment, except as provided in KRS 157.565. In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) No district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate within the limits imposed in subsection (2) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010, except as provided in KRS 157.565, until the district board of education has complied with the provisions of subsection (10) of this section.

(4) The superintendent of public instruction shall certify to each district board of education, by June *1* [30] of each year, the following:

(a) The general tax rate, voted general tax rate, or voted building tax rate that a district board of education could levy under the provisions of subsection (2) of this section, and the amount of revenue expected to be produced by each;

(5) *The department of revenue shall submit to the superintendent of public instruction, by the third Monday in May of each year, certified property assessment data as required in KRS 133.125.* [The net assessment growth and new property determined in accordance with KRS 132.010 and 132.015 shall be certified to the superintendent of public instruction by the department of revenue by June 15 of each year.]

(6) Within thirty (30) days after the district board of education has received its assessment data, three (3) copies of the budget shall be forwarded to the state board of education for its approval or disapproval. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

(7) The budget shall be disapproved by the state board of education if it is financially unsound or fails to provide for:

(a) Payment of maturing principal of and interest on any outstanding voted school improvement bonds of the school district authorized and issued pursuant to KRS 162.080 and 162.090, with the written approval of the state board of education, or

In such event the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval and resubmit the budget to the state board of education for its final approval.

(8) If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy in accordance therewith, so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective and no ad valorem levy shall be made until approved by the state board of education.

(9) Each district board of education shall, if required by the state board of education, prepare and submit to it not later than September 15, a close estimate or working budget which shall conform to the rules and regulations prescribed by the state board of education, and which shall be consistent in its major divisions with the general school budget previously prepared.

(3) The board of assessment appeals shall continue in session only such time as is necessary to hear appeals. The board shall not continue in session more than one (1) day if there are no appeals to be heard nor more than five (5) days after it convenes in each year, unless an extension of time is authorized by the department of revenue upon request of the county judge/executive. (2) The property valuation administrator shall complete the tax roll of all property in his county before *April 1* [the first Monday in May] of each year in accordance with law, and on or before that date he shall file with the department of revenue, on blanks to be forwarded by the department, a recapitulation of all property assessed on said tax roll with his official certificate attached thereto. Such recapitulation shall show the assessment of property by types of property and by taxing districts. The property valuation administrator shall file with the department of revenue at the same time the schedules containing a list of the intangible personal property. Within thirty (30) calendar days after receiving the recapitulation the department of revenue shall direct the property valuation administrator to make any changes that are necessary to correct the assessment. (d) Instructions which provide details on the manner in which a taxpayer may file an appeal, if he is aggrieved by an assessment made by the property valuation administrator.

[The property valuation administrator shall publish pursuant to KRS chapter 424, a notice as to the time of the inspection period.] The cost of such notice shall be paid by the fiscal court of the county. Such notice shall also be posted at the courthouse door. Failure to publish or post notices when the inspection period is at the regular time as provided in this section shall not invalidate assessments made by the property valuation administrator and recorded on the tax roll prior to the inspection period.

(3)[(2)] The tax roll shall be available to the public at reasonable times, other than that provided in subsection (1), and in a manner not unduly interfering with proper operation of the custodian's office and so long as the inspection of the roll or disclosure of information contained therein would not be detrimental to public interest or used for commercial or business purposes unrelated to property valuation and assessment.

Any property owner who has listed his property with the property valuation administrator at its fair cash value, likewise may ask the county board of assessment appeals to review the assessments of properties he believes to be assessed at less than fair cash value, providing, he specifies, in writing the individual properties for which the review is sought and factual information upon which his request is based; such as, comparable sales or cost data. Nothing in this section shall be construed as granting any property owner the right to request a blanket review of properties or the board the power to conduct such a review.

(2) The board of assessment appeals shall hold a public hearing for each individual taxpayer appeal in protest of the assessment by the property valuation administrator filed in accordance with the provisions of subsection (1) of this section, and after hearing all the evidence, shall fix the assessment of the property at its fair cash value. The board shall report to the property valuation administrator any property omitted from the tax roll. The property valuation administrator shall assess such property and immediately give notice to the taxpayer in the manner required by KRS 132.450(4), specifying a date when the board of assessment appeals will hear the taxpayer, if he so desires, in protest of the action of the property valuation administrator.

(4) The powers of the board of assessment appeals shall be limited to those specifically granted by this section.

(5) No appeal under this section shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the court or the Kentucky board of tax appeals shall certify the valuation to the county clerk and the taxpayer shall be billed for any additional tax and six percent (6%) interest from the date when the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to such tax bill.

(6) Any member of the county board of assessment appeals may be required to give evidence in support of the board's findings in any appeal from its actions to the Kentucky board of tax appeals.

(7) It shall be the duty of the county attorney to represent the interest of the state and county in all hearings before the board of assessment appeals and on all appeals prosecuted from its decision. In the event the county attorney is unable to represent the state and county, he or the fiscal court shall arrange for substitute representation.

Section 7. KRS 133.125 is amended to read as follows:

(1) The county clerk, or an authorized deputy, shall act as clerk of the board of assessment appeals; and where additional board panels are appointed, as provided by law, one (1) authorized deputy shall act as clerk for each panel. An accurate record of the proceedings and orders of the board and of each of its authorized panels shall be kept and shall show the name of the owner of the property, the description, the type of property, the amount of the assessment the property valuation administrator placed on the property, and the amount of change made in the assessment by the board. A copy certified by the chairman of the board and attested by the county clerk shall be filed by the clerk with the property valuation administrator and with the department of revenue within five (5) days after the adjournment of the board.

(2) After receipt of the clerk's certification of the action of the board of assessment appeals, the property valuation administrator shall complete his rolls by adding to them all listings and assessments which he may have made after the rolls were open for inspection as provided in KRS 133.045 and making all adjustments ordered by the board, and he shall turn the rolls over to the clerk within ten (10) days after the board adjourns. Whereupon the clerk shall make a recapitulation of the assessment by taxing districts and types of property and shall submit such recapitulation to the department of revenue not later than *the third Monday in May* [June 20] unless the time is extended by the department.

(3) The county clerk shall certify to the county judge/executive the number of days during which the board was in session, and the court shall enter this fact of record along with the amount due the board members for their services. On a presentation of a copy of the order, the executive department for finance and administration shall draw a warrant on the state treasurer in favor of the board members and clerk for the amount due for their services.

(4) The county clerk and any authorized deputies serving as clerk of the board or a panel thereof shall be allowed the same compensation per day for their services as is allowed to members of the board of their county, and they shall be paid in the same manner as members of the board are paid. The county clerk and his authorized deputies shall be allowed compensation for completing and filing the record of the board and for preparing the recapitulation in the same manner as allowed for their services while acting as clerk of the board or clerk of a panel of the board.

(2) Notwithstanding any statutory provisions to the contrary, no district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate for 1979-80 which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the maximum general tax rate, voted general tax rate, or voted building tax rate, respectively, that could have been levied in 1978-79, to the 1978-79 assessment, except as provided in KRS 157.565. In succeeding years, no district board of education shall levy a general tax rate, a voted general tax rate, or a voted building tax rate which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year to the preceding year's assessment, except as provided in KRS 157.565. In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) No district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate within the limits imposed in subsection (2) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010, except as provided in KRS 157.565, until the district board of education has complied with the provisions of subsection (10) of this section.

(4) The superintendent of public instruction shall certify to each district board of education, by *the second Monday in* June [30] of each year, the following:

(a) The general tax rate, voted general tax rate, or voted building tax rate that a district board of education could levy under the provisions of subsection (2) of this section, and the amount of revenue expected to be produced by each;

(b) The compensating tax rate as defined in KRS 132.010 for a district's general tax rate, voted general tax rate, or voted building tax rate, and the amount of revenue expected to be produced by each;

(c) The general tax rate, voted general tax rate, or voted building tax rate which will produce, respectively, no more revenue from real property, exclusive of revenue from new property, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property, and the amount of revenue expected to be produced by each.

(5) *The department of revenue shall submit to the superintendent of public instruction, by the first Monday in June of each year, certified property assessment data as required in KRS 133.125.* [The net assessment growth and new property determined in accordance with KRS 132.010 and 132.015 shall be certified to the superintendent of public instruction by the department of revenue by June 15 of each year.]

(6) Within thirty (30) days after the district board of education has received its assessment data, three (3) copies of the budget shall be forwarded to the state board of education for its approval or disapproval. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

(7) The budget shall be disapproved by the state board of education if it is financially unsound or fails to provide for:

In such event the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval and resubmit the budget to the state board of education for its final approval.

(8) If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy in accordance therewith, so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective and no ad valorem levy shall be made until approved by the state board of education.

(9) Each district board of education shall, if required by the state board of education, prepare and submit to it not later than September 15, a close estimate or working budget which shall conform to the rules and regulations prescribed by the state board of education, and which shall be consistent in its major divisions with the general school budget previously prepared.

7. The purpose of the hearing; and

8. A statement to the effect that the general assembly has required publication of the advertisement and the information contained herein.

(c) In lieu of the two (2) published notices, a single notice containing the required information may be sent by first-class mail to each person owning real property, addressed to the property owner at his residence or principal place of business as shown on the current year property tax roll.

(d) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The district board of education may set reasonable time limits for such testimony.

(11)(a) That portion of a general tax rate, a voted general tax rate, or a voted building tax rate, except as provided in KRS 157.565, levied by an action of a district board of education which will produce, respectively, revenue from real property, exclusive of revenue from new property, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property, shall be subject to a recall vote or reconsideration by the district board of education, such as the case may be, as provided for in KRS 132.017, and shall be advertised as provided for in paragraph (b) of this subsection.

DEPARTMENT FOR NATURAL RESOURCES AND
ENVIRONMENTAL PROTECTION
Bureau of Environmental Protection
Division of Air Pollution
Effective: June 29, 1979

RELATES TO: KRS Chapter 224
PURSUANT TO: KRS 13.082, 224.033
NECESSITY AND FUNCTION: KRS 224.033 requires the Department for Natural Resources and Environmental Protection to prescribe regulations for the prevention, abatement and control of air pollution. This regulation provides for the control of volatile organic compound emissions from new automobile and light-duty truck surface coating operations.

Section 1. Applicability. The provisions of this regulation shall apply to each affected facility commenced on or after the classification date defined below *which is located:*[.]

(1) In an urban county designated non-attainment for ozone under 401 KAR 51:010; or

(2) In any other county and is a part of a major source of volatile organic compounds.

Section 2. Definitions. As used in this regulation, all terms not defined herein shall have the meaning given to them in 401 KAR 50:010.

(1) "Affected facility" means a coating line for automobile and light-duty truck frames, small parts, wheels, and main body parts at an assembly plant *but does not include the following:*[.]

(a) Underbottom - sound deadener coatings;

(b) Zinc rich anti-rust and weld line anti-rust prime coatings;

(c) Adhesive coatings or mastics;

(d) Flexible coatings;

(e) Plastic body fillers or caulks; or

(f) Interior coatings which are applied after upholstery and interior plastic parts are attached to the body.

(2) "Applicator" means the mechanism or device used to apply the coating, including, but not limited to dipping and spraying.

(3) "Automobile" means all passenger cars or passenger car derivatives capable of seating twelve (12) or fewer passengers.

(4) "Classification date" means the effective date of this regulation.

(5) "Coating line" means a series of equipment and/or operations used to apply, dry, or cure any prime, topcoat or repair coatings containing volatile organic compounds. This shall include, but is not limited to:

(a) mixing operations;

(b) process storage;

(c) applicators;

(d) drying operations including, but not limited to, flashoff area evaporation, oven drying, baking, curing, and polymerization;

(e) clean up operations;

(f) leaks, spills and disposal of volatile organic compounds;

(g) processing and handling of recovered volatile organic compounds;

(h) For the purposes of determining compliance with this regulation, if any equipment or operation could be considered to be a part of more than one coating line, its volatile organic compound emissions shall be assigned to each coating line of which it is a part proportionally to the throughput of volatile organic compound it receives from or distributes to each coating line;

(i) If any portion of the series of equipment and/or operations qualify for an exemption according to Section 5, then that portion shall be considered to be a separate coating line.

(6) "Final repair coating line" means a coating line for the repainting of any coatings which are damaged during vehicle assembly.

(7) "Flashoff area" means the space between the application area and the oven.

(8) "Light-duty truck" means any motor vehicle rated at 3,864 kilograms (8,500 pounds) gross vehicle weight or less which are designed primarily for purposes of transportation of property or are derivatives of such vehicles (including but not limited to, pickups, vans, and window vans).

(9) "Prime coat coating line" means a coating line for the first coating and surfacer which *are* [is] responsible for protecting the surface form corrosion and providing for good adhesion of the topcoat.

(10) "Process storage" means mixing tanks, holding tanks, and other tanks, drums, or other containers which contain surface coatings, volatile organic compounds, or recovered volatile organic compounds; but does not mean storage tanks which are subject to 401 KAR 59:050 or 401 KAR 61:050.

(11) "Topcoat coating line" means a coating line for the coating of the surface to obtain desired aesthetic effects.

(12) "Volatile organic compounds" means chemical compounds of carbon (excluding methane, ethane, carbon monoxide, carbon dioxide, carbonic acid, metallic carbides, and ammonium carbonate) which have a vapor pressure greater than one tenth (0.1) mm of Hg at conditions of twenty (20) degrees Celsius and 760 mm of Hg.

(13) "Surfacer" means the spray" application of primer to touch-up areas on the surface not adequately covered during electrodeposition.

(14) "Volatile organic compounds net input" means the total amount of volatile organic compounds input to the affected facility minus the amount of volatile organic compounds that are not emitted into the atmosphere. Volatile organic compounds that are prevented from being emitted to the atmosphere by the use of control devices shall not be subtracted from the total for the purposes of determining volatile organic compound net input. When the nature of any operation or design of equipment is such as to permit more than one interpretation of this definition, the interpretation that results in the minimum value for allowable emission shall apply.

(15) "Electrophoretic deposition" means a process of applying a coating by dipping the component in a coating bath with an electrical potential difference between the component and the bath.

Section 3. Standard for Volatile Organic Compounds. No person shall cause, allow, or permit an affected facility to discharge into the atmosphere more than fifteen (15) percent by weight of the volatile organic compounds net input into the affected facility.

Section 4. Compliance.

(1) In all cases the design of any control system is subject to approval by the Department.

(2) Compliance with standard in Section 3 shall be demonstrated by a material balance except in those cases where the Department determines that a material balance is not possible. For those cases where

a material balance is not possible, compliance will be determined based upon an engineering analysis by the Department of: the control system design, control device efficiency, control system capture efficiency, and any other factors that could influence the performance of the system. If so requested by the Department, performance tests as specified by the Department shall be conducted in order to determine the efficiency of control device.

(3) With the prior approval of the Department, the owner or operator may elect to effect such changes in the affected facility as are necessary to qualify for an exemption under Section 5.

(4) Whenever deemed necessary by the Department, the Department shall obtain samples of the coatings used at an affected facility to verify that the coatings meet the requirements in Section 5. The following methods of analyses, filed by reference in 401 KAR 50:015, for coatings shall be used as applicable except in those cases where the Department determines that other methods would be more appropriate:

(a) ASTM D 1644-75 Method A;
(b) ASTM D 1475-60(74);
(c) ASTM D 2369-73; or
(d) Federal Standard 141 a, Method 4082.1.

Section 5. Exemptions. Any affected facility shall be exempt from the provisions of Section 3 if the volatile organic compound content of the coating is:

(1) Prime coating line: *0.14* [0.10)] kilograms per liter of coating (*1.2* [0.8] pounds per gallon), excluding water, *which shall be applied by electrophoretic deposition* [delivered to the first applicators associated with the prime coating line] and 0.34 kilograms per liter of coating (2.8 pounds per gallon), excluding water, delivered to the applicators associated with the surfacer. *An alternative for the surfacer is fifty-five (55) percent solids by volume organic-borne prime coat applied with a minimum of sixty-five (65) percent transfer efficiency.*

(2) Topcoat coating line: 0.34 kilograms per liter of coating (2.8 pounds per gallon), excluding water, delivered to the applicator(s) associated with the topcoat coating line, *or a fifty (50) percent solids by volume organic-borne topcoat applied with a minimum of sixty-five (65) percent transfer efficiency.*

(3) Repair coating line: 0.58 kilograms per liter of coating (4.8 pounds per gallon), excluding water, as delivered to the applicator *applied with a minimum of sixty-five (65) percent transfer efficiency.*

(4) Any owner or operator who elects to qualify for an exemption under this section shall achieve compliance on or before the following dates:

(a) Prime coating systems and final repair coating systems; January 1, 1983.
(b) Topcoat systems; January 1, 1986.

(5) Any affected facility using this section of this regulation may elect to use an arithmetic average of the coatings used in the particular coating line involved. If such average meets the exemption then all coatings will be considered to meet the exemptions.

(6) The exemptions specified in this section may be achieved by:

(a) Use of low solvent coating and/or
(b) Any other emission reduction process or equipment shown to be as effective.

Section 6. Variances. For coating of non-metal components, variation with the standards, limitations and compliance timetables contained in this regulation, when supported by adequate technical information, will be considered by the department on a case-by-case basis to allow for technological or economic circumstances which are unique to a source.

(9) "Conveyorized degreasers" means a degreaser which is continuously loaded by means of a conveyor system. Its solvent may be boiling or non-boiling.

(10) "Solvent" means, in this regulation, volatile organic compounds.

Section 3. Standards for Volatile Organic Compounds. The owner or operator of an affected facility to which this regulation applies shall install, maintain and operate the control equipment and observe at all times the operating requirements which apply to his type of degreaser as specified in Sections 4, 5, and 6.

Section 4. Cold Cleaners.

(1) Control equipment:

(a) The cleaner shall be equipped with a cover. If the solvent volatility is greater than fifteen (15) mm of Hg measured at 100 degree Fahrenheit or if the solvent is agitated or heated, then the cover shall be designed so that it can be easily operated with one hand.

(b) The cleaner shall be equipped with a drainage facility such that solvent that drains off parts removed from the cleaner will return to the cleaner. If the solvent volatility is greater than thirty-two (32) mm of Hg measured at 100 degree Fahrenheit then the drainage facility shall be internal so that parts are enclosed under the cover while draining. *The drainage facility may be external if the department determines that an internal type cannot fit into the cleaning system.*

(c) A permanent, conspicuous liable, summarizing the operating requirements specified in Section 4 (2) shall be installed on or near the cleaner.

(d) If used, the solvent spray shall be a fluid stream (not a fine, atomized or shower type spray) and at a pressure which does not cause excessive splashing.

(e) If the solvent volatility is greater than thirty-two (32) mm of Hg measured at 100 degree Fahrenheit or if the solvent is heated above 120 degree Fahrenheit, then one of the following control devices shall be used:

1. Freeboard that gives a freeboard ratio greater than or equal to 0.7.
2. Water cover (solvent must be insoluable in and heavier than water).
3. Other systems of equivalent control, such as a refrigerated chiller or carbon adsorption.

(2) Operating requirements:

(a) Do not dispose of waste solvent or transfer it to another party, such that greater than twenty (20) percent by weight of the waste solvent can evaporate into the atmosphere. Store waste solvent only in covered containers.

(b) Close degreaser cover whenever not handling parts in the cleaner.

(c) Drain cleaned parts until dripping ceases (fifteen seconds it usually necessary).

Section 5. Open Top Vapor Degreasers.

(1) Control equipment:

(a) The degreaser shall be equipped with a cover that can be opened and closed easily without disturbing the vapor zone.

(b) The degreaser shall be equipped with the following safety switches:

1. Condenser flow switch and thermostat to shut off sump heat if condenser coolant either is not circulating or is too warm.

2. Spray safety switch to shut off spray pump if the vapor level drops more than four (4) inches *below the bottom condenser coil in order to prevent spraying above the vapor level.*

3. Vapor level control thermostat which shuts off sump heat if the vapor zone rises above the design level.

4. Equivalent safety systems as approved on a case-by-case basis by the department.

(c) The degreaser shall be equipped with at least one of the following major control devices:

1. Freeboard ratio greater than or equal to 0.75, and if the degreaser opening is greater than ten (10) square feet, the cover shall be powered *or mechanically assisted.*

2. Refrigerated chiller.

3. Enclosed design such that the cover or door opens only when the dry part is actually entering or exiting the degreaser.

4. Carbon adsorption system, with ventilation greater than or equal to fifty (50) cfm/square foot of air/vapor interface area (when cover is open), and exhausting less than twenty-five (25) ppm by volume solvent averaged over one complete adsorption cycle.

5. Control system demonstrated to have control efficiency equivalent to or better than any of the above.

(d) A permanent, conspicuous label, summarizing the operating procedures specified in subsection (2) of this section shall be installed on or near the degreaser.

(2) Operating requirements:

(a) Keep the cover closed at all times except when processing work loads through the degreaser.

(b) Minimize solvent carry-out by the following measures:

1. Rack parts so that entrainment of solvent is avoided and full drainage is accomplished.

2. Move parts in and out of the degreaser at *a vertical speed* less than eleven (11) ft./min.

3. Degrease the work load in the vapor zone until condensation ceases (thirty (30) seconds or more is usually necessary).

4. Tip out any pools of solvent on the cleaned parts before removal.

5. Allow parts to dry within the degreaser above the vapor zone until visually dry (fifteen (15) seconds is usually necessary).

(c) Do not degrease porous or absorbent materials such as cloth, leather, wood, or rope.

(d) Work loads should not occupy more than half of the degreaser's open top area.

(e) The vapor level should not drop more than four (4) inches when the work load enters or leaves the vapor zone.

(f) Never spray above the vapor level.

(g) Repair solvent leaks immediately or shut down the degreaser.

(h) Do not dispose of waste solvent or transfer it to another party such that greater than twenty (20) percent by weight of the waste solvent can evaporate into the atmosphere. Store waste solvent only in closed containers.

(i) Exhaust ventilation should not exceed sixty-five (65) cfm per square foot of degreaser area unless necessary to meet OSHA requirements or control device requirements. Ventilation fans should not be used near the degreaser opening.

(j) Water should not be visually detectable in the solvent exiting the water separator.

Section 6. Conveyorized Degreasers.

(1) Control equipment:

(a) A conveyorized degreaser shall be enclosed except for work load entrances and exits.

(b) The degreaser shall be equipped with a drying tunnel or another means such as rotating baskets sufficient to prevent cleaned parts from carrying out solvent liquid or vapor.

(c) Minimized openings: entrances and exits shall silhouette work loads so that the average clearance between *the largest* parts and the edge of the degreaser opening is either less than four (4) inches or less than ten (10) percent of the width of the opening.

(d) Down-time covers: The degreaser shall be equipped with covers for closing off the entrance and exit during shutdown hours.

(e) If the degreaser has an air/solvent interface area or an air/vapor interface area equal to or greater than twenty (20) square ft. it shall be equipped with at least one of the following major control devices:

1. Refrigerated chiller.

2. Carbon adsorption system with ventilation greater than or equal to fifty (50) cfm/square foot of air/vapor interface area (when down-time covers are open) and exhausting less than twenty-five (25) ppm of solvent by volume averaged over a complete adsorption cycle.

3. A system demonstrated to have a control efficiency equivalent to or better than either of the above.

(f) If the degreaser is a vapor type, it shall be equipped with the following safety switches:

1. Condensor flow switch and thermostat which will shut off the sump heat if coolant is either not circulating or is too warm.

2. Spray safety switch which will shut off the spray pump or conveyor if the vapor level drops more than four (4) inches *below the bottom condenser coil in order to prevent spraying above the vapor level.*

3. Vapor level control thermostat which will shut off sump heat if the vapor level rises above the design level.

4. Equivalent safety systems as approved on a case-by-case basis by the department.

(g) A permanent, conspicuous label, summarizing the operating procedures specified in subsection (2) of this section shall be installed on or near the degreaser.

(2) Operating requirements:

(a) Exhaust ventilation should not exceed sixty-five (65) cfm per square foot of degreaser opening unless necessary to meet OSHA requirements or control device requirements. Work place fans should not be used near the degreaser opening.

(b) Minimize solvent carry-out by the following measures:

1. Rack parts so that entrainment of solvent is avoided and full drainage is accomplished.

2. Maintain vertical conveyor speed at less than eleven (11) ft/min.

(c) Do not dispose of waste solvent or transfer it to another party such that greater than twenty (20) percent by weight of the waste solvent can evaporate into the atmosphere. Store waste solvent only in closed containers.

(d) Repair solvent leaks immediately or shutdown the degreaser.

(e) Water should not be visually detectable in the solvent exiting the water separator.

(f) Down-time covers shall be placed over entrances and exits of the degreaser immediately after the conveyor and exhaust are shut down and removed just before they are started up.

AN ACT relating to sale and merchantability of motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) "Dealer" shall be construed to mean any person who is a new motor vehicle dealer franchised by a manufacturer and licensed under Chapter 190 of the Kentucky Revised Statutes.

(2) "Manufacturer" shall be construed to mean any person, resident or non-resident, engaged in the business of manufacturing or assembling motor vehicles.

(3) "Motor vehicle" is construed by this Act to mean a new automobile or truck licensed to bear seven thousand, five hundred (7,500) pounds or less which has never been the subject of a first sale for use.

(4) "Price paid by the owner" shall include the original purchase price of the motor vehicle, including the value of any traded motor vehicle involved in the transaction.

(5) A "major correctable defect" means a defect in a motor vehicle which would cost the owner of the motor vehicle more than three percent (3%) of the price paid by the owner of the vehicle to repair if he were paying the cost of the repair, and which when repaired in a normal fashion would not leave any permanent effects on the performance or enjoyment of the motor vehicle.

(6) A "major non-correctable defect" means a defect in a motor vehicle would cost the owner more than three percent (3%) of the price paid by the owner of the vehicle to repair if he were paying the cost of the repair, and which, when repaired in the normal fashion, would substantially impair the performance or enjoyment of the motor vehicle.

SECTION 2. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Notwithstanding the provisions of KRS 355.2-316 or any other statute to the contrary, no manufacturer, or dealer on behalf of such manufacturer, shall disclaim, exclude, or impair the warranty of merchantability pursuant to KRS 355.2-314 of a new motor vehicle.

SECTION 3. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Any motor vehicle that, within the first twelve (12) months, or first twelve thousand (12,000) miles, whichever occurs first, has a major non-correctable defect, requires the repair of a given major correctable defect three (3) times, or is out of service by reason of repair to be made at a franchised dealer for a cumulative total of more than twenty (20) normal business days since delivery of the motor vehicle, shall be presumed to be non-merchantable within the meaning of KRS 355.2-314.

(2) In computing the twenty (20) normal business days pursuant to Section 3(1) of this Act, a day shall mean a calendar day or any portion thereof.

SECTION 4. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

The presumption of non-merchantability of a motor vehicle set out in Section 3 may be rebutted by a showing that the condition of the motor vehicle is due to abusive use or by accident, or some other condition outside of the control of the manufacturer or the dealer.

SECTION 5. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

The owner of the motor vehicle shall, as soon as practicable, give the manufacturer notice, a list of the condition or conditions that render the motor vehicle non-merchantable under Section 3 of this Act and of his decision to exercise his rights under Section 9 of this Act. The notice shall be given by certified mail, with return receipt requested, and a copy to the dealer in the Commonwealth from whom he originally purchased the vehicle.

SECTION 6. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Within twenty (20) days after the receipt of a notice under Section 5, the manufacturer or his representative shall either examine the motor vehicle at a place which is within twenty (20) miles of the owner's home or pay reasonable costs for transporting the motor vehicle to a place designated by the manufacturer for examination and examine the vehicle at that place; and shall notify the owner in writing that the manufacturer either: (1) finds no defect, (2) finds a defect but believes it is due to abuse or accident, (3) finds a defect but can and will put the motor vehicle in a merchantable condition within ten (10) normal business days and will agree to a four (4) month, or four thousand (4,000) miles extension of the owner's rights under this Act, or (4) accepts the owner's determination that it is non-merchantable.

SECTION 7. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

If the manufacturer notifies the owner that the motor vehicle can be put in a merchantable condition pursuant to Section 6 of this Act, the owner must make the vehicle available within ten (10) normal business days after such notification for such repair before any rights vest under this Act; but if the condition that rendered the vehicle non-merchantable continues to exist after repair, there is created an irrebuttable presumption of non-merchantability.

SECTION 8. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

If any examination for or repair of mechanical malfunction of a vehicle by a manufacturer, his representative or a dealer pursuant to this Act or within the first twelve (12) months or twelve thousand (12,000) miles, whichever comes first, results in a motor vehicle being kept by such manufacturer, his representative, or a dealer for more than seven (7) days with the subsequent loss of use by the owner, the manufacturer shall on the eighth day furnish a motor vehicle without cost to the owner for suitable use during this intervening time or compensate the owner for renting such a vehicle.

SECTION 9. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) In the case of a non-merchantable motor vehicle, the manufacturer shall, within ten (10) normal business days from a determination of non-merchantability pursuant to Section 3 of this Act or the determination of a court, at the owners option return the price paid by the seller less any depreciation incurred by abuse or accident, or shall supply a new motor vehicle of the same model or a comparable model if the model year has changed and the manufacturer is not able to substitute a motor vehicle of the same model year, at the owner's residence, which vehicle shall be warranted by the manufacturer as though originally purchased at the time of this delivery.

(2) No usage tax pursuant to KRS 138.460 or state sales tax shall be charged when motor vehicles are transferred pursuant to Section 9(1) of this Act; provided, however, that to avoid such tax the owner shall be required to provide a notarized statement certifying the transaction on a form which shall be prescribed by the commissioner of revenue, and the manufacturer or his agent must file a notarized statement certifying the above fact to the commissioner of revenue.

SECTION 10. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Any case in which an owner of a motor vehicle timely notifies the manufacturer of the non-merchantability of the motor vehicle under Section 3 and the manufacturer wrongfully refuses to replace the motor vehicle under Section 9, the owner may bring an action to recover the price paid by the owner less any depreciation incurred by abuse or accident, plus the cost of a rental vehicle, if any, required during the pendency of the dispute, and shall be entitled to his reasonable attorney fees if he prevails in the action.

SECTION 11. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) No manufacturer shall, in retaliation for the provisions of this Act, exclude in the sale of its motor vehicles in Kentucky any warranty issued elsewhere in the United States.

(2) The cost of any replacement or repair necessitated by the Act shall be borne by the manufacturer and shall not be directly or indirectly passed on to the dealer.

(3) Nothing in this Act shall prevent the manufacturer from increasing the price of its motor vehicles in Kentucky by the amount actuarially necessary to meet the costs incurred by this Act; provided, however, that the manufacturer shall furnish the attorney general's office with verified actuarial data supporting any such increase sixty (60) days before it is put into effect.

SECTION 12. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Any dealer or manufacturer making a repair on a new motor vehicle must state in writing to the purchaser at the time of the delivery of the motor vehicle after repair the nature of any defect repaired by such dealer or manufacturer. The statement shall contain sufficient detail that a determination can be made whether the owner of the motor vehicle may have a right that is accruing pursuant to this Act.

SECTION 13. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Each purchaser of a new motor vehicle shall be furnished by the dealer selling the vehicle with a listing of his rights under this Act and the address of the manufacturer or manufacturer's regional director.

SECTION 14. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Any dealer who fails to provide a statement under Section 12 of this Act or a notice under Section 13 of this Act shall be liable for a civil penalty of five hundred dollars ($500) per violation to be collected in the name of the Commonwealth upon action of the attorney general.

(2) Any dealer or manufacturer who falsifies a statement under Section 12 of this Act shall be liable for a civil penalty not exceeding one thousand dollars ($1,000) to be collected in the name of the Commonwealth upon action of the attorney general.

SECTION 15. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

All of the remedies, powers, and duties provided for the attorney general by KRS 367.190 to 367.300 appertaining to acts declared unlawful by KRS 367.170 shall apply with equal force and effect to acts declared unlawful or duties required by this Act.

(2) "Contract" means any oral or written agreement by which one becomes a member of a club.

(3) "Social referral club" means any corporation, partnership, unincorporated association or other business enterprise organized for profit with the primary purpose of matching members of the opposite sex, by the use of computer or any other means, to facilitate dating or general contact.

It is not a prepayment if a payment for service is made on the same day the service is rendered. Money received by a club from a financial institution upon assignment for a contract shall be considered prepayment when and to the extent the member is required to make prepayments to the financial institution pursuant to the contract.

SECTION 2. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Any person who has elected to become a member of a club may cancel such membership for any reason by giving written notice any time before midnight of the fifth business day following the date on which membership was attained. Such cancellation shall be without liability on the part of the member and the member shall be entitled to a refund of the entire consideration paid for the contract.

(2) Any person who has elected to become a member of a club may cancel such membership for any reason by giving written notice any time after the fifth business day following the date on which membership was attained. Such cancellation refund shall be on a "pro rata" daily basis computed as follows:

The pro rata portion to which the seller is entitled shall be determined by taking the number of complete weeks [if the extent of the buyer's right to use the facilities is calculated on the basis of a measure other than time such as "sessions," "visits," "lessons" or the like, that term should be substituted for the phrase "complete weeks" in this provision] for which the services or facilities were made available to you following the first five operating days after the date of this contract and prior to cancellation of the contract and *dividing* that number by the total number of weeks specified in this contract ([insert total number of weeks] weeks) and *multiplying* the result of that division by the total contract price ($[insert total contract price]).

(3) Notice of cancellation must be in writing and delivered personally or by mail If given by mail, the notice is effective upon deposit in a mailbox, properly addressed and postage prepaid. Notice of cancellation need not take a particular form and is sufficient if it indicates, by any form of written expression, the intention of the member not be bound by the contract. If delivered personally, the notice is to be delivered to any employee of the club, and a receipt for the notice must be given by that employee to the person cancelling the contract.

(4) The seller shall refund any payments due to the member within ten (10) days after notice of cancellation is given to the seller, and cancel that portion of the buyer's indebtedness that exceeds the amount due the seller under the applicable refund provisions of this Act.

(5) No contract shall include any confession of judgment or any waiver of the rights to which the member is entitled, including specifically the member's right to cancel the contract.

SECTION 3. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) A fully completed copy of every contract shall be delivered to the member at the time the contract is signed. Every contract must constitute the entire agreement between the seller and the buyer, must be in writing, must be signed by the member, must designate the date on which the member signed the contract and must state, clearly and conspicuously in bold face type of a minimum size of ten (10) points, the following: "NOTICE TO BUYER: DO NOT SIGN THIS CONTRACT UNTIL YOU HAVE READ THE SECTION UNDER THE HEADING 'CANCELLATION AND REFUNDS.' ALSO, DO NOT SIGN THIS CONTRACT IF IT CONTAINS ANY BLANK SPACES."

(2) Every contract must also include under the caption "CANCELLATION AND REFUNDS," clearly and conspicuously in bold face type a minimum size of ten (10) points, the following cancellation and refund provision:

(a) *Right to Cancel Within Five Business Days.* You are permitted to inspect the facilities of [the seller] within five business days after the date of this contract. If, within those five days, and whether or not you make an inspection, you decide that you want to cancel this contract, you may do so by notifying [the seller] on the attached form which has been provided to you, or by any other writing mailed or delivered before midnight of the fifth business day after the date of this contract to [the seller] at the address shown on the contract. If you so cancel, any payments made by you under the contract will be refunded; and any evidence of indebtedness executed by you will be cancelled by [the seller], and arrangements will be made to relieve you of any further obligation to pay the same. If during the first five business days after the date of this contract [the seller] allows you to use its facilities or performs any services, it must do so without charge.

For the purposes of this provision, the following days are "business days" [insert days]. On these days, the spa will be open [insert a statement of the hours during which the spa will be open].

(b) *Additional Right to Cancel After Five Business Days.* You may also cancel this contract for any reason at any time, following the expiration of the five-day period described in [(1)], by notifying [the seller] on the attached form provided to you, or by any other writing, mailed or delivered to [the seller] at the address shown on the contract. If you cancel this contract after five business days, [the seller] is entitled to keep or to receive a cancellation fee of [insert specific sum not in excess of five percent of the total contract price] plus a pro rata portion of the total contract price determined in the manner specified in [(3)] below. All money you have paid in excess of that amount will be refunded, and any financial obligation you may have undertaken or assumed as a part of the transaction will be terminated by [the seller] to the extent that it provides for payment of a sum in excess of the amount [the seller] is entitled to keep or to receive pursuant to this provision, *provided*, that if at the time of cancellation, the facilities and services offered by [the seller] are not fully operational and available, [the seller] may not retain or receive a cancellation fee.

(c) *Pro Rata Computation.*

The pro rata portion to which the seller is entitled shall be determined by taking the number of complete weeks [if the extent of the buyer's right to use the facilities is calculated on the basis of a measurer other than time such as "sessions," "visits," "lessons," or the like, that term should be substituted for the phrase "complete weeks" in the provision] for which the services or facilities were made available to you following the first five business days after the date of this contract and prior to cancellation of the contract and *dividing* that number by the total number of weeks specified in this contract ([insert total number of weeks] weeks) and *multiplying* the result of that division by the total contract price ($[insert total contract price]).

(3) Every seller shall furnish to the member at the time he signs the contract, a completed form in duplicate, which is attached to the contract but easily detachable therefrom and which is captioned in fifteen point bold face uppercase type "NOTICE OF CANCELLATIONS." This detachable form shall contain in ten point bold face uppercase type the following information and statements:

(a) For an example of your rights to cancel the attached contract and the amount of any refund due, or payment owing, see that section of the contract headed "CANCELLATION AND REFUNDS."

(b) To cancel this transaction, mail or deliver a signed and dated copy of this cancellation notice, or any other written notice to [name of seller], at [insert seller's address].

(Date) (Buyer's Signature)

(4) Every contract which does not contain the notices specified in subsections (1), (2) and (3) may be cancelled by the member at any time by giving notice of cancellation by any means.

(5) Prior to the time the contract is signed by the member, the seller must furnish the member a current copy of any rules and regulations which apply to the member's use of the club and which are not set forth in the contract.

SECTION 4. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) No contract shall be valid for a term longer than eighteen (18) months from the date upon which the contract is signed.

(2) The duration of the contract shall be clearly and conspicuously disclosed in the contract in bold face type of a minimum size of ten (10) points.

SECTION 5. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) Every health spa, or social referral club, shall maintain a bond issued by a surety company admitted to do business in this state, the principal sum of which shall be $50,000.

(2) The bond required by this section shall be in favor of the Attorney General of the Commonwealth of Kentucky and be held for the benefit of any member who suffers loss of prepayment made pursuant to a contract entered into after June 30, 1980, due to insolvency of the club or the cessation of business by the club, or failure by the club to perform under any contract. A copy of the bond shall be filed with the Attorney General prior to the making of any membership contract by a club. Any person claiming against the bond may maintain an action at law against the club and the surety. Failure to so maintain a bond as required by this section shall make the principals of any club personally liable for the claims of each of its members.

(3) The provisions of this section shall not apply to transactions in which the buyer purchases the right to use the facilities or obtain the services of a seller on a per visit basis, on a daily basis, or on a weekly basis; provided, however, this exemption shall not apply if the buyer is obligated to purchase or to pay for the right to use the facilities or to obtain the services of the seller for a period in excess of one week, or if the seller is obligated to provide the use of facilities or services to the buyer for a period in excess of one week.

SECTION 6. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) A health spa whose only offered source of membership is pursuant to a contract for membership of $100 or less is exempt from the provisions of this Act.

SECTION 7. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

(1) All of the remedies, powers and duties provided for the Attorney General by KRS 367.190 to 367.300 appertaining to acts declared unlawful by KRS 367.170 shall apply with equal force and effect to acts declared unlawful by this Act.

(2) In addition to the remedies otherwise provided for by law, a person who enters into a contract for membership at a club and thereby suffers any ascertainable loss of money or property, real or personal, as a result of the use or employment by another person of a method, act or practice declared unlawful by this Act, may bring an action under the Rules of Civil Procedure in the circuit court in which the seller or lessor resides or has his principal place of business or is doing business, or in the circuit court in which the purchaser or lessee of goods or services resides, or where the transaction in question occurred, to recover actual damages. The court may, in its discretion, award actual damages and may provide such equitable relief as it deems necessary or proper. Nothing in this subsection shall be construed to limit a person's right to seek punitive damages where appropriate.

SECTION 8. A NEW SECTION OF KRS CHAPTER 367 IS CREATED TO READ AS FOLLOWS:

Any person who, on behalf of a club, offers a contract for membership without having previously fulfilled the bonding requirement of Section 5 of this Act, shall be guilty of a Class D felony.

The Committee on Counties and Special Districts reported **HB 135** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 135, AN ACT relating to counties.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 68.240 is amended to read as follows:

The proposed budget shall be classified into budget units as outlined in subsection (2) of this section. The county judge/executive shall submit the proposed budget and estimate of receipts to the *fiscal court* [county budget commission] by May 24 of each year.

(2) The *fiscal court* [county budget commission], at a meeting or meetings held not later than June 1 of each year, shall make a detailed investigation of each separate activity of the county for which the county judge/executive proposes that county funds are to be expended by the fiscal court. All expenditures shall be classified into budget units, including:

(a) General expenses of county government.
(b) Protection to persons and property.
(c) General health and sanitation.
(d) Highways and bridges.
(e) Charities, hospitals, infirmaries and corrections.
(f) Recreational.
(g) New property and improvements.

There shall be allocated annually to the sinking fund principal account a sum equal to the proportional yearly amount necessary to retire each bond issue of the county at maturity, and to the sinking fund interest account a sum equal to the interest on bonded indebtedness payable during the current budget year.

(4) The county budget shall include such budget units as may be required by the activities of the county. When necessary, the county budget may be subdivided into separate budget funds so that the cost of each class of expenditures can be ascertained at any time and regulated according to the financial condition and needs of the county.

(5) The funds set apart in the county budget for a budget unit, or any subdivision thereof, shall constitute a separate budget fund and shall be appropriated and accounted for separately.

(6) [Immediately upon approving a proposed budget for the county, the county budget commission shall forward a copy of the proposed budget to the fiscal court.] The fiscal court shall comment upon the proposed budget, and *may* [the county budget commission shall] amend *it* [the proposed budget] according to *its* [the] desires [of the fiscal court] prior to the date when it is sent to the state local finance officer according to the procedures of KRS 68.250.

Section 2. KRS 68.243 is amended to read as follows:

In any county which levied a poll tax in 1973, the county *judge/executive* [budget commission] may include the revenue received from the poll tax in that year in the county budget and the state local finance officer shall include such revenue when computing the maximum permissible revenue in accordance with the provisions of KRS 68.245(2)(a), (b) and (c).

Section 3. KRS 68.245 is amended to read as follows:

(1) Notwithstanding any statutory provisions to the contrary, no county fiscal court shall levy a tax rate, excluding any special tax rate which may be levied at the request of a county community improvement district pursuant to KRS 107.350 and 107.360, following a favorable vote upon such tax by the voters of any such county, which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced from application of the preceding year's tax rate to the

preceding year's assessment. The property valuation administrator shall submit an official estimate of net assessment growth, as determined in accordance with KRS 132.010, to the county judge/executive by April 1 of each year.

(2) No county fiscal court shall levy a tax rate, excluding any special tax rate which may be levied at the request of a county community improvement district pursuant to KRS 107.350 and 107.360, following a favorable vote upon such tax by the voters of any such county, within the limits imposed in subsection (1) of this section which exceeds the compensating tax rate defined in KRS 132.010, until the taxing district has complied with the provisions of subsection (5) of this section. The property valuation administrator shall submit an official estimate of new property and personal property, as determined in accordance with KRS 132.010, to the county judge/executive by April 1 of each year.

(3) The state local finance officer shall certify to each county *judge/executive* [budget commission], by June 30 of each year, the following:

(a) The tax rate that a fiscal court could levy under the provisions of subsection (1) of this section, and the amount of revenue expected to be produced by it;

(b) The compensating tax rate, as defined in KRS 132.010, and the amount of revenue expected to be produced by it;

(c) The tax rate which will produce no more revenue from real property, exclusive of revenue from new property, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property, and the amount of revenue expected to be produced by it.

(4) The net assessment growth, new property and personal property determined in accordance with KRS 132.010 and 132.015 shall be certified to the state local finance officer by the department of revenue by June 15 of each year.

(5) (a) A county fiscal court, proposing to levy a tax rate, excluding any special tax rate which may be levied at the request of a county community improvement district pursuant to KRS 107.350 and 107.360, following a favorable vote upon such tax by the voters of any such county, within the limits of subsection (1) of this section which exceeds the compensating tax rate defined in KRS 132.010, shall hold a public hearing to hear comments from the public regarding the proposed tax rate. The hearing shall be held in the principal office of the taxing district, or, in the event the taxing district has no office, or the office is not suitable for such a hearing, the hearing shall be held in a suitable facility as near as possible to the geographic center of the district.

(b) County fiscal courts of counties containing a city of the first class proposing to levy a tax rate, excluding any special tax rate which may be levied at the request of a county community improvement district pursuant to KRS 107.350 and 107.360, following a favorable vote upon such tax by the voters of any such county, within the limits of subsection (1) of this section which exceeds the compensating tax rate defined in KRS 132.010, shall hold three (3) public hearings to hear comments from the public regarding the proposed tax rate. The hearings shall be held in three (3) separate locations; each location shall be determined by dividing the county into three (3) approximately equal geographic areas, and identifying a suitable facility as near as possible to the geographic center of each area.

(c) The county fiscal court shall advertise the hearing by causing to be published at least twice in two (2) consecutive weeks, in the newspaper of largest circulation in the county, a display type advertisement of not less than twelve (12) column inches, the following:

1. The tax rate levied in the preceding year, and the revenue produced by that rate;
2. The tax rate proposed for the current year and the revenue expected to be produced by that rate;
3. The compensating tax rate and the revenue expected from it;
4. The revenue expected from new property and personal property;
5. The general areas to which revenue in excess of the revenue produced in the preceding year is to be allocated;
6. A time and place for the public hearings which shall be held not less than seven (7) days nor more than ten (10) days, after the day that the second advertisement is published;
7. The purpose of the hearing; and
8. A statement to the effect that the general assembly has required publication of the advertisement and the information contained therein.

(d) In lieu of the two (2) published notices, a single notice containing the required information may be sent by first-class mail to each person owning real property, addressed to the property owner at his residence or principal place of business as shown on the current year property tax roll.

(e) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The county fiscal court may set reasonable time limits for such testimony.

(6) (a) That portion of a tax rate, excluding any special tax rate which may be levied at the request of a county community improvement district pursuant to KRS 107.350 and 107.360, following a favorable vote upon such tax by the voters of any such county, levied by an action of a county fiscal court which will produce revenue from real property, exclusive of revenue from new property, more than four percent (4%)

over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property shall be subject to a recall vote or reconsideration by the taxing district, such as the case may be, as provided for in KRS 132.017, and shall be advertised as provided for in paragraph (b) of this subsection.

(b) The county fiscal court shall, within seven (7) days following adoption of an ordinance, order, resolution, or motion to levy a tax rate, excluding any special tax rate which may be levied at the request of a county community improvement district pursuant to KRS 107.350 and 107.360, following a favorable vote upon such tax by the voters of any such county, which will produce revenue from real property, exclusive of revenue from new property as defined in KRS 132.010, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property, cause to be published, in the newspaper of largest circulation in the county, a display type advertisement of not less than twelve (12) column inches the following:

1. The fact that the county fiscal court has adopted such a rate;

2. The fact that the part of the rate which will produce revenue from real property, exclusive of new property as defined in KRS 132.010, in excess of four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property is subject to recall; and

3. The name, address and telephone number of the county clerk, with a notation to the effect that that official can provide the necessary information about the petition required to initiate recall of the tax rate.

Section 4. KRS 68.250 is amended to read as follows:

(1) The state local finance officer shall have full power and authority to supervise and direct the form and classifications of all county budgets. He shall approve all budget forms and classifications and may change any form or classification submitted to him before making such approval. The county *judge/executive* [budget commission] shall use the form furnished or approved by the state local finance officer and shall not make any changes therein or use any other form, unless authorized by the state local finance officer.

(2) Not less than twenty (20) days before the time for adoption of the county budget the county judge/executive[, as chairman of the county budget commission,] shall transmit two (2) copies of the proposed budget including statements of both anticipated receipts and expenditures by budget funds, to the state local finance officer for approval as to form and classification.

(3) If the state local finance officer finds that the proposed budget is uniform with the budgets of other counties of the same class in classification of units and conforms to the budget laws he shall approve the classification, return the original copy to the county judge/executive and retain the duplicate copy as part of his records. If the proposed budget is not uniform with the budgets of other counties in classification of units he shall make such changes as he deems necessary for the purpose of establishing uniformity.

(4) If the proposed budget fails to comply with any requirements of law, the state local finance officer shall so notify the county judge/executive, and may refuse to approve the budget until the county *judge/executive* [budget commission] authorizes him to make such changes as he deems to be required by law.

Section 5. KRS 68.260 is amended to read as follows:

(1) The proposed county budget [adopted by the county budget commission], tentatively approved by the fiscal court and approved by the state local finance officer as to form and classification shall be submitted to the fiscal court for adoption not later than July 1 of each year or within ten (10) days after receipt of the certified assessment from the department of revenue, as provided in KRS 133.180, whichever shall be later. The county *judge/executive* [budget commission] shall cause a copy of the proposed budget to be posted in a conspicuous place in the courthouse near the front door, and be published pursuant to KRS chapter 424, at least ten (10) days before final adoption by the fiscal court.

(2) Any taxpayer or group of taxpayers may petition the fiscal court in respect to the budget or any part thereof before final adoption.

(3) If the fiscal court rejects any part of the proposed budget, it shall make the changes in the nature and amount of funds a majority of the court considers desirable; but it has no power to make any change in the form or classification of the budget units or subdivisions of units.

Section 6. KRS 68.310 is amended to read as follows:

Except in case of an emergency concerning which the *county judge/executive, the* fiscal court[, the county budget commission] and the state local finance officer unanimously agree in writing, no county may, during the first half of any fourth fiscal year, beginning with the fiscal year 1941-1942, encumber or expend more than sixty-five per cent (65%) of all its current funds, taken as a unit, budgeted for that fiscal year, not counting as current funds any budgetary allotments for or payments of principal and interest of bonded indebtedness.

Section 7. KRS 68.350 is amended to read as follows:

The state local finance officer shall prescribe the books, blanks and forms to be used by county officials in the administration of the fiscal affairs of the county under the budget laws. He shall examine the budget records and make such investigations as may be necessary to determine the condition of the financial affairs of each county. If the state local finance officer finds that any county officer [or member of a county budget commission] is wilfully violating or neglecting the duties imposed by KRS 68.210 through 68.360, he may institute legal proceedings in the circuit court of that county to compel compliance with the law.

Section 8. KRS 68.990 is amended to read as follows:

(1) Any outgoing county treasurer who fails for ten (10) days to comply with any of the provisions of KRS 68.050 shall be fined not less than fifty (50) nor more than five hundred dollars ($500).

(2) The fiscal court and each member thereof that fails or refuses to comply with any of the provisions of KRS 68.080 shall be fined fifty dollars ($50) for each offense.

(3) Any county officer or member of a fiscal court who violates any of the provisions of KRS 68.110(3) shall be fined not less than one hundred (100) nor more than five hundred dollars ($500), or imprisoned in the county jail for not less than one (1) month nor more than twelve (12) months, or both.

(4) The fiscal court and each member thereof that fails or refuses to implement a system of uniform accounts as prescribed by the executive department for finance and administration pursuant to KRS 68.210 shall be fined one hundred dollars ($100) for each offense.

(5) Any local government official who fails to submit an annual financial report requested by the executive department for finance and administration pursuant to KRS 68.210 shall be fined one hundred dollars ($100) for each offense.

(6) Any county or state officer who knowingly violates any of the provisions of KRS 68.250(4), 68.270, 68.280, 68.310, or 68.320 shall, in addition to the specific liabilities imposed for violating any of the provisions of those sections, be guilty of a misdemeanor and, upon conviction thereof, shall have his office declared vacant, and may also be fined not more than five hundred dollars ($500) or imprisoned for not more than ninety (90) days, or both.

(7) Any county officer [or member of a county budget commission] who wilfully violates any of the provisions of KRS 68.010, 68.020(3), 68.220 to 68.260, 68.290, 68.300 or 68.360 shall be fined not less than fifty (50) nor more than two hundred dollars ($200).

(8) Any person, including a corporation, who wilfully fails to prepare or file a timely return, account, or license application described in KRS 68.185, or who wilfully prepares or files a false or inaccurate return, account, or license application shall be fined not more than one hundred dollars ($100).

Section 9. KRS 66.370 is amended to read as follows:

(1) On or before the fifteenth day of July of each year, the county judge/executive of each county in this Commonwealth shall, for the fiscal year immediately preceding, deliver to the state local finance officer a report showing for the county the total amounts of each and every issue of outstanding bonds and the amount of unfunded debt, if any, together with the interest rate or rates of all indebtedness, sinking fund balances, sinking fund investments or deposits and earnings, payments of debt principal and interest, and such other information respecting indebtedness, whether or not herein enumerated, as the commission may by regulation require.

(2) A county may, by order of its fiscal court, surrender to the state local finance officer all money in hand, notes, bonds, accounts or other credits representing assets available, and such other sums which may hereafter become available from any and all sources, for paying the principal and interest of any bonded debt of the county; Provided, however, that if a county surrenders the sinking fund for any bond issue payable either from the tax levy authorized by section 157 or by section 157a of the constitution of Kentucky or from any special tax levy authorized by law, it must surrender also the sinking funds for all other bonds payable from the same tax levy as herein defined. Such surrender shall be irrevocable on the part of the county. Provided further, that any county which has a bond issue approved under the provisions of KRS 66.310 is required to comply with the provisions of this subsection with respect to the sinking funds for the bonds thus approved and for any other bonds payable from the same tax levy as herein defined. The county judge/executive of any county complying with the provisions of this subsection is hereby relieved of the requirement to submit the annual reports hereinabove specified in this section insofar as these apply to bonded debts, the sinking funds for which have been surrendered to the state local finance officer.

(3) All cash so received by the state local finance officer shall be deposited with the state treasurer to the credit of a fund designated the "county sinking fund." All assets other than cash shall be deposited with the state treasurer and shall be liquidated, upon authorization of the commission, within a reasonable time.

(4) The county treasurer of any county complying with the provisions of this section shall remit monthly to the state local finance officer all moneys received from any tax levy made for the exclusive purpose of paying principal and interest on any bonds. Any moneys appropriated in the county budget from any other source or any moneys required by law to be used for the same purpose shall be remitted as required for paying any principal and/or interest maturities or meeting sinking fund requirements. The state local finance officer is authorized to institute actions in the Franklin Circuit Court to enforce the provisions of this subsection or to recover any such funds as may have been misapplied.

(5) Accounts showing the county sinking fund receipts and disbursements shall be kept by the state local finance officer for each bond issue of each county for which deposits are made in said fund. As of the

close of the county fiscal year the state local finance officer shall, within thirty (30) days thereafter, render to the judge of each county having deposits in said fund a statement thereof for each bond issue of that county. On or about the first day of May of each year, the state local finance officer shall deliver to the county judge/executive[, as chairman of the county budget commission,] an estimate of the principal and interest requirements of outstanding bonds issued by said county or of the proportionate annual amount which should be deposited in a sinking fund.

(6) Disbursements from the county sinking fund shall, when authorized by the state local finance officer, be made in the same manner as other claims on the Commonwealth are paid. Disbursements may be made only for (a) the payment of principal or interest, or both, of the bonds for which the deposit was made, and (b) the investment of such funds as is hereinafter authorized.

(7) All coupons and bonds for the payment of which deposits are made in the county sinking fund shall be paid either directly by the state local finance officer or by the bank designated as paying agent. Such bank may be paid a reasonable fee for such services by the department for local government out of its appropriation. All paid bonds and coupons shall be surrendered to the state local finance officer and canceled, and shall be delivered to the judge/executive of each county along with the annual statement provided for in this section.

Section 10. KRS 66.523 is amended to read as follows:

(1) The board shall prepare a public improvements financing plan which shall become the basis of all its operations including its requests to the fiscal court for appropriations for improvements and facilities described in KRS 66.520. In preparing the plan the board may use the services of all governmental agencies having any duties in connection with the matters of statewide concern described in KRS 66.520. The plan shall include in detail the sources of revenue to defray the costs of all projects. Revenue from appropriations made under KRS 66.520 and planned revenue from annual rental payments shall not be aggregated with each other or any other sources of revenue for any improvement contemplated.

(2) The board shall submit its plan to the fiscal court before incurring any obligation (aside from costs incident to preparation of the plan) with respect to any public improvement. If the fiscal court does not disapprove of the plan in part or as a whole within ninety (90) days from the time the board transmits the plan to the fiscal court, the board may implement the plan to the extent it was not disapproved. The failure of the fiscal court to disapprove the plan, or part of it, shall in no way be deemed to make any obligation incurred by the board under the plan an obligation of the fiscal court.

(3) Annually, at least ninety (90) days prior to the adoption of the proposed county budget [by the county budget commission] pursuant to KRS 68.240, the board shall submit to the fiscal court a report of its affairs. Any supplements or amendments to the board's plan shall be included in the report. The fiscal court shall have ninety (90) days to disapprove of any supplements or amendments. Disapproval or the lack of it for all or any parts of the supplements or amendments shall have the same results as subsection (2) orders for the original plan.

(4) No amendment or supplement shall reduce or release any prior obligation of the board without consent of the obligees.

Section 11. KRS 68.230, County Budget Commission, is repealed.

The Committee on Elections and Constitutional Amendments reported **HCR 7** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HCR 7, A CONCURRENT RESOLUTION requesting and petitioning the Congress of the United States for the purpose of requesting appropriate action by the Congress, either acting by consent of two-thirds of both Houses or, upon the application of the legislatures of two-thirds of the several states, calling a constitutional convention to propose an amendment to the Federal Constitution to require, with certain exceptions, that the total of all Federal appropriations may not exceed the total of all estimated Federal revenues in any fiscal year.

WHEREAS, with each passing year this Nation becomes more deeply in debt as its expenditures grossly and repeatedly exceed available revenues, so that the public debt now exceeds hundreds of billions of dollars; and

WHEREAS, the annual Federal budget continually demonstrates the unwillingness or inability of both the legislative and executive branches of the Federal government to curtail spending to conform to available revenues; and

WHEREAS, unified budgets do not reflect actual spending because of the exclusion of special outlays which are not included in the budget nor subject to the legal public debt limit; and

WHEREAS, knowledgeable planning, fiscal prudence, and plain good sense require that the budget reflect all Federal spending and be in balance; and

WHEREAS, believing that fiscal irresponsibility at the Federal level, with the inflation which results from this policy, is the greatest threat which faces our Nation, we firmly believe that constitutional restraint is necessary to bring the fiscal discipline needed to restore financial responsibility; and

WHEREAS, under Article V of the Constitution of the United States, amendments to the Federal Constitution may be proposed by the Congress whenever two-thirds of both Houses deem it necessary, or on the application of the legislatures of two-thirds of the several states the Congress shall call a constitutional convention for the purpose of proposing amendments. We believe such action vital;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That this Body proposes to the Congress of the United States that procedures be instituted in the Congress to add a new Article to the Constitution of the United States, and that the House of Representatives of the General Assembly of the Commonwealth of Kentucky requests the Congress to prepare and submit to the several states an amendment to the Constitution of the United States, requiring, in the absence of a national emergency, that the total of all Federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated Federal revenues for that fiscal year.

Section 2. That, alternatively, this Body makes application and requests that the Congress of the United States call a constitutional convention for the specific and exclusive purpose of proposing an amendment to the Federal Constitution requiring in the absence of a national emergency that the total of all Federal appropriations made by the Congress for any fiscal year may not exceed the total of all estimated Federal revenues for that fiscal year.

Section 3. That this Body also proposes that the legislatures of each of the several states comprising the United States apply to the Congress requesting the enactment of an appropriate amendment to the Federal Constitution; or requiring the Congress to call a constitutional convention for proposing such an amendment to the Federal Constitution.

Section 4. That this application by this body constitutes a continuing application in accordance with Article 5 of the Constitution of the United States until at least two-thirds of the legislatures of the several states have made similar applications pursuant to Article 5; but if the United States Congress proposes an amendment to the United States Constitution identical in subject matter to that contained in this concurrent resolution then this petition for a constitutional convention shall no longer be of any force or effect.

Section 5. That this application and request be deemed null and void, rescinded and of no effect in the event that such convention not be limited to such specific and exclusive purpose.

Section 6. That copies of this Resolution be sent by the Secretary of State to the members of Congress from Kentucky.

Section 7. That the Secretary of State of this State is directed to send copies of this Joint Resolution to the Secretary of State and presiding officers of both Houses of the Legislature of each of the other States in the Union, the Clerk of the United States House of Representatives, Washington, D. C. and the Secretary of the United States Senate, Washington, D. C.

HB 214, AN ACT relating to the medical assistance program.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 205.560 is amended to read as follows:

(1) The scope of medical care for which the department for human resources undertakes to pay shall be designated and limited by regulations promulgated by said department, pursuant to the provisions hereof. Within the limitations of any appropriation therefor, the provision of complete upper and lower dentures to recipients of medical assistance program benefits who have their teeth removed by a dentist resulting in the total absence of teeth shall be a mandatory class in the scope of medical care. Payment to a dentist of any such medical assistance program benefits for complete upper and lower dentures shall only be provided on the condition of a preauthorized agreement between an authorized representative of the medical assistance program and the dentist prior to the removal of such teeth. *Recipients of medical assistance shall receive information in writing annually explaining the availability of dentures through the medical assistance program, explaining the eligibility requirements for dentures, and informing recipients that dentures are available through dental clinics of schools of dentistry as well as through private dentists.* The selection of

another class or other classes of medical care shall be recommended by the council to the secretary for human resources after taking into consideration, among other things, the amount of federal and state funds available, the most essential needs of recipients, and the meeting of such need on a basis insuring the greatest amount of medical care as defined in KRS 205.510 consonant with the funds available including but not limited to the following categories; except where such aid is for the purpose of obtaining an abortion, induced miscarriage or induced premature birth unless, in the opinion of a physician such procedures are necessary for the preservation of the life of the woman seeking such treatment or except an induced premature birth intended to produce a live viable child and such procedure is necessary for the health of the mother or her unborn child:

(a) Hospital care, including drugs, and medical supplies and services during any period of actual hospitalization;

(b) Nursing home care, including medical supplies and services, and drugs during confinement therein on prescription of a physician, dentist, or podiatrist;

(c) Drugs, nursing care, medical supplies and services during the time when a recipient is not in a hospital but is under treatment and on the prescription of a physician, dentist, or podiatrist;

(d) Physician, podiatric, dental and optometric services;

(e) Nonprofit neighborhood health organizations or clinics where some or all of the medical services are provided by licensed registered nurses or by advanced medical students presently enrolled in a medical school accredited by the Association of American Medical Colleges and where such students or licensed registered nurses are under the direct supervision of a licensed physician who rotates his services in this supervisory capacity between two or more of the nonprofit neighborhood health organizations or clinics specified herein.

(2) Payments for hospital care, nursing home care, and drugs or other medical, ophthalmic, podiatric and dental supplies shall be on bases which relate the amount of the payment to the cost of providing such services or supplies. It shall be one of the functions of the council to make recommendations to the department for human resources with respect to such bases for payment.

(3) No vendor payment shall be made unless the class and type of medical care rendered and the cost basis therefor has first been designated by regulation.

(4) The rules and regulations of the department for human resources shall require that a written statement including the required opinion of a physician shall accompany any claim for reimbursement for abortions, induced miscarriages or premature births. This statement shall indicate the procedures used in providing such medical services.

(5) The range of medical care benefit standards provided and the quality and quantity standards and the methods for determining cost formulae for vendor payments within each category of public assistance and other recipients shall be uniform for the entire state, and shall be designated by regulation promulgated within the limitations established by the Social Security Act and federal regulations. The amount of payments for units of services need not be uniform for the entire state but may vary from county to county and from city to city, as well as among hospitals, based on the prevailing cost of medical care in such locale and other local economic and geographic conditions.

HJR 3, A JOINT RESOLUTION directing the Department of Education to develop and implement a pilot program to determine the actual cost per pupil of programs funded through the Foundation Program.

WHEREAS, the Foundation Program is designed to provide for the equitable distributing of funds to local school districts so that school children throughout the Commonwealth receive equal educational opportunities; and

WHEREAS, funds are appropriated and allotted under the Foundation Program on the basis of classroom units such that the specific needs of pupils are not necessarily addressed; and

WHEREAS, the present method of financial reporting employed uniformly among school districts does not reflect the costs of specific programs; and

WHEREAS, the present method of pupil attendance accounting does not report the number of pupils in each classroom; and

WHEREAS, the General Assembly needs to know the actual costs per pupil of programs so it can appropriate funds to meet the specific needs of pupils in the Commonwealth;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That it is the intention of the General Assembly to determine the actual costs per pupil of programs funded through the Foundation Program for the purpose of providing information which will enable the General Assembly to appropriate funds for distribution to school districts on the basis of a weighted pupil unit or weighted classroom unit. It is the further intention of the General Assembly that unit costs be determined by the Department of Education through the establishment of pilot programs in school districts which shall institute financial and pupil accounting procedures determined to be necessary to provide pertinent information. Pilot programs shall be in operation during the 1980-81 and 1981-82 school years. Data collected shall be used to establish a more accurate method of weighting pupil or classroom units for calculating Foundation Program funds to be allotted to school districts. Financial and pupil accounting procedures developed through the pilot programs, if shown to provide the General Assembly with data needed to allot funds on a more equitable basis, shall be incorporated into general use in all public school districts in the Commonwealth as soon as is feasible.

Section 2. The Superintendent of Public Instruction shall select by July 1, 1980, not less than ten (10) school districts to serve as pilot sites. Participation shall be voluntary. Pilot districts selected shall be broadly representative of districts in the Commonwealth considering such factors as pupil enrollment, type of political subdivisions, wealth per pupil, tax rate levies and numbers of vocational and exceptional units in operation.

Section 3. Financial and pupil accounting data collected shall include but not be limited to the following program areas: kindergarten, primary grades, middle grades, high school grades, vocational, and exceptional. Data collection procedures developed shall be adaptable for use in computer operated systems, machine operated systems, and hand operated systems.

Section 4. There shall be appointed a pilot program advisory committee in accordance with the following:

(1) The committee shall be composed of fifteen (15) members, one (1) member each from the Kentucky Association of School Administrators, the Kentucky School Boards Association, and the Kentucky Education Association appointed by their respective organizations, eight (8) members from participating pilot school districts and two (2) members from school districts not participating as pilot school districts appointed by the state superintendent of public instruction, and two (2) members of the General Assembly from the Interim Joint Committee on Education to be appointed by the Legislative Research Commission. Members shall be appointed by July 1, 1980. The committee shall function until June 30, 1982. Vacancies occurring on the committee shall be filled immediately in the manner of original appointment.

(2) The committee shall elect a chairman from its membership.

(3) The state superintendent of public instruction shall make periodic reports to the State Board for Elementary and Secondary Education and the State Board for Occupational Education and shall designate a staff member of the Department of Education as executive secretary of the committee.

(4) The functions of the committee shall be to advise the state superintendent of public instruction in the development and implementation of the procedures to be used in the pilot school districts and to approve periodic progress reports and a final report which shall contain a financial report and which shall be submitted to the Legislative Research Commission by June 30, 1982.

(5) The members of the committee shall be remunerated for actual and necessary expenses incurred while attending meetings of the advisory committee or while serving in the capacity as representatives of the committee.

(6) The committee shall meet at least three (3) times each year at such times and places as it determines by resolution.

Section 5. The Department of Education shall assume the following functions in developing and implementing the pilot program:

(1) The department, with assistance from the pilot program advisory committee shall develop or cause to be developed in the 1980-81 and 1981-82 school years a pilot program to determine actual costs per pupil of programs funded through the Foundation Program.

(2) The department shall provide staff assistance to the advisory committee.

(3) The department shall provide technical assistance and in-service training for appropriate staff members of pilot school districts.

(4) The department shall administer the funds appropriated for the implementation of the pilot program and such funds may be expended for the following:

(a) Establish contractual relationships with individuals and agencies located within or without the Commonwealth for the purpose of developing and implementing procedures to determine costs per pupil.

(b) Employ personnel in the department as needed and reimburse pilot school districts for direct costs incurred as a result of participating in the pilot program.

(c) Pay expenses for Department of Education personnel employed under (b) of this subsection.

(d) Pay expenses for school district personnel to attend in-service training meetings provided in subsections (3) and (4) of this section.

(e) Pay expenses of advisory committee members.

(f) Purchase forms and pay other necessary expenses as needed in the development and implementation of the pilot program.

Section 6. To carry out the provisions of this resolution, there is appropriated from the General Fund to the Department of Education the sum of $10,000 for fiscal year 1979-80 and $225,000 for fiscal year 1980-81, which sum shall not lapse but shall be carried forward to the next fiscal year and $250,000 for fiscal year 1981-82.

Section 7. Whereas, in order for pilot programs to operate two full fiscal years thereby providing the most accurate cost data possible, the Department of Education needs to have lead time to select pilot school districts and find qualified personnel to operate the program, therefore, an emergency is declared to exist and this Act shall become effective upon its passage and approval by the governor.

HB 104, AN ACT relating to automobile insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.20-040 is amended to read as follows:
(1) As used in this section:
(a) "Policy" means an automobile liability insurance policy, delivered or issued for delivery in this state, insuring a single individual or husband and wife resident of the same household, as named insured, and under which the insured vehicles therein designated are of the following types only:
1. A motor vehicle of the private passenger or station wagon type that is not used as a public or livery conveyance for passengers, nor rented to others; or
2. Any other four-wheel motor vehicle with a load capacity of 1500 pounds or less which is not used in the occupation, profession or business of the insured; Provided, however, That this section shall not apply:

a. To any policy issued under an automobile assigned risk plan, or

b. To any policy insuring more than four automobiles, or

c. To any policy covering garage, automobile sales agency, repair shop, service station or public parking place operation hazards.

(b) "Automobile liability insurance policy" includes only coverage of bodily injury and property damage liability, and the provisions therein, if any, relating to medical payments, uninsured motorists coverage, and automobile physical damage coverage.

(c) "Renewal" or "to renew" means the issuance and delivery by an insurer of a policy replacing at the end of the policy period a policy previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term; Provided, however, That any policy with a policy period or term of less than six (6) months shall for the purpose of this section be considered as if written for a policy period or term of six (6) months. Provided, further, That any policy written for a term longer than one (1) year or any policy with no fixed expiration date, shall for the purpose of this section, be considered as if written for successive policy periods or terms of one (1) year, and such policy may be terminated at the expiration of any annual period upon giving twenty (20) days' notice of cancellation prior to such anniversary date, and such cancellation shall not be subject to any other provisions of this section.

(d) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy, or any instalment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit.

(2) (a) A notice of cancellation of a policy shall be effective only if it is based on one or more of the following reasons:

1. Nonpayment of premium; or

2. The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has been under suspension or, revocation during the policy period or, if the policy is a renewal, during its policy period or the 180 days immediately preceding its effective date.

(b) This subsection shall not apply to any policy or coverage which has been in effect less than sixty (60) days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(c) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding $100 shall not be deemed a cancellation of the coverage or of the policy.

(d) This subsection shall not apply to nonrenewal.

(3) No notice of cancellation of a policy to which subsection (2) of this section applies shall be effective unless mailed or delivered by the insurer to the named insured at least twenty (20) days prior to the effective date of cancellation; Provided, however, That where cancellation is for nonpayment of premium at least ten (10) days' notice of cancellation accompanied by the reason therefor shall be given. Unless the reason accompanies or is included in the notice of cancellation, the notice of cancellation shall state or be accompanied by a statement that upon written request of the named insured, mailed or delivered to the insurer not less than fifteen (15) days prior to the effective date of cancellation the insurer will specify the reason for such cancellation. This subsection shall not apply to renewals.

(4) No insurer shall refuse to renew a policy of automobile insurance solely because of the age of the insured.

(5)[(4)] No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least twenty (20) days' advance notice of its intention not to renew. This subsection shall not apply:

(a) If the insurer has manifested its willingness to renew; nor

(b) In case of nonpayment of premium. Provided, That, notwithstanding the failure of an insurer to comply with this subsection, the policy shall terminate on the effective date of any other insurance policy with respect to any automobile designated in both policies. Renewal of a policy shall not constitute a waiver of estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

(6) The reason for nonrenewal shall accompany or be included in the notice of nonrenewal.

(7)[(5)] Proof of mailing of notice of cancellation or of intention not to renew or of reasons for cancellation *or nonrenewal* to the named insured at the address shown in the policy, shall be sufficient proof of notice.

(8)[(6)] When an automobile liability insurance policy is canceled other than for nonpayment of premium, or in the event of failure to renew a policy of automobile liability insurance to which subsection (4) of this section applies, the insurer shall notify the named insured of his possible eligibility for automobile liability insurance coverage through the Kentucky automobile assigned risk plan. Such notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew.

(9)[(7)] Where the reason for cancellation does not accompany or is not included in the notice of cancellation, the insurer shall upon written request of the named insured, mailed or delivered to the insurer

not less than fifteen (15) days prior to the effective date of cancellation, specify in writing the reason for such cancellation. Such reason shall be mailed or delivered to the named insured within five (5) days after receipt of such request.

(10)[(8)] There shall be no liability on the part of and no cause of action of any nature shall arise against the commissioner or against any insurer, its authorized representative, its agents, its employes, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation, for any statement made by any of them in any written notice of cancellation, or in any other communication, oral or written specifying the reasons for cancellation, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

c. To any policy covering garage, automobile sales agency, repair shop, service station or public parking place operation hazards.

(b) "Automobile liability insurance policy" includes only coverage *for* [of] bodily injury and property damage liability, *basic reparations benefits* and the provisions therein, if any, relating to medical payments, uninsured motorists coverage, and automobile physical damage coverage.

(c) "Renewal" or "to renew" means the issuance and delivery by an insurer of a policy replacing at the end of the policy period a policy previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term; Provided, however, That any policy with a policy period or term of less than six (6) months shall for the purpose of this section be considered as if written for a policy period or term of six (6) months. Provided, further, That any policy written for a term longer than one (1) year or any policy with no fixed expiration date, shall for the purpose of this section, be considered as if written for successive policy periods or terms of one (1) year, and such policy may be terminated at the expiration of any annual period upon giving twenty (20) days' notice of cancellation prior to such anniversary date, and such cancellation shall not be subject to any other provisions of this section.

(d) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy, or any instalment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit.

(2) (a) A notice of cancellation of a policy shall be effective only if it is based on one or more of the following reasons:

1. Nonpayment of premium; or

2. The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has been under suspension or, revocation during the policy period or, if the policy is a renewal, during its policy period or the 180 days immediately preceding its effective date.

(b) This subsection shall not apply to any policy or coverage which has been in effect less than sixty (60) days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(c) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding $100 shall not be deemed a cancellation of the coverage or of the policy.

(d) This subsection shall not apply to nonrenewal.

(3) No notice of cancellation of a policy to which subsection (2) of this section applies shall be effective unless mailed or delivered by the insurer to the named insured at least twenty (20) days prior to the

effective date of cancellation; Provided, however, That where cancellation is for nonpayment of premium at least ten (10) days' notice of cancellation accompanied by the reason therefor shall be given. Unless the reason accompanies or is included in the notice of cancellation, the notice of cancellation shall state or be accompanied by a statement that upon written request of the named insured, mailed or delivered to the insurer not less than fifteen (15) days prior to the effective date of cancellation the insurer will specify the reason for such cancellation. This subsection shall not apply to renewals.

(4) No insurer shall refuse to renew a policy of automobile insurance solely because of the age of the insured.

(5)[(4)] No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least twenty (20) days' advance notice of its intention not to renew. This subsection shall not apply:

(a) If the insurer has manifested its willingness to renew; nor

(b) In case of nonpayment of premium. Provided, That, notwithstanding the failure of an insurer to comply with this subsection, the policy shall terminate on the effective date of any other insurance policy with respect to any automobile designated in both policies. Renewal of a policy shall not constitute a waiver *or* [of] estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

(6)[(5)] Proof of mailing of notice of cancellation or of intention not to renew or of reasons for cancellation *or nonrenewal* to the named insured at the address shown in the policy, shall be sufficient proof of notice.

(7)[(6)] When an automobile liability insurance policy is canceled other than for nonpayment of premium, or in the event of failure to renew a policy of automobile liability insurance to which subsection (4) of this section applies, the insurer shall notify the named insured of his possible eligibility for automobile liability insurance coverage through the Kentucky automobile assigned risk plan. Such notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew.

(8)[(7)] *The reason for nonrenewal or cancellation shall accompany or be included in the notice of nonrenewal or cancellation* [Where the reason for cancellation does not accompany or is not included in the notice of cancellation, the insurer shall upon written request of the named insured, mailed or delivered to the insurer not less than fifteen (15) days prior to the effective date of cancellation, specify in writing the reason for such cancellation. Such reason shall be mailed or delivered to the named insured within five (5) days after receipt of such request].

(9)[(8)] There shall be no liability on the part of and no cause of action of any nature shall arise against the commissioner or against any insurer, its authorized representative, its agents, its employes, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation *or nonrenewal*, for any statement made by any of them in any written notice of cancellation *or nonrenewal*, or in any other communication, oral or written specifying the reasons for cancellation *or nonrenewal*, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

State Of The Judiciary Address
To the General Assembly of Kentucky

By John S. Palmore, Chief Justice
Commonwealth of Kentucky
January 24, 1980

Introduction

Once again it is my great privilege, as Chief Justice, to appear before the General Assembly for the purpose of reporting on the state of the judiciary, its problems and its prospects.

Two years ago the unified judicial system mandated by the 1975 constitutional amendment was very much in its infancy. At the special session in 1976 the General Assembly had made a monumental effort to meet the challenge of enacting the statutory adjustments necessary to its successful implementation. Finishing touches were enacted in the 1978 regular session. Meanwhile, on January 1, 1978, the massive transfer of business from hundreds of county courts, magistrates' courts and city police courts to the new district court had become a reality, and the 120 circuit court clerks had assumed the responsibility for the district courts as well. From the standpoint of public and political impact, this transition was the most important and most difficult phase of the entire undertaking. It was much akin to the launching of a great vessel, newly fitted out and manned by an untried crew.

Now we have undergone the rigors of the shakedown cruise, and the time has come to assess the seaworthiness of our craft. Right off, let me assure you of this: she has weathered a stormy sea, and she will float. The question to be addressed now is what can and should be done to make her more efficient. As in the instance of those great old clipper ships which sailed around the horn and brought fame the world over to their yankee builders, the object of the whole effort is to bring the tea home from China, to get the job done safely and promptly - in a word, to satisfy the customers.

You will not be interested in hearing a recitation of dry statistics and boresome details, nor will time allow it. Each of you has received a voluminous report documenting the operation of the entire system during the calendar year 1978, and you are invited to leaf through or to study it as the spirit moves you. You are welcome also, both now and at any other time, to request such further information or clarification as you may desire. My office and our administrative offices are open to you, and nothing will be obfuscated or concealed from your scrutiny.

The annual report for 1979, of course, has not yet been put together, but most of the figures for the first 11 months of the year are in and will be made available to you as required. So, too, has a budget been prepared, and it is ready for your consideration.

We have during this biennium succeeded in living with the budget you prescribed for us (with some help from the then Governor) in 1976. This experience has laid to rest the fears of many, and the hopes of a malevolent few, that the new court system would be a financial disaster. As you know, it did not require one cent of additional taxes to finance it. It represented, in round figures, only 1% or so of the total amount of expenditures budgeted for the entire government of the state.

Had it not been for the continuing and increased inroads of inflation, which *is*, of course, a *national* disaster, we could have come before you today with only the most modest of requests for additional funding. We would have needed an increase in pay for district judges and trial commissioners, a reasonable increase in the number of trial judges, an upward adjustment in the amount of rental allowance to the counties for the use of their courthouse facilities, and a little more liberal provision here and there for additional personnel, educational programs, equipment and various housekeeping necessities, but none of this would have had serious fiscal impact were it not for the ravaging effect of the inflationary spiral. And we must not be deluded. This problem is all the more deadly by reason of the grim fact that there is no end in sight. In our efforts to deal with it today we simply have to face the realization that whatever we do, and whatever relief we are able to devise, it is likely to be only temporary. Not only is our target moving - it moves faster and relentlessly by the hour.

The District Court

The subject of principal interest and, indeed, anxiety, with which we have been concerned during the past two years has been the operation of the new district court. Though originally it had been estimated that 134 judges would be required, we got 114. It had been our recommendation also that their annual salary be fixed at $33,000, so that the difference between their compensation and that of the circuit judges would be the same as between the other levels of judges in the system. This figure, however, after having been reported favorably by an Interim Joint Committee of the General Assembly in 1976, was whittled to $27,500. Whatever may be your viewpoint today with regard to the appropriateness of these reductions, if my memory serves me correctly I suspect that the decisions were made neither in our chambers nor in yours. But that was another day and time. The world moves on.

In 1978 the workload of our 114 district judges amounted to almost 600,000 cases, an average of about 5,000 per judge. The average disposition, or clearance rate, was 80%, ranging from 90% in one district to 50% in another, depending upon the respective amounts of overload in the various districts. The greatest overload occurred in Franklin County, in which one judge, in a superhuman effort, cleared 5,700 out of 7,800 cases coming before him. That kind of performance cannot be expected of the average judge. Only in 13 districts have the judges been able to clear a total of 5,000 cases per judge in one year. A careful analysis leads us to the conclusion that in order to avoid a continuing build-up of pending cases it is necessary that provision be made for 22 additional district judges. This necessity has been certified to you as provided by the Constitution.

The Circuit Court

The workload of our 87 circuit judges in 1978 totalled some 65,000 cases, averaging 744 per judge, with an overall clearance rate of 91%. The greatest volume occurred in Christian County, with 1,275 new cases filed. The Knox-Laurel, Clark-Madison, and Johnson-Lawrence-Martin circuits were close behind, each with one judge and each with a volume of more than 1,000 new cases per year. These four circuits are those in which we have certified the necessity for additional circuit judges. Other circuits, such as Warren County, with a volume of 981 new filings per judge, and Floyd County, with 972, are almost equally in need, and undoubtedly will require additional judgeships when the General Assembly convenes in 1982. In this connection, our statistics indicate that during the calendar year 1979 the increase in number of cases filed in circuit court will approach 20%.

In considering the workload of the circuit judges it should not be overlooked that in 18 circuits some of the work of the court is done by domestic relations and other special commissioners. In Jefferson County, for example, there are 10 appointed domestic relations commissioners. They are members of the practicing bar. The cost of their services is assessed against the litigants. By contrast, the judges of the Fayette Circuit Court handle domestic relations cases without the help of commissioners. The use of commissioners in some circuits and not in others makes a close comparison of work performance virtually impossible. In any event, the members of the Supreme Court have concluded that the institution of the domestic relations commissioner, or any other commissioner who does judicial work for an elected judge on a part-time fee basis, is unsound and should gradually be phased out of existence through a natural process of attrition. It is our philosphy that if a judge has more work than he is reasonably able to do, that which he cannot do himself should be done by another judge. Consistent with this policy, in those circuits wherein the General Assembly provides for an additional judge the courts will be expected to operate without domestic relations commissioners.

I have referred to the 91% disposition-rate of cases filed in the circuit court. It should be understood that this figure is to some extent inflated by reason of the fact that in several circuits the judges have purged a great deal of dead wood from their dockets by dismissing old and inactive cases. Thus the figures that will be studied by your legislative committees will in some instances reflect a clearance rate of more than 100%, as, for example, in Hopkins County, where in 1978 it was 207%.

Regional Administration

Those of you who served during the 1978 session will recall that we had just instituted a pilot project of regional administration in which several circuits were combined into two regions for the purpose of distributing the workload more evenly among the available judges in the region. In simple terms, the object was to make more efficient use of manpower by temporarily assigning judges with lighter workloads to help those whose volume of work was greater than they could currently handle. This plan has been very successful, and it has now been extended throughout the state for the circuit courts and established in three regions for district courts. As you are well aware, redistricting always has been a thorny political problem, and often it has proved to be quite wasteful. The assignment of judges whose volume of business is less than average to assist in the disposition of business pending before judges whose dockets are excessive has greatly alleviated that perennial problem. Since the beginning of 1978, 504 cross-assignments have been made among circuit judges and 144 among the district judges.

The Appellate Courts

Both of the appellate courts, the Court of Appeals and the Supreme Court, have remained reasonably current in the disposition of cases ready to be heard. In the calendar year 1979, 2,046 appeals and original actions were filed in the Court of Appeals and 1,989 were decided. The Chief Judge of that court estimates that the existing backlog represents about three months' work. There will be no need for additional judges during the next biennium, but only if there is no legislation increasing the volume of work. For example, last year 771 appeals were taken from the Workmen's Compensation Board to the circuit courts, and 249 were taken from the circuit courts to the Court of Appeals. In the event of legislation designed to by-pass the circuit courts, presumably 500 or so of the compensation cases that now end in circuit court will go to the Court of Appeals. That represents the work capacity of five to six additional appellate judges. If, therefore, such a change is made at this session, it will be necessary for us to certify a necessity for more appellate judges.

The Supreme Court during 1979 received 240 appeals, nine original actions, and 22 bar association disciplinary proceedings. It handed down 224 opinions disposing of 258 cases. As of December 31, 1979, 30 cases were ready for oral argument and 27 cases previously argued had been assigned to the members of the Court for preparation of opinions. We entertained 470 motions for review of Court of Appeals decisions, granted 123, and denied 320. The others are on the current docket. Roughly 800 motions of various kinds were heard and decided. Our house is in reasonably good order.

The Problem of Delay in the Courts

Before leaving the subject of judicial manpower requirements, which, as you probably are aware, is a matter of intensive and continuing research and study by the Administrative Office of the Courts, I want to offer this, my own view of the over-all perspective. When you have a flat tire and seek the assistance of a garage or service station, the job is done within a matter of minutes. When you need a doctor it takes a little longer. But when you have a legal problem of a civil or non-criminal nature that requires a court to resolve it, ordinarily it takes months or years of time, worry, expense and frustration. Why is this? Why cannot we have more prompt decisions from the courts? As I see it, there are two major causes for delay in the courts. One is that there is an overabundance of procedural options and safeguards, all of which are well-intended and exist for the purpose of making certain that each litigant has an ample opportunity to develop and present his side of the controversy. During my 30 years or so as a lawyer and judge, however, I have witnessed the proliferation of all this hocus-pocus to a point beyond the endurance of the ordinary man or woman who happens to be caught in the toils of a civil lawsuit. Thus it is that he dreads the very thought of courts and lawyers, and if something isn't done to reverse this process he will sooner or later find other ways and means of relief outside of the judicial system. So I have today requested the Judicial Council, with the aid of our administrative staff, to undertake without delay a thorough analysis of the processes by which civil lawsuits are begun, practiced and ended, for the purpose of seeking out and eliminating all sources of delay and expense that are not absolutely necessary to the achievement of justice and due process. Many, if not most, of the cases handled in district court are just as important to the parties involved as are those that are handled upstairs in the circuit court. Yet they are processed much more promptly, mainly because they have to be. I am not at all convinced that the additional time required to process the average case through circuit court results in that much more real justice. So we shall try to find out, to the end that the general public may have easier and cheaper access to the services of their own courts. And in this effort I intend also to broach the issue to the legal profession itself, which in my opinion bears a heavy share of responsibility, both for the existing situation and for its rectification.

The other major reason a civil lawsuit can't be handled as promptly as a flat tire is one that is universally overlooked. It is the simple truth that we don't have enough judges - never have had, never will have.

In *any* business, whatever it may be, prompt service depends on the availablity of enough people to wait on the customers. The existence of appointed commissioners in the circuit courts, for example, results from a historic unwillingness to provide enough judges to do the work. Other ways had to be found in order to shore up the deficiencies instead of meeting the problem directly. And in this, I submit to you, the losers have not been the judges, or the lawyers - the loser has been the public. The solution is directly analogous to the relationship between crime and the police. There never have been enough policemen, and I doubt that there ever will. But to the extent that there are *not*, we pay for it in the volume of crime we suffer. So it is with the courts. So long as we do not have enough judges - and I mean *good* judges, *qualified* judges - we will pay for it in the form of public dissatisfaction with the kind of service we get from the courts.

Court Facilities

Two years ago, and for some time thereafter, much friction existed between the Court of Justice and a number of county judge-executives and fiscal courts. Indeed one of our district judges had found it necessary to open his court in a tent. Today, happily, I can report to you that this no longer seems to be a serious problem. We have experienced a high degree of cooperation and understanding from the officers of the Kentucky Association of County Officials and of the county Judge-Executives Association. We now approach our problems together, with mutual respect and confidence that reasonable men and women can work out their differences without hostility.

One of the circumstances that brought about this healing of wounds was a fine piece of legislation enacted by the 1978 General Assembly, the court facilities bill, under which the various counties and cities are paid rent and maintenance costs for the space in their buildings that is occupied by the courts. Here again, however, the evil current of inflation has eroded our banks. We had thought that a return of 4% on capital invested in public buildings would be a sufficient contribution to encourage the construction of new and expanded facilities, but the cost of borrowing money today has far outstripped that prospect. In order, therefore, to revitalize it, and at the same time provide more fair a return to the local governments, an amendment to the court facilities act has been prepared and introduced as Senate Bill 104.

During the present biennium the amount budgeted for local facilities has been roughly $10 million. The additional amount required by Senate Bill 104 for the next biennium will be about $2 million. The main feature of this amendment is that it gives a measure of relief from prevailing interest rates to a local government that borrows money to provide more or better facilities for the courts. For more reasons than one, your continuing support of this wholesome program will be an investment of great and lasting value.

Pretrial Release

Four years ago the General Assembly enacted legislation abolishing the professional bail-bond system and establishing a pretrial release program to be administered through the courts. This was one of the greatest and most progressive improvements ever made by any legislative body in the field of criminal justice. It is the envy of every other state in the union. Many judges and legislators from other states have made inquiries and have visited this state to observe and learn about our pretrial release system. In recognition of its success, and of Kentucky's enlightened leadership in the field of bail reform, the National Symposium on Pretrial Services was held in Louisville last year. Other states are now in the process of instituting similar programs. In administering our own, we have been fortunate in having a group of capable, dedicated people to do the job. In fiscal year 1979 they interviewed nearly 105,000 persons, about 60% of whom were released without the posting of oppressive bonds. Less than 5% of those released without bond have jumped bail. Our pretrial people also have handled other responsibilities, such as preparing warrants in some counties and carrying out pretrial mediation programs. We do not have the time, on this particular occasion, to elaborate on the excellence of this program and the performance of our pretrial personnel, but you may rest assured that your work in 1976 was not in vain. The pretrial release program is a shining success, of which you have every right to be proud.

Continuing Education for the Judiciary and Clerks

During the past two years an intensive effort has been made to upgrade the quality of performance of our judges and clerks. 108 judges have attended out-of-state schools and nearly all of the judges have attended annually one or more in-state educational sessions arranged by the Administrative Office of the Courts. Eleven circuit clerks have attended out-of-state schools and nearly all personnel of the circuit clerks have attended training sessions conducted by the Administrative Office of the courts in the course of the past two years. In addition, there has been a total attendance of 933 clerks and judges at regional meetings designed to improve their performance. We have had remarkable interest and cooperation on the part of all these clerks and judges, reflecting a wholesome desire to do a better job for the people they serve.

Judicial Compensation

Once more I am compelled to bring up the nasty subject of inflation. To use one illustration, in 1976 the annual salary of circuit judges was fixed at $35,000. They were satisfied with that figure. But in 1979 the purchasing power of that salary had been reduced to $26,205. For 1980 it will have been reduced to $21,490. Turned around the other way, it would require a salary of $48,510 in 1980 to equal the purchasing power of $35,000 in 1976. A similar crunch exists for all of the judiciary up and down the line. I know you are aware of the problem, but I cite these figures because there may be some of you who do not realize just *how* bad it is. I won't bore you with more details. You have had placed on your desks today a summary of pertinent salary information that I believe will be of great interest to you. I ask you to look it over carefully and give us a fair shake.

One salary bill has already been placed before both Houses, and another will be introduced very shortly. They both approach the problem in terms of cost-of-living increases, with one difference. As I have mentioned earlier, the salary originally recommended for district judges was $33,000. That figure was scuttled in favor of $27,500, which placed the district judges $7,500 below circuit judges, whereas the salary spread between all other levels of the judiciary is $2,000. The bill that has been introduced reduces this separation to $5,000 by raising the base pay of district judges to $30,000 effective January 1, 1982, when the next term of office begins. The other bill, which has not yet been introduced, would raise the base pay of district judges to $33,000 effective for the term of office beginning in 1982. Under each of the respective proposals the base figure would be adjusted upward to compensate for the increased cost-of-living experienced since 1976.

If we are to have an efficient and effective judiciary, we simply *must* have good morale. That is true, of course, for any organization of people. I know that some of you have not been, and may not now be, sympathetic to the desire of the district judges to have this difference between their salary and that of the circuit judges placed on a parity with the existing scale of differences separating the other levels of the judiciary. I only ask you now to hear me out. Let me plead the case for the district judges.

In the first place, the $27,500 salary was always too low, regardless of its comparative relationship to the salary of circuit judges. Already we have lost 11 district judges, at least six of them for financial reasons. On several of those occasions we have been able to find only one person willing to apply for the job. Without financial relief there is no question that we will lose a good many more, and that right soon. Worse still, when election time rolls around next year I am afraid that in many districts there will be no candidates, and if no one is willing to run it follows that neither would anybody accept an appointment to fill the vacancy. In other districts only the most poorly qualified will be available. What this means, in plainer terms, is that just as it would be constitutionally impermissible to eliminate an office by failure to provide any compensation for it, so would it violate the constitution to destroy a judicial office by means of financial starvation. The present salary of district judges simply does not meet the express constitutional mandate that they be given adequate compensation.

With respect to the $7,500 spread between the salaries of district and circuit judges, it is true of course that district judges need not possess (though nearly all of them actually *do*) quite the same qualifications required of circuit judges. On the other hand, their job is infinitely more onerous. For one thing, they must run for office every four years, while the term of a circuit judge is eight years. They hold hearings and trials every day, and deal with the most distasteful kinds of cases. They are called upon at all hours of the day and night to issue warrants and to advise police authorities on the necessity of warrants. More people pass through their courts than pass through any other courts in the Commonwealth. Public opinion of the judicial system as a whole depends more on their performance than it does on the rest of the judges put together, simply because more people are affected by their judgments. Frankly, I am not at all sure that there should be any difference at all between their salary and that of the circuit judges. Though they need not have the same qualifications, it is they who must endure the drudgery, and theirs is the more difficult job.

We have seen now for two years what kind of a job they have done. No man or woman, or any set of men and women, is perfect. In a rare few instances a district judge has been something of a disappointment, but on the whole this group of district judges has brought to the people of Kentucky a degree of even-handed justice that has never existed before, in this or any other state. It is through the sheer force of their excellent performance, under critical public scrutiny, that some who yesterday were attempting to promote a constitutional amendment to abolish the district court have turned their attention to the Ayatollah Khomeini instead. In short, every indication of which I am aware is that the public in general much prefers this kind of court to what we had before.

You all know how difficult it has always been to persuade the voters of Kentucky to adopt a constitutional amendment affecting the machinery of their government. The 1975 Judicial Amendment was a historic milestone. In 1979 the people adopted another amendment, releasing the General Assembly from restrictions which had limited its freedom and authority since 1891. Though I cannot prove it with documentary evidence, I strongly believe that the satisfactory results of the Judicial Amendment broke the ice for the 1979 amendment which set the General Assembly free. Look at it this way: if the district court has proved to be a shambles, do you really think the people would have adopted another amendment last year? I seriously doubt it. Let me say it again - these men and women who have run the district court for the past two years have really put their shoulders to the wheel for *all* of us. They have done a magnificent job, and I for one am proud of them.

I do not want to see them demeaned any longer. So long as they are, we will have growing dissatisfaction and friction within the judicial system, and it will not perform as well as it ought to run. The issue will come up again and again until the source of the problem is finally eliminated. Let us, instead, do it now.

Also trapped in the crunch of inflation are those judges who have retired. That they be given relief is of equal importance with what must be done for judges still in active service. The average pension drawn by retired judges today is 75% of their average salary for the last five years of their service. And that five-year period for every one of them was a period in which the dollar was worth a great deal more than it is worth today. The average judge who retired 10 years ago is now drawing only 32 ½% of current salary. The average widow's pension is but 13 ½% of present salary. An Act designed to effect a modest adjustment for the protection of these people has been prepared and will be introduced for your consideration, and an information sheet explaining it has been placed on your desks today. Please, I beg of you, read it carefully. Do not let those who served us faithfully in the past, and are now powerless and without political influence, be washed down the drain.

The Judicial Budget

We fully appreciate the position in which the members of the General Assembly find themselves in attempting to finance the operations of government with dollars cheapening by the moment and constitutents who want the same services at the old prices. Mindful of this, we have sought to achieve economies wherever possible. For example, with the cooperation of the Court of Appeals the clerk of that court has been appointed as clerk of the Supreme Court also, eliminating a salary of $22,000. Likewise, the separate administrative office of the Court of Appeals has been brought under the Administrative Office of the Courts, eliminating another major salary of $32,000. All merit increases for the personnel of the courts have been suspended since November 1979. Though our proposed budget was submitted to your A & R Committee some time ago, I have instructed our Administrative Director to continue analyzing and refining it to cut it down wherever possible. Even so, substantial increases over the budget for the current biennium are inevitable.

In his recent address to the General Assembly the Governor spoke of priorities. I, too, would like to invite your attention to priorities. We have learned from life that these three essentials of human survival - and they are *essentials*, not *priorities* - are food, clothing and shelter. So, too, for the survival of a democratic government there are three essentials, and again they are not to be confused with optional priorities: They are the legislative, executive, and judicial branches of government. Each of these must be financially supported to the point that it is able to function effectively. This is fundamental, and this necessity should not be viewed in the context of other programs and priorities. It is not, or at least ought not be regarded as, a matter of choice.

There is a bare minimum without which you, the legislative branch, cannot function successfully. There is a bare minimum without which we, the judicial branch, cannot function effectively. And there is a bare minimum without which the executive branch cannot function properly, but in the history of this state the power of the executive has been such that it has never before become necessary to consider the existence of such a minimum. It was buried alive generations ago. Within the vast amount of money expended through the executive branch of government there are, of course, countless programs that must be assessed in terms of priority, but let us not permit the basic necessities of government, including yours and ours, to be thrown into the pot and sifted along with these optional programs, however important and desirable they may be. You are anxious to preserve the degree of independence for which you have long fought and have now achieved. We are anxious to preserve ours as well. Do not let either be frittered away by confusion as to what comes first.

Conclusion

In my first address to the General Assembly, two years ago this day, I expressed the hope for a new day in the relationship between the members of our respective branches of government. That hope, I think, has become a reality. Most of you know that the door to my office is open and that there you will be welcome and be given any information and assistance I have at my disposal. Aside from those few matters that are necessarily of a confidential nature there is no information in our offices that you cannot have if you let us know you want it. Neither I as Chief Justice nor the other members of the court feel that our dealings with the legislative representatives of our own people should be conducted in the style of a poker game or in the atmosphere of a Damascan marketplace. We choose, rather, to play our cards face up, with implicit confidence that you will respect our credibility and give reasonable weight to our advice and judgment.

I trust that you will grant me the indulgence of closing on something of a personal note. As a member of the judiciary I will, of course, benefit personally from whatever is done to relieve the financial condition of the judges. I hope that none of you will think or suspect that the remarks I have made today have been motivated to any extent by personal considerations. As I said earlier, I have been in public life for more than 40 years, excepted for two periods of active duty in the United States Navy. I have been elected to public office seven times. I have served as a city prosecuting attorney, city attorney for two different cities, Commonwealth's Attorney, and 20 years as a member of the highest court of the state. For all of this I have a deep sense of gratitude, of obligation, to the people who have been so good to me, and have given me their trust and confidence. I find the office of Chief Justice distasteful in many aspects. It really isn't my "thing." But I see in it the chance to give back a little of what has been given to me through the years. I want to make the greatest contribution within my limited ability to the development of a judicial system that will be a source of satisfaction and pride to the people of this state - no more and no less. We already have a good system, perhaps indeed the best in the country. But we still have a long voyage before the ship is home. It will be an exciting journey. Come with me!

Representative B. Richardson moved that the Joint Session of the House and Senate be dissolved. Agreed.

The Speaker resumed the Chair.

HB 111, AN ACT relating to special districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 65 IS CREATED TO READ AS FOLLOWS:

(1) Unless otherwise provided by state law, an appointed member of the governing body of a special district may be removed from office by the appointing authority after a hearing with notice as required by KRS Chapter 424 for inefficiency, neglect of duty, malfeasance or conflict of interest. The hearing shall be

initiated by the appointing authority, and the member to be removed shall be notified by registered mail sent to his last known address at least ten (10) days prior to the hearing.

(2) Where the removal of an appointed member of a special district governing body is by the county judge/executive pursuant to subsection (1) of this section, the removal shall be subject to the approval of the fiscal court.

Section 2. KRS 65.040 is amended to read as follows:

(1) Upon approval of the fiscal courts of the counties involved, two or more counties may join together to form a special purpose district to fulfill any purpose which any individual county is presently authorized to fulfill or may be authorized to fulfill in the future.

(2) The membership of the governing body of such multi-county special purpose districts shall be apportioned among the counties in ratio to their population, with each county having at least one member.

(3) Members of the governing body of multi-county special purpose districts may be removed from office as provided by Section 1 of this Act.

Section 3. KRS 65.050 is amended to read as follows:

(1) Any special purpose district may be expanded to include additional counties within its jurisdiction for performing the function for which it was organized.

(2) Before a county may participate in a multi-county special purpose district, the fiscal court shall determine that participation is feasible and necessary. The determination shall be made only after a duly advertised public hearing has been held by the fiscal court.

(3) When a county is added to a multi-county special purpose district, it shall be given representation on the governing body of the district in the same manner as the other counties within the district.

(4) Members of the governing body of multi-county special purpose districts may be removed from office as provided by Section 1 of this Act.

Section 4. KRS 74.020 is amended to read as follows:

(1) A water district shall be administered by a board of commissioners which shall control and manage the affairs of the district. The term of each commissioner is four (4) years, except as provided in this section:

(a) If a district lies wholly within a single county, or operates as a single county district as provided in paragraph (c) of this subsection, the board of commissioners shall consist of three (3) residents of the district, or of any incorporated or unincorporated area served by the district in the county in which the district was originally established, who shall be appointed by the county judge/executive with the approval of the fiscal court. Initial appointments shall be for terms of two (2), three (3) and four (4) years, as designated by the court. Commissioners serving under appointments June 16, 1966 shall continue to serve until the end of their respective terms.

(b) Except as provided in paragraph (c) of this subsection, if a district formed in a single county extends its area to include territory in an adjacent county as provided by KRS 74.115, the board of commissioners shall be appointed by the county judges/executive with the approval of the fiscal courts of the concerned counties as follows: in two (2) county districts, three (3) members from the original district and two (2) members from the extended portion of the district; for extensions into three (3) or more counties, the respective county judges/executive, with the approval of the fiscal courts, shall appoint, in addition to the existing membership of the commission, two (2) members from the original one-county district and two (2) members from the newly extended portion of the district. Orders establishing the extension shall provide for the staggering of initial terms in an equitable manner.

(c) If a single county district administered as provided in paragraph (a) hereof shall acquire an existing water or gas distribution system serving an area which extends beyond the boundaries of the district into another county, or if a district formed in a single county extends its area to include territory in an adjacent county as provided by KRS 74.115, it may operate the distribution system so acquired, or extended, provided the area served outside the county shall be deemed to be a minor portion of the total area served by the district, and provided the fiscal court of the county containing such minor portion of the total area shall have agreed to the acquisition or to the extension of the distribution system. If less than twenty-five percent (25%) of the total assets of the distribution system are located within the county outside of the boundaries of the district, it will be conclusively presumed that said district comes within the terms of this subsection.

(2) *A commissioner may be removed from office as provided by Section 1 of this Act.*

(3) Vacancies shall be filled by the same appointing authority which is empowered to make the original appointment. Vacancies resulting from cause other than expiration of the term shall be filled for the unexpired term only.

(4)[(3)] The commission shall elect a chairman, secretary and treasurer. Each commissioner shall execute a bond, approved by the county judge/executive, conditioned on the faithful performance of the duties of his position.

(5)[(4)] Each commissioner shall receive an annual salary of not more than thirty-six hundred dollars ($3600), which shall be paid out of the water district fund. In the case of single-county districts, which shall be deemed to include districts described in paragraph (c) of subsection (1) of this section, the salary shall

be fixed by the county judge/executive with the approval of the fiscal court; in multi-county districts it shall be fixed by the agreement between the county judge/executive with the approval of their fiscal courts. In fixing and approving the salary of the commissioners, the county judge/executive and the fiscal court shall take into consideration the financial condition of the district, and its ability to meet its obligations as they mature.

Section 5. KRS 75.031 is amended to read as follows:

(1) *(a)* Upon creation of a fire protection district or a volunteer fire department district as provided in KRS 75.010, the affairs of the district shall be conducted by the board of trustees consisting of seven (7) members, four (4) to be elected by the members of the district as hereinafter set out and three (3) to be appointed by the county judge/executive. Two (2) members of the board of trustees shall be elected by the members of the volunteer fire fighters of the district and shall be members thereof. Two (2) members of the board of trustees shall be property owners who own and reside in the property in the district who are not active volunteer fire fighters and shall be elected by such property owners. The county judge/executive of the county in which the greater part of the district is located shall, *with the approval of the fiscal court,* appoint three (3) members of the board of trustees. In counties containing a city of the first class trustees appointed by the county judge/executive to serve in volunteer fire prevention districts shall reside within the boundaries of that county. At the first election held after the district is formed, one (1) volunteer fire fighter shall be elected to serve on the board of trustees for a period of one (1) year and one (1) for a period of three (3) years and one (1) nonvolunteer fire fighter property owner shall be elected to serve on the board of trustees for a period of two (2) years and one (1) for a period of four (4) years. On the expiration of the respective terms the successor to each shall have the same qualifications as his predecessor and shall be elected for a term of four (4) years. In the event of a vacancy in the term of an elected trustee, the remaining elected trustees shall elect a trustee to fill the vacancy for the balance of the term. The original appointed members of the board of trustees shall be appointed for terms of one (1), two (2), and three (3) years respectively. On the expiration of the respective terms the successors to each shall be appointed for a term of three (3) years. In the event of a vacancy in the term of an appointed trustee, the county judge/executive shall appoint a trustee for the remainder of the term.

(b) An appointed trustee may be removed from office as provided by Section 1 of this Act.

(2) The elective offices of members of the board of trustees shall be filled by an election to be held once each year on a date determined by the department. The polls shall be located at the principal fire house in the district. The date, time and place of the election shall be advertised in accordance with KRS 424.120. This notice shall be advertised at least thirty (30) days prior to the election date and shall include the names and addresses of the candidates to be voted on for each position of trustee. The nominations for candidates for trustees both representing the fire fighters and the property owners residing in the district shall be made in accordance with the bylaws of the department. The terms of the three (3) trustees appointed by the county judge/executive shall start at the same time as the terms of the elected trustees. On or before the beginning of the second fiscal or calendar year, depending on which basis the fire protection or volunteer fire department district is being operated, after June 16, 1966 all departments organized prior to June 16, 1966 shall increase their boards of trustees from three (3) to seven (7) members and elect the elective members in the manner set forth herein.

(3) Such trustees shall elect from their number a chairman, a secretary and a treasurer, the latter of whom shall give bond in such amount as shall be determined by the county judge/executive of the county in which the greater part of the fire protection district is located, conditioned upon the faithful discharge of the duties of his office, and the faithful accounting for all funds which may come into his possession as such treasurer. The premiums on such bonds shall be paid out of the funds of the district.

Section 6. KRS 76.315 is amended to read as follows:

(1) If the county judge/executive orders such district established, the county judge/executive shall, *with the approval of the fiscal court,* appoint three (3) commissioners, from among the residents of the sewer construction district. One (1) of the commissioners shall be appointed for a term of two (2) years, one for a term of three (3) years and one (1) for a term of four (4) years from the date of first appointment. Upon expiration of the term of office of each of these commissioners, the county judge/executive shall, *with the approval of the fiscal court,* appoint a commissioner to succeed him, to serve for a term of four (4) years. SECTION 1. A NEW SECTION OF KRS CHAPTER 365 IS CREATED TO READ AS FOLLOWS:

As used in this Act, unless the context requires otherwise:

(1) "Theatre" means any establishment in which motion pictures are exhibited to the public regularly for a charge.

(2) "Distributor" means any person engaged in the business of distributing or supplying motion pictures to exhibitors by rental, sale, or licensing.

(3) "Exhibitor" means any person engaged in the business of operating one or more theatres.

(4) "Exhibit" or "exhibition" means showing a motion picture to the public for a charge.

(5) "Invitation to bid" means a written or oral solicitation or invitation by a distributor to one or more exhibitors to bid for the right to exhibit a motion picture.

(6) "Bid" means a written offer or proposal by an exhibitor to a distributor in response to an invitation to bid for the right to exhibit a motion picture, stating the terms under which the exhibitor will agree to exhibit a motion picture.

(7) "License agreement" means any contract, agreement, understanding or condition between a distributor and an exhibitor relating to the licensing or exhibition of a motion picture by the exhibitor.

(8) "Trade screening" means the showing of a motion picture by a distributor at some location within the state which is open to any exhibitor from whom the distributor intends to solicit bids or with whom the distributor intends to negotiate for the right to exhibit the motion picture.

(9) "Blind bidding" means the bidding for, negotiating for, offering or agreeing to terms for the licensing or exhibition of a motion picture at any time before such motion picture has either been trade screened within the state or before such motion picture, at the option of the distributor, has been otherwise made available for viewing within the state by all exhibitors from whom the distributor is soliciting bids or with whom the distributor is negotiating for the right to exhibit such motion picture.

(10) "Run" means the continuous exhibition of a motion picture in a defined geographic area for a specified period of time. (3) No distributor shall condition the granting or execution of a license agreement on the exhibitor's advancing, more than fourteen (14) days prior to his first exhibition of a motion picture, any money that is to be used as security for the exhibitor's performance of the license agreement or is to be applied to any payments that the exhibitor is required by the agreement to make to the distributor.

(4) Any provision of a license agreement that waives any of the prohibitions of, or fails to comply with, this section or Section 3 of this Act is void and unenforceable. Any license agreement that fails to comply with this section or Section 3 of this Act is voidable by the exhibitor, if the exhibitor gives the distributor written notice, prior to the exhibitor's first exhibition of the motion picture that is the subject of the agreement, of his intent to have the agreement voided.

SECTION 3. A NEW SECTION OF KRS 365 IS CREATED TO READ AS FOLLOWS:

(1) If bids are solicited from exhibitors for the purpose of entering into a license agreement, the invitation to bid shall specify:

(3) Every distributor shall furnish to all exhibitors in this state reasonable and uniform notice of all trade screenings that are held within this state of motion pictures that he is distributing.

(5) Any exhibitor, or the agent of an exhibitor, who submits a bid for a particular run of a motion picture may, at reasonable times within sixty (60) days after the bid is opened, examine any bid that is made for the same run of the motion picture by another exhibitor. The exhibitor may inspect the bids even if the distributor rejects all bids that are submitted. Within seven (7) business days after a bid for a particular run of a motion picture is accepted, the distributor shall notify in writing each exhibitor who submitted a bid for that run of the motion picture of the terms of the successful bidder. Any bid submitted is nonreturnable.

(6) If a distributor issues invitations to bid for a motion picture, he shall not enter into a license agreement for the exhibition of the motion picture except by means of the bidding process specified in this section. If the distributor rejects all bids submitted pursuant to an invitation to bid, he shall notify all exhibitors who submitted bids that he rejected all bids and shall issue a new invitation to bid.

HB 137 to the Committee on Education.

The Committee on Natural Resources and Environment reported **HR 30** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HR 30, A RESOLUTION urging the Attorney General of the Commonwealth of Kentucky to take immediate legal action to enjoin the same requirements of the federal Surface Mining Control and Reclamation Act of 1977 as were declared unconstitutional by the U. S. District Court, Western District of Virginia, Civil Action No. 78-0224-B, January 3, 1980.

WHEREAS, the U. S. District Court, Western District of Virginia, on January 3, 1980 permanently enjoined Section 515(d) and (e) of the federal Surface Mining Control and Reclamation Act and ruled "the portions of the Act requiring steep slopes to be restored to approximate original contour are not environmentally sound and do not serve the interests of the federal government and are so burdensome on the Commonwealth of Virginia as to threaten its economy."; and

WHEREAS, the same court ruled that Section 515(d) and (e), relating to restoration of the approximate original contour after mining and Section 522, relating to designating areas unsuitable for surface coal mining, "are hereby declared and adjudged to be unconstitutional as a taking of private property without just compensation in contravention of the Fifth Amendment of the United States Constitution, until such time as the federal government sees fit to obtain said land by eminent domain and payment of just compensation."; and

WHEREAS, the federal court ruled "the act also provides for summary issuance of cessation orders and civil penalties, which have been shown to deprive mine operators of procedural due process of the law as guaranteed by the Fifth Amendment" and therefore permanently enjoined Section 518, relating to penalties; Section 521(a)(1)-(3), relating to the immediate issuance of cessation orders; and Section 525, relating to a request for review of enforcement orders by any person having an interest which is or may be adversely affected by the order; and

WHEREAS, the economy of the Commonwealth of Kentucky is greatly dependent on the mining of coal, which is the state's second largest industry; and

WHEREAS, the application in Kentucky of those requirements of the federal law which will not apply in Virginia because they have been enjoined will place the coal industry in Kentucky in a significant competitive disadvantage; and

WHEREAS, it is the desire of the General Assembly that Kentucky coal not be treated in an unfair or unconstitutional manner;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Attorney General is urged to take legal action to seek an injunction against and declaratory relief from the federal Surface Mining Control and Reclamation Act of 1977 based upon the decision of the U. S. District Court, Western District of Virginia, Civil Action No. 78-0224-B, January 3, 1980.

Section 2. That copies of this resolution be sent to the state Attorney General, Office of Surface Mining in both Knoxville and Washington, D. C., the Governor, Kentucky's Congressional Delegation, and to President Carter.

WHEREAS, registration of ownership, or interest, or holding at the time of purchasing or otherwise obtaining any interest, is best effectuated and controlled through a disclosure procedure with the secretary of state and the property valuation administrator in each county where such land is located;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

This Act shall be known and may be cited as the "Alien Land Investment Act."

SECTION 2. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

It is the purpose and intent of the general assembly to establish a comprehensive reporting system to monitor acquistion of all interests, other than security interests, obtained in mineral rights and agricultural lands by non-resident aliens and foreign business concerns.

SECTION 3. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

As used in this Act unless the context otherwise requires:

(1) "Agricultural land" means any tract or tracts of land in this state having a cumulative total of more than forty (40) acres whether inside or outside the corporate limits of any municipality, which is capable, without substantial modification to the character of the land, of supporting an agricultural enterprise, including, but not limited to, land used for the production of agricultural crops or fruit or other horticultural products, or for the raising or feeding of animals for the production of livestock or livestock products, poultry or poultry products, or milk or dairy products.

(2) "Alien" means:

(a) Any foreign person who is not a citizen or national of the United States or who is not a resident of the United States or of some state, territory, trusteeship or protectorate of the United States, or who is not lawfully admitted to the United States for permanent residence or parole into the United States under the immigration and nationality act;

(b) Any person, other than an individual or a government, which is created or recognized under the laws of a foreign government or which has its principal place of business located outside of all the states;

(c) Any person, other than an individual or a government, which is created or organized under the laws of any state and in which a significant interest or substantial control is directly or indirectly held:

1. By any person referred to in paragraph (a) of this subsection;
2. By any person referred to in paragraph (b) of this subsection;
3. By any foreign government; or
4. By any combination of such individuals, persons or governments.

(3) "Residence" means the place of general abode; the place of general abode means the principal, actual dwelling place in fact, where the individual intends to remain permanently or at least for an indefinite period of time.

(4) "Foreign business" means any business entity whether or not incorporated, including, but not limited to, corporations, partnerships, limited partnerships, joint ventures and associations in which a controlling interest is owned by aliens. In determining ownership of a foreign business, legal fictions such as corporate form or trust shall be disregarded.

(5) "Foreign government" means any government other than the federal government, or any government of a state, or a political subdivision of a state.

(6) "Person" includes any individual, corporation, company, association, firm, partnership, society, joint stock company, trust, estate, or any other legal entity.

SECTION 4. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

(1) It shall be considered ownership or interest in mineral rights and agricultural lands whenever an alien or foreign business shall purchase as an owner, shall lease, or otherwise hold any interest in any mineral rights or agricultural lands in this state; and such alien or foreign business shall be required to register that interest and disclose the actual names of the alien owners of such property.

(2) Constructive ownership, as defined by the internal revenue service in 26 U.S.C.A. Section 318, shall apply when enforcing the provisions of this Act in determining limitations on ownership; and ownership or interest in various parcels of land wherever situated in the state and whether or not contiguous shall be considered in order to arrive at the cumulative land holding amount.

SECTION 5. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

(1) At the time of the initial purchase or transfer of land which will result in a change in ownership or interest in agricultural land or mineral rights, registration and disclosure of the actual ownership or interest

shall be made to each county property valuation administrator where the property or portion thereof is located and to the office of the secretary of state. Additionally, where any percentage change in ownership or interest occurs, which does not result in a complete change in ownership title, either to the land or in the stock holdings or other interests of the foreign business, but which will then cause the property in question to qualify under the provisions of this Act, then at that time and in that event, disclosure shall be made to the office of the secretary of state reflecting the change. Disclosure shall be made within ninety (90) days of the original transaction or change in ownership or interest.

(2) If on the effective date of this Act any person shall own land or hold an interest in land who would otherwise qualify under the provisions of this Act to register and disclose the actual ownership had the Act been in effect when the purchase or change in ownership occurred, such person shall have one (1) year from the effective date of this Act to comply with the provisions herein. Notice of the requirement to register and disclose shall accompany the property tax bill for the year in which this Act takes effect and shall be in a form prescribed by the secretary of state as provided in Section 9 of this Act.

SECTION 6. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

(1) Failure to comply with this Act or knowingly submitting a report which does not contain all the information required or which contains information that is misleading or false shall result in a fine of twenty-five percent (25%) of the market value of the affected interest in the land. The fine shall attach to all real property of the alien or foreign business as a first lien having first priority over all liens. Interest at the current legal rate shall begin to run from the date of noncompliance and shall accumulate until payment or the land is sold to satisfy the lien, whichever occurs first. This shall be a lien upon the fee in such property, and not merely upon the interest of the person to whom such property is or ought to be assessed, but to any and all other interests in the property, whether in reversion or remainder, or of lienors, or of any nature whatever. This lien shall extend to each and every part of all tracts or lots of land, notwithstanding any division or alienation thereof, or advertising the same in the name of persons not actually owners thereof at the time of the sale.

(2) Failure to pay the fine within one (1) year from the date of attachment as a lien to such property shall cause the property to be sold to satisfy the lien. The secretary of state shall be responsible for the sale of the land to satisfy the lien, together with accumulated interest and reasonable attorney fees.

SECTION 7. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

It shall be the duty of the attorney general to enforce the provisions of this Act as follows:

(1) To investigate any alleged violations as reported by the office of the secretary of state and to investigate any sworn complaint filed in relation to any alleged violations of this Act; and to take appropriate action to provide for the enforcement of the provisions of this Act.

(2) The attorney general may:

(a) Seek injunctions from a circuit court of this state to enforce the provisions of this Act; and

(b) Require any person to answer in writing and under oath or affirmation any question within the knowledge of that person concerning any transaction which qualifies under the provisions of this Act.

SECTION 8. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

All funds received from a violation pursuant to Section 6 of this Act, shall be paid proportionately to the respective general education funds of the county where the property is located to be used for public education.

SECTION 9. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

(1) The responsibility of preparing the necessary forms and the initial implementation of the procedures under this Act shall be through the office of the secretary of state together with the county property valuation administrators through the department of revenue. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.010 is amended to read as follows:
As used in this chapter, unless the context otherwise requires:
(1) "Department" means the department of revenue.
(2) "Taxpayer" means any person made liable by law to file a return or pay a tax.
(3) "Real property" includes all lands within this state and improvements thereon.
(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.
(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.
(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent per one hundred dollars of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. *For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.*
(7) "Net assessment growth" means the difference in the total valuation of property subject to taxation by the county, city, school district or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and the total valuation of property subject to taxation by the county, city, school district or special district for the current year.

(c) The value of improvements to existing nonresidential property;
(d) The value of new residential improvements to property;
(e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;
(f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator the value of such property as a farm shall be a deletion from that category;

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided;

[(i) The total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year.]

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least ten contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government, where such activities produced an average annual gross income including payments under a state or federal program according to the following scale:

Acres	Annual Gross Income +	Income Per Acre

Over 250	$5,900+	$5.00 per acre, or a fraction thereof, over 250 acres.

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there must be an annual gross income of these amounts within two (2) years of purchase. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(10) "Horticultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least five contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers or ornamental plants, where such activities produced an average annual gross income according to the following scale:

Acres	Annual Gross Income +	Income Per Acre
5 to 30	$1,000 minimum, or	$100.00 per acre, or a fraction thereof, over 5 acres, or whichever amount is greater.

Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;

(b) Degree of productivity of the soil;

(c) Risk of flooding;

(d) Improvements to and on the land that relate to the production of income;

(e) Row crop capability including allotted crops;

(f) Accessibility to all-weather roads and markets; and

(g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.

(3) No district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate within the limits imposed in subsection (2) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010, except as provided in KRS 157.565, until the district board of education has complied with the provisions of subsection (10) of this section.

No general school budget shall become effective and no ad valorem levy shall be made until approved by the state board of education.

(d) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The district board of education may set reasonable time limits for such testimony.

(11)(a) That portion of a general tax rate, a voted general tax rate, or a voted building tax rate, except as provided in KRS 157.565, levied by an action of a district board of education which will produce, respectively, revenue from real property, exclusive of revenue from new property, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 [from real property], shall be subject to a recall vote or reconsideration by the district board of education, such as the case may be, as provided for in KRS 132.017, and shall be advertised as provided for in paragraph (b) of this subsection.

(b) The county fiscal court, district board of education, or legislative body of a city, urban-county government or other taxing district may cause the cancellation of the election by reconsidering the ordinance, order, resolution, or motion and amending such ordinance, order, resolution, or motion to levy a tax rate which will produce no more revenue from real property, exclusive of revenue from new property as defined in KRS 132.010, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property. Such action by the county fiscal court, district board of education, legislative body of a city, urban-county government or other taxing district shall be valid only if taken within fifteen (15) days following the date of the presentation of the petition.

If a majority of the votes cast upon the question favor its passage, the order, resolution, or motion shall go into effect.

(b) In the event an election is necessary for a school district under the provisions of subsection (1) of this section, the district board of education may cause to be submitted to the voters of the district in a called common school election not less than 20 days nor more than 30 days from the date the signatures on the petition are validated by the county clerk, or at the next regular election, at the option of the district board of education, the question as to whether such property tax rate shall be levied. The question shall be so framed that the voter may by his vote answer "for" or "against." If a majority of the votes cast upon the question oppose its passage, the order, resolution, or motion shall not go into effect, *and the property tax rate which will produce four percent (4%) more revenues from real property, exclusive of revenue from new property as defined in KRS 132.010, than the amount of revenue produced by the compensating tax rate defined in KRS 132.010, shall be levied without further approval by the county fiscal court, district board of education, or legislative body of a city, urban-county government or other taxing district, as the case may be.* If a majority of the votes cast upon the question favor its passage, the order, resolution, or motion shall go into effect. (2) An annual ad valorem tax for state purposes of one and one-half (1 ½) cents upon each one hundred dollars ($100) of value shall be paid upon the following classes of intangible personal properties, when such intangible personal properties have not acquired a taxable situs without this state:

Should the equivalency ever be less than thirty (30) cents, as certified by the department of education, the direct payments shall be reduced proportionately.

(7) The provisions of subsection (1) of this section notwithstanding, the state tax rate on real property shall be reduced to compensate for any increase in the aggregate assessed value of real property to the extent that such increase exceeds the preceding year's assessment by more than four percent (4%). In any year in which the aggregate assessed value of real property is less than the preceding year, the state rate shall be increased to the extent necessary to produce the approximate amount of revenue that was produced in the preceding year from real property.

(8) By *the first Monday in June* [July 1] each year, the department of revenue shall compute the state tax rate applicable to real property for the current year in accordance with the provisions of KRS 132.020(6) and certify the rate to the county clerks for their use in preparing the tax bills. In the event the assessments for all counties have not been certified by *the first Monday in June* [July 1], the department shall, when real property assessments *of* [equaling] at least seventy-five percent (75%) of the *total number of counties of the Commonwealth* [estimated total value of the real property assessments] have been certified, make an estimate of the *real property assessments of the* uncertified *counties* [amount] and compute the state tax rate.

(9) In the event that the tax rate set by the department as provided in subsection (8) of this section produces more than a four percent (4%) increase in real property tax revenues, the rate shall be adjusted in the succeeding year so that the cumulative total of each year's property tax revenue increase shall not exceed four percent (4%) per year.

Section 3. KRS 133.030 is amended to read as follows:

(1) The county board of assessment appeals shall convene at the county seat on the *first* [second] Monday in *May* [June] in each year; except that no meeting shall be held until the tax roll has been completed and the inspection period has been held as provided by law, or until revaluation of the property has been completed by the property valuation administrator at the direction of the department of revenue as provided by KRS 132.690 or by the department itself as provided by KRS 133.150. All records of the property valuation administrator, including all data concerning property sales within the preceding year, shall be available to the board while meeting.

(2) The first regular meeting day of the board shall be devoted to a review of the appeals filed with the county clerk as clerk of the board, including a review of recent sales of comparable properties provided in accordance with the provisions of subsection (1) of this section, and an inspection of the properties involved in the appeals when in the opinion of the board such inspection will assist in the proper determination of fair cash value.

(3) The board of assessment appeals shall continue in session only such time as is necessary to hear appeals. The board shall not continue in session more than one (1) day if there are no appeals to be heard nor more than five (5) days after it convenes in each year, unless an extension of time is authorized by the department of revenue upon request of the county judge/executive. Each board member shall be paid not less than ten (10) nor more than twenty-five dollars ($25.00) for each day he serves, the amount to be fixed by order of the fiscal court annually prior to May 1. This compensation shall be paid one-half (½) out of the county levy and the other half out of the state treasury.

(4) Members of temporary panels of the board shall serve at the pleasure of the county judge/executive, Provided however, That their appointment shall be limited to the time necessary for hearing appeals but in no case more than five (5) days except upon approval of an extension of time by the department of revenue. Compensation of panel members shall be in the same manner and at the same rate as provided for members of the board.

Section 4. KRS 133.040 is amended to read as follows:

(1) On or before the second Monday in March, the property valuation administrator shall submit to the department of revenue, on forms provided by the department, a recapitulation of all real property assessed in his county. Such recapitulation shall show the assessment of real property by classification of real property and by taxing district. Within thirty (30) calendar days after receiving the recapitulation, the department of revenue shall direct the property valuation administrator to make any changes that are necessary to correct the real property assessment.

(2) The property valuation administrator shall complete the tax roll of all property in his county before *April 1* [the first Monday in May] of each year in accordance with law, and on or before that date he shall file with the department of revenue, on blanks to be forwarded by the department, a recapitulation of all property assessed on said tax roll with his official certificate attached thereto. Such recapitulation shall show the assessment of property by types of property and by taxing districts. The property valuation administrator shall file with the department of revenue at the same time the schedules containing a list of the intangible personal property. Within thirty (30) calendar days after receiving the recapitulation the department of revenue shall direct the property valuation administrator to make any changes that are necessary to correct the assessment. The department of revenue shall preserve all recapitulations and schedules or a photographic facsimile thereof for a period of seven (7) years from the assessment date.

(3) At the time the property valuation administrator submits his real estate recapitulation and his total property recapitulation to the department he shall submit a copy of the recapitulations to the city clerk of each city in the county using the property valuation administrator's tax roll, the county judge/executive in each county, the treasurer or chief officer of each special district in the county, the chief administrative officer of the urban county and the superintendent of each local school district in his county.

Section 5. KRS 133.045 is amended to read as follows:

(1) The tax roll shall be open for inspection in the property valuation administrator's office for *twelve (12)* [five (5)] days beginning on the *second* [first] Monday in *April* [June] of each year *and shall be open*

for inspection for six (6) days each week one (1) of which shall be Saturday. In case of necessity, the department of revenue may order a reasonable extension of time for the inspection period of the tax roll or it may order that the inspection period be at a different time than that provided herein.

(2) The property valuation administrator shall cause to be published once during the week before the beginning of inspection period, as provided in subsection (1) of this section, in a display type advertisement, the following information:

(a) The fact that the tax roll is open for public inspection;

(b) The dates of the inspection period;

(c) The times available for public review of the tax roll; and

(d) Instructions which provide details on the manner in which a taxpayer may file an appeal, if he is aggrieved by an assessment made by the property valuation administrator.

[The property valuation administrator shall publish pursuant to KRS chapter 424, a notice as to the time of the inspection period.] The cost of such notice shall be paid by the fiscal court of the county. Such notice shall also be posted at the courthouse door. Failure to publish or post notices when the inspection period is at the regular time as provided in this section shall not invalidate assessments made by the property valuation administrator and recorded on the tax roll prior to the inspection period.

(3)[(2)] The tax roll shall be available to the public at reasonable times, other than that provided in subsection (1), and in a manner not unduly interfering with proper operation of the custodian's office and so long as the inspection of the roll or disclosure of information contained therein would not be detrimental to public interest or used for commercial or business purposes unrelated to property valuation and assessment.

Section 6. KRS 133.120 is amended to read as follows:

(1) Any taxpayer aggrieved by an assessment made by the property valuation administrator may appeal to the board of assessment appeals. *The taxpayer shall appeal his assessment by filing in person or sending* [, however, no appeals shall be accepted by the board of assessment unless] a letter or other written petition stating the reasons for appeal, identifying the property for which the appeal is filed and stating the taxpayer's opinion of the fair cash value of the property *with or to* [, shall be filed with] the county clerk within the *twelve* [five]-day period in which the inspection period [is held]. The board of assessment appeals may review and change any assessment made by the property valuation administrator upon recommendation of the department of revenue, county judge/executive, mayor of any city using the county assessment or the superintendent of any school district in which the property is located, provided, such recommendation is made to the board in writing specifying the individual properties recommended for review. If the board of assessment appeals determines that any such assessment should be increased, then it shall give the taxpayer notice in the manner required by subsection (4) of KRS 132.450, specifying a date when the board will hear the taxpayer, if he so desires, in protest of such increase. Any property owner who has listed his property with the property valuation administrator at its fair cash value, likewise may ask the county board of assessment appeals to review the assessments of properties he believes to be assessed at less than fair cash value, providing, he specifies, in writing the individual properties for which the review is sought and factual information upon which his request is based; such as, comparable sales or cost data. Nothing in this section shall be construed as granting any property owner the right to request a blanket review of properties or the board the power to conduct such a review.

(2) The board of assessment appeals shall hold a public hearing for each individual taxpayer appeal in protest of the assessment by the property valuation administrator filed in accordance with the provisions of subsection (1) of this section, and after hearing all the evidence, shall fix the assessment of the property at its fair cash value. The board shall report to the property valuation administrator any property omitted from the tax roll. The property valuation administrator shall assess such property and immediately give notice to the taxpayer in the manner required by KRS 132.450(4), specifying a date when the board of assessment appeals will hear the taxpayer, if he so desires, in protest of the action of the property valuation administrator.

(3) The board of assessment appeals shall have power to issue subpoenas, compel the attendance of witnesses, and adopt rules and regulations concerning the conduct of its business. Any member of the board shall have power to administer oaths to any witness in proceedings before the board.

(4) The powers of the board of assessment appeals shall be limited to those specifically granted by this section.

(5) No appeal under this section shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the court or the Kentucky board of tax appeals shall certify the valuation to the county clerk and the taxpayer shall be billed for any additional tax and six percent (6%) interest from the date when the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to such tax bill.

(6) Any member of the county board of assessment appeals may be required to give evidence in support of the board's findings in any appeal from its actions to the Kentucky board of tax appeals.

(7) It shall be the duty of the county attorney to represent the interest of the state and county in all hearings before the board of assessment appeals and on all appeals prosecuted from its decision. In the event the county attorney is unable to represent the state and county, he or the fiscal court shall arrange for substitute representation.

Section 7. KRS 133.125 is amended to read as follows:

(1) The county clerk, or an authorized deputy, shall act as clerk of the board of assessment appeals; and where additional board panels are appointed, as provided by law, one (1) authorized deputy shall act as clerk for each panel. An accurate record of the proceedings and orders of the board and of each of its authorized panels shall be kept and shall show the name of the owner of the property, the description, the type of property, the amount of the assessment the property valuation administrator placed on the property, and the amount of change made in the assessment by the board. A copy certified by the chairman of the board and attested by the county clerk shall be filed by the clerk with the property valuation administrator and with the department of revenue within five (5) days after the adjournment of the board.

(2) After receipt of the clerk's certification of the action of the board of assessment appeals, the property valuation administrator shall complete his rolls by adding to them all listings and assessments which he may have made after the rolls were open for inspection as provided in KRS 133.045 and making all adjustments ordered by the board, and he shall turn the rolls over to the clerk within ten (10) days after the board adjourns. Whereupon the clerk shall make a recapitulation of the assessment by taxing districts and types of property and shall submit such recapitulation to the department of revenue not later than *the third Monday in May* [June 20] unless the time is extended by the department.

(3) The county clerk shall certify to the county judge/executive the number of days during which the board was in session, and the court shall enter this fact of record along with the amount due the board members for their services. On a presentation of a copy of the order, the executive department for finance and administration shall draw a warrant on the state treasurer in favor of the board members and clerk for the amount due for their services.

(4) The county clerk and any authorized deputies serving as clerk of the board or a panel thereof shall be allowed the same compensation per day for their services as is allowed to members of the board of their county, and they shall be paid in the same manner as members of the board are paid. The county clerk and his authorized deputies shall be allowed compensation for completing and filing the record of the board and for preparing the recapitulation in the same manner as allowed for their services while acting as clerk of the board or clerk of a panel of the board.

(2) Notwithstanding any statutory provisions to the contrary, no district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate for 1979-80 which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the maximum general tax rate, voted general tax rate, or voted building tax rate, respectively, that could have been levied in 1978-79, to the 1978-79 assessment, except as provided in KRS 157.565. In succeeding years, no district board of education shall levy a general tax rate, a voted general tax rate, or a voted building tax rate which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year to the preceding year's assessment, except as provided in KRS 157.565. In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) No district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate within the limits imposed in subsection (2) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010, except as provided in KRS 157.565, until the district board of education has complied with the provisions of subsection (10) of this section.

(4) The superintendent of public instruction shall certify to each district board of education, by *the second Monday in* June [30] of each year, the following:

(a) The general tax rate, voted general tax rate, or voted building tax rate that a district board of education could levy under the provisions of subsection (2) of this section, and the amount of revenue expected to be produced by each;

(b) The compensating tax rate as defined in KRS 132.010 for a district's general tax rate, voted general tax rate, or voted building tax rate, and the amount of revenue expected to be produced by each;

(c) The general tax rate, voted general tax rate, or voted building tax rate which will produce, respectively, no more revenue from real property, exclusive of revenue from new property, than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 from real property, and the amount of revenue expected to be produced by each.

(5) *The department of revenue shall submit to the superintendent of public instruction, by the first Monday in June of each year, certified property assessment data as required in KRS 133.125.* [The net assessment growth and new property determined in accordance with KRS 132.010 and 132.015 shall be certified to the superintendent of public instruction by the department of revenue by June 15 of each year.]

(6) Within thirty (30) days after the district board of education has received its assessment data, three (3) copies of the budget shall be forwarded to the state board of education for its approval or disapproval. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

(7) The budget shall be disapproved by the state board of education if it is financially unsound or fails to provide for:

(a) Payment of maturing principal of and interest on any outstanding voted school improvement bonds of the school district authorized and issued pursuant to KRS 162.080 and 162.090, with the written approval of the state board of education, or

(b) Payment of rentals in connection with any outstanding school building revenue bonds issued for the benefit of the independent school district or county school district, as the case may be, by the appropriate city or county as authorized and provided under the provisions of KRS 162.120 to 162.300 and KRS 58.010 to 58.140, with the written approval of the state board of education, or fails to comply with the law; and the state board of education shall state its reason, or reasons, for such disapproval.

In such event the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval and resubmit the budget to the state board of education for its final approval.

(8) If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy in accordance therewith, so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective and no ad valorem levy shall be made until approved by the state board of education.

(9) Each district board of education shall, if required by the state board of education, prepare and submit to it not later than September 15, a close estimate or working budget which shall conform to the rules and regulations prescribed by the state board of education, and which shall be consistent in its major divisions with the general school budget previously prepared.

(10) (a) A district board of education proposing to levy a general tax rate, voted general tax rate, or voted building tax rate within the limits of subsection (2) of this section which exceed the compensating tax rate defined in KRS 132.010, shall hold a public hearing to hear comments from the public regarding the proposed tax rate. 7. The purpose of the hearing; and

8. A statement to the effect that the general assembly has required publication of the advertisement and the information contained herein.

(c) In lieu of the two (2) published notices, a single notice containing the required information may be sent by first-class mail to each person owning real property, addressed to the property owner at his residence or principal place of business as shown on the current year property tax roll.

(d) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The district board of education may set reasonable time limits for such testimony.

HJR 8, A JOINT RESOLUTION requiring that Kentucky industries convert to coal wherever possible, that state facilities use coal, and that the state test innovative boiler designs in state-owned facilities.

WHEREAS, the United States today faces grave energy shortages although we have massive coal reserves; and

WHEREAS, energy shortages have resulted from dependence on petroleum and natural gas, fuels which are less abundant in this country than coal; and

WHEREAS, despite these shortages, many facilities which were built to burn coal have been converted to burn oil or gas, and new facilities which could efficiently burn coal continue to be built for other fossil fuels; and

WHEREAS, despite much rhetoric from national leaders in support of coal use and despite federal legislation to require large industries to convert to coal, in reality little has been done to effectively replace imported oil with domestic coal;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That Kentucky industries use coal for boiler fuel wherever possible. The provisions for coal use in large industrial boilers, contained in the Federal Powerplant and Industrial Fuel Use Act of 1978, also shall be followed for industrial boilers smaller than 100 million BTU per hour located or planned in Kentucky. Oil or gas boilers which can convert to coal, coal mixtures or derivatives, shall do so. New facilities shall be designed to burn coal or coal products efficiently and cleanly. New facilities shall not be designed for petroleum or natural gas unless compelling circumstances prohibit coal use. These provisions apply to all industrial boilers with a rated capacity greater than 5 million BTU per hour.

Section 2. That state-owned boilers utilize coal wherever possible, and that the state utilize and test innovative coal-fired boiler designs in state facilities to help develop clean, efficient medium-sized units compatible with environmental requirements.

Section 3. That the text of this resolution be published in the newsletter of the development cabinet, which also shall work with industry associations to notify Kentucky firms of the resolution.

Report of Committees

The Committee on Committees reported the following communication from the Honorable John S. Palmore, Chief Justice, Supreme Court of Kentucky:

Hon. Martha Layne Collins
President of the Senate

Hon. William G. Kenton
Speaker, House of Representatives

Dear Mme. President and Mr. Speaker:

The purpose of this letter is to correct a possible misunderstanding with regard to my address to the General Assembly on January 24, 1980. First, however, let me express my deep appreciation to the members of both Houses for having had the privilege of appearing before them and for the warm and generous reception they accorded to me. It certainly was an enjoyable occasion for me.

I am told that there may be some who drew from my remark that the existing salary of the district judges does not meet the constitutional guaranty of "adequate compensation" an inference that a veiled threat was intended. I hasten to assure you that there was no such thought in my mind, nor, so long as I am Chief Justice, will there ever be such a thought. It would not fit my conception of diplomacy and would not be consistent with my respect for the General Assembly and the high regard in which I hold its individual members.

I do in fact think that the salary of the district judges is inadequate, or I would not have said so. That does not mean, however that I think the members of the General Assembly are obliged to agree with me. What I said in this particular respect was in keeping with the theme expressed further on in the speech, which was to the effect that in putting first things first, there are certain fundamental things that are obligatory, as opposed to others that are matters of choice, and that it is of primary importance that we not let them be confused. As St. Paul might have put it, there are things constitutional and things statutory.

My reference to the constitutional provision for adequate compensation was intended merely to call it to the attention of the legislative body that by reason of the shifting tide of inflation the keel of the ship appears to be touching the same. I really do not have any fear that it would be allowed to get stuck there.

I shall appreciate your conveying this message to the members of your respective Houses.

Best regards,

-/sd/ John S. Palmore

HR 12, A RESOLUTION in memory of John B. Breckinridge.

WHEREAS, among distinguished Kentuckians few were peer to John B. Breckinridge, who served the Commonwealth eminently as her Attorney General, member of the House of Representatives, and United States Congressman; and

WHEREAS, the achievements of John B. Breckinridge, though many and mighty, remained ever secondary to his compassion for and devotion to those of his fellows fortunate enough to have benefitted from his lifetime of public service; and

WHEREAS, though his name was synonymous with political prominence in Kentucky, John B. Breckinridge relied instead on his innate qualities of courtesy, humility, insight, an unerring sense of propriety, and constant diligence and aptitude to bear him across a political career spanning four decades; and

WHEREAS, throughout this most remarkable of careers, this honorable gentleman seemed never too busy nor preoccupied to bestow a kind word, a friendly greeting or a helping hand to those many who sought his assistance or advice;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. That the House of Representatives does hereby express its most heartfelt sense of loss and bereavement upon the death of John B. Breckinridge, and does hereby extend deepest sympathy to his family.

Section 2. That the Clerk be directed to transmit a copy of this resolution to the family of John B. Breckinridge.

HB 206, AN ACT relating to motor vehicle registration.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.045 is amended to read as follows:

(1) Financing statements relating to vehicles required to be registered in Kentucky by the county clerk shall be filed in the office of the county clerk of the county in which the debtor resides or, if the debtor is a nonresident, in the office of the county clerk in which the vehicle is principally operated.

(2) (a) Whenever a financing statement required by KRS chapter 355 relating to any vehicle registered or required to be registered in Kentucky for use on the highway is presented to a county clerk for filing, such clerk shall also immediately note information required by the department relative thereto on the owner's copy of the certificate of registration and ownership or transfer receipt issued for the current registration period as noted in subsection (2) of KRS 186.170, which the secured party must obtain and present to the county clerk, along with the financing statement, within *ten (10)* [fifteen (15)] days, *exclusive of Sundays and holidays,* after execution of the security agreement. The clerk shall also note such information on the clerk's copy of the certificate of registration and ownership or transfer receipt maintained in his office in numerical order. The clerk noting the information on the owner's copy of the certificate of registration and ownership or transfer receipt shall return such receipt to the owner within five days after making such notation. For filing the financing statement, the clerk shall collect a fee pursuant to KRS 64.012 from the secured party and, in addition, for noting the security interest on the required receipts, the clerk shall collect from the secured party a fee pursuant to KRS 64.012 for each additional motor vehicle included on the financing statement.

(b) Whenever a financing statement affecting a vehicle is presented to a county clerk for filing in any county other than the one in which the current receipt was issued, the county clerk shall, in addition to the other requirements of this section, mail a notice of the security interest on a form furnished by the department to the clerk of the county in which the current receipt was issued. Upon receipt of said notice, the county clerk shall attach it to the copy of the current receipt on file, maintained in numerical order, in the county clerk's office and note the security interest on the clerk's copy of the receipt.

(3) For failure to present both the current receipt and financing statement within the time prescribed by subsection (2)(a), the secured party shall *pay a penalty of two dollars ($2) to the county clerk as a prerequisite for noting the security interest on the current receipt* [not be allowed thereafter to file the financing statement in order to perfect the security interest thereon].

(4) Whenever a perfected security interest is assigned, the assignor shall immediately give a statement of assignment to the assignee and at the same time deliver another copy of such statement to the debtor. The assignee shall, within thirty (30) days thereafter, present a copy of the statement of assignment to the county clerk in whose office the financing statement is on file. Upon receipt of the assignment, the county clerk shall mark the same as provided in subsection (2) of KRS 355.9-405 and attach it to the original financing statement. For this service the county clerk shall collect a fee pursuant to KRS 64.012.

(5) Whenever a security interest has been discharged, other than by proceedings under KRS 355.9-501 through 355.9-507 or similar proceedings, the secured party shall, within fifteen (15) days thereafter, deliver a termination statement in the manner required by KRS 355.9-404 to the county clerk of the county in which the financing statement is filed. For failure to file the termination statement within the allowable time, the secured party shall be subject to the penalty provided in KRS 186.990(1). Within five (5) days after the receipt of such documents, the county clerk shall note the filing in the index and, in addition, note on the clerk's copy of the current receipt maintained in his office in numerical order, in language prescribed by the department that the termination statement has been filed. Upon presentation of the owner's copy of the receipt showing such security interest, the clerk shall also note on such receipt that the termination statement has been filed and place the seal of the county clerk thereon. The clerk shall return the owner's receipt to the owner. The county clerk shall remove the financing statement from his files, mark "terminated" thereon and send or deliver it to the secured party along with any continuation statement, statement of assignment or statement of release pertaining thereto. The county clerk shall then file the termination statement in the place from which the financing statement was removed. Termination statements must be retained in the clerk's files for a period of two (2) years subsequent to the date of filing such statement, at which time they may be destroyed. No fee shall be collected for these services by the clerk. Once a security interest has been noted on the owner's copy of a certificate of registration and ownership or transfer receipt, no subsequent certificate of registration and ownership or transfer receipt may be issued by any county clerk free of such notation unless the owner's copy of the current receipt is presented to the clerk and it has noted thereon by the proper county clerk that the termination statement therefor has been filed. If this requirement is met, information relating to any security interest shown on the receipt as having been terminated may be omitted from the receipt to be issued by the clerk.

(6) Whenever any secured party repossesses a vehicle registered with a county clerk, for which a financing statement has been filed, and disposes of such vehicle pursuant to the provisions of KRS chapter 355, he must present, within fifteen (15) days after such disposition, an affidavit in form prescribed by the department and a termination statement or proof that such termination statement has been filed. The new owner shall pay all applicable fees for registering and transferring the vehicle to the county clerk. Upon receipt of such documents, the county clerk who issued the current receipt shall then omit from the certificate of registration and ownership or transfer receipt he issues any information relating to the security interest under which the vehicle was repossessed or any security interest subordinate thereto. However, any security interest, as shown by such clerk's copy of the current receipt, which is superior to the one under which the vehicle was repossessed, must be shown on the receipt issued by the clerk unless the prior secured party has terminated such security interest in such clerk's office or proof of termination is submitted in case such prior security interest was discharged in another clerk's office.

(7) Whenever any vehicle brought into this state is required to be registered with a county clerk and such vehicle is then subject to a security interest in another state as shown by the out of state documents presented to the clerk, the county clerk is prohibited from registering the vehicle unless the owner obtains from the secured party a financing statement and presents same to the clerk along with all fees due. Such a financing statement must conform to the requirements of subsection (3) of KRS 355.9-402. The clerk shall note the out of state security interest on the new registration receipt and on the clerk's copy thereof. This provision does not apply to vehicles required to be registered in Kentucky under forced registration provisions under KRS 186.145. The penalty provided in subsection (3) of this section shall not apply to this subsection.

(8) The fees provided for in this section are in addition to any state fee provided for by law.

(9) Any person violating any provision of this section or any person refusing to surrender a certificate of registration and ownership or transfer certificate upon request of any person entitled thereto, is subject to the penalties provided in subsection (1) of KRS 186.990.

(10) The county clerk is prohibited from filing any financing statement on any vehicle subject to the provisions of this section if a certificate of registration and ownership or transfer receipt therefor is presented to him which has all the spaces provided thereon for noting security interests fully exhausted. The owner must see to it that a termination statement is filed for each discharged security interest and then a duplicate receipt as provided for in KRS 186.180 must be obtained from the clerk by the owner of the vehicle.

(11) Security interests in vehicles sold to or owned by residents of other states must be perfected in the state of such nonresident and repossession of the vehicle must be taken pursuant to the laws of such state, unless the vehicle is principally operated in Kentucky and is properly registered herein under KRS 186.020 and the security interest is authorized to be filed with the county clerk under KRS 355.9-401. However, a security interest on any vehicle which is not used on the public highways and for that reason is not required to be registered for highway use may be filed with the county clerk as otherwise permitted under KRS chapter 355.

The certified abstract shall not include accident reports filed with the bureau of state police under KRS 189.635 and the department shall not furnish to any person the accident report of a driver other than himself.

SECTION 1. A NEW SECTION OF SUBTITLE 14 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

Every homeowners' insurance policy shall provide that in the event of a total loss of the insured personal property, the insurer shall pay the insured the maximum limit of liability for loss of personal property as stated in the declarations section of the policy. No insured shall be required to furnish the insurer with an inventory of the destroyed, damaged, or undamaged personal property, showing in detail quantities, costs, and actual cash value and no insured shall be required to provide such information in the proof of loss filed with the insurer.

HB 278, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.13-270 is amended to read as follows:

(1) The board may promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with it, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid it in determining whether rating systems comply with the applicable standards set forth in

KRS 304.13-030. Such rules and plans may also provide for the recording and reporting of expense experience items which are specially applicable to this state and are not susceptible of determination by a prorating of countrywide expense experience.

(2) In promulgating such rules and plans, the board shall give due consideration to the rating systems on file with it, and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states. No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it.

(3) The board may designate one or more rating organizations or other agencies to assist it in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the board, to insurers and rating organizations.

(4) Each insurer shall report its loss or expense experience to the lawful rating organization or agency of which it is a member or subscriber, but shall not be required to report its loss or expense experience to any rating organization or agency of which it is not a member or subscriber. Any insurer not reporting such experience to a rating organization or other agency may be required to report such experience to the board. Any report of such experience of any insurer filed with the board shall be deemed confidential and shall not be revealed by the board to any other insurer or other person, but the board may make compilations including such experience.

(5) Each workmen's compensation rating organization shall file a statistical plan with the board requiring use of the individual past experience of policyholders for purposes of rate calculation.

Pupil participation in the recitation of the prayer and pledge of allegiance shall be voluntary. Pupils shall be reminded that this Lord's prayer is the prayer our pilgrim fathers recited when they came to this country in their search for freedom. Pupils shall be informed that these exercises are not meant to influence an individual's personal religious beliefs in any manner. The exercises shall be conducted so that pupils shall learn of our great freedoms, including the freedom of religion symbolized by the recitation of the Lord's prayer.

(2) By August 1, 1980, the board of education of each public local school district shall establish a policy and develop procedures whereby the pupils in each elementary and secondary school shall participate in the pledge of allegience to the flag of the United States at the commencement of each school day.

However, notice in the manner provided by KRS chapter 424 must be given at least three (3), but not more than fourteen (14), days in advance of the time and place of any branch registration, and ten (10) days' written notice must be given to the county executive committee of each major political party in the county in which the branch registration is to be held.

HB 26, AN ACT relating to elections.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 117.275 is amended to read as follows:

(1) At the count of the votes in any such precinct, any candidate and any representatives to witness and check the count of the votes therein, who are hereby authorized to be appointed as is provided in subsection (6) of this section, shall be admitted and be permitted to be present and witness the count.

(2) As soon as the polls are closed, and the last voter has voted, the judges shall immediately lock and seal the operating lever or mechanism of the machine so that the voting and counting mechanism will be prevented from operation, and they shall then sign a certificate stating:

(a) That the machine has been locked against voting and sealed;

(b) The number of voters, as shown on the public counters;

(c) The number registered on the protective or accumulative counter or device, if any; and

(d) The number or other designation of the voting machine, which certificate shall be returned by the judges of election to the officials authorized by law to receive the same. The judges shall then compare the number of voters, as shown by the counter of the machine, with the number of those who have voted as shown by the protective or accumulative counter or device.

(3) The judges, in the presence of the representatives mentioned in subsection (1), if any, and of all other persons who may be lawfully within the polling place, shall then make visible the registering counters, and, for that purpose, shall unlock and open the doors, or other covering concealing the same, giving full view of all the counter numbers. The judges shall, under the scrutiny of such representatives, and in the order of the offices as their titles are arranged on the machine, read and announce, in distinct tones, the results as shown by the counter numbers for each candidate and for and against each question voted on. The counters shall not be read consecutively along the party rows or columns, but shall always be read along the office columns or rows, completing the canvass for each office or question before proceeding to the next. The vote as registered shall be entered by the judges, in ink, on quadruplicate return sheets, and also on a general return sheet and statement, all of which, after the canvass is completed, shall be signed by the judges. The total votes cast for each candidate, and for and against each question, and the votes written in, shall then be entered on the general and quadruplicate return sheets and statement. There shall also be entered on the general return sheet and statement the number of voters who have voted, as shown by the lists of voters, and the number who have voted on each machine, as shown by the public counters, and also the number registered on the protective or accumulative counter or device on each machine immediately after the closing thereof and sealing of the machine. The number or other designation of each machine used shall also be entered thereon. In the case of primary elections, quadruplicate return sheets shall remain exposed to view until the said returns and all other reports have been fully completed.

(4) The proclamation of the result of the votes cast shall be announced distinctly and audibly by one of the judges of election, who shall read the name of the vote cast for each candidate and the vote for and against each question submitted. During such proclamation ample opportunity shall be given to any person lawfully present to compare the results so announced with the counter dials of the machine, and any necessary corrections shall then and there be made by the judges, after which the doors or other cover of the voting machine shall be closed and locked and the return sheet shall be signed by each of the judges of election. If any judge shall decline to sign such return, he shall state his reason therefor in writing, and a copy thereof, signed by him, shall be enclosed with such return. Each of the return sheets shall be enclosed

in an envelope, which shall be securely sealed, and each of the judges shall write his name across the fold of the envelope. One (1) of the quadruplicate return sheets, along with the general return sheet and precinct list, shall be directed to the county board of elections of the county in which the election is being held, one (1) to the county clerk of the county in which the election is being held and one (1) to the local governing body of each of the two (2) dominant political parties. Said envelope shall have endorsed thereon a certificate of the election officers, stating the number of the machine, the precinct where it has been used, the number on the seal, and the number on the protective or accumulative counter or device at the close of the polls. Following the tabulation of all votes cast in the election, including absentee votes, the county board shall immediately mail the tabulation result, the general return sheets and the precinct lists from each precinct to the state board of elections.

(5) As soon as possible after the completion of the count, the election officers shall return to the county board of elections the keys to the voting machine received and receipted for by them, and the county clerk in which the precinct is located shall have the voting machine properly boxed or securely covered and removed to a proper and secure place of storage.

(6) In primary elections, each candidate or group of candidates may designate to the county board of elections a representative to witness and check the vote count. In regular elections, the governing authority of each political party, each candidate for member of board of education, independent candidate or independent ticket may designate a representative to the county board of elections to witness and check the vote count. The county board of elections shall authorize representatives of the news media to observe the taking of the tally of votes from the voting machine in each precinct in each primary, regular or special election.

(7) If supplemental paper ballots have been approved, as provided in KRS 118.215, after the polls are closed, the precinct election officials shall stamp "Unused" on all supplemental paper ballots not used. The election officers shall string all used ballots' stubs upon a string provided for that purpose, and the stubs shall be placed in an envelope. The *sheriff and the judge from the opposite political party from the sheriff* [two (2) precinct judges] shall return to the county clerk's office the locked ballot box, all ballot stubs, spoiled ballots and unused ballots at the same time as the tabulation of votes from the voting machine is delivered. The county clerk shall issue a receipt for the number of ballot stubs, unused ballots, spoiled ballots and the ballot box. The county board of elections, or its designee, shall count and tally the paper ballots manually or with the use of tabulating equipment which does not involve an additional voting system. The results of the vote tally shall be certified by the county board of elections to the county clerk and to the secretary of state. The county board of elections shall authorize the candidates or their representatives and representatives of the news media to be present during the counting of the paper ballots. The county clerk shall retain the paper ballots for sixty (60) days, after which time they shall be burned by the county board of elections if no contest or recount action has been filed.

HB 27, AN ACT relating to election precincts.

WHEREAS, on April 1, 1980, the United States Bureau of the Census will conduct the decennial census of the nation's population; and

WHEREAS, by April 1, 1981, the Bureau of the Census must, by federal law, supply state legislatures with complete census data for use in legislative reapportionment and congressional redistricting; and

WHEREAS, the Bureau of the Census utilizes geographical census units not generally identical to Kentucky election precinct boundaries, thereby necessitating a complex translation of census data to the election precincts so as to accomplish Kentucky reapportionment and redistricting subsequent to the 1980 census; and

WHEREAS, alterations of election precinct boundaries during that period of census data analysis would impede efforts to arrive at precinct population estimates prior to the legislative session at which reapportionment is considered and would also unnecessarily delay responses to legislative requests for district population data;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 117 IS CREATED TO READ AS FOLLOWS:

(1) The provisions of KRS 117.055 notwithstanding, the county boards of elections shall maintain the current boundaries of election precincts.

(2) If any county board of elections fails to perform the duty placed upon it by subsection (1) of this section, then the state board of elections shall apply to the circuit court of the county for a summary mandatory order requiring the county board to perform this duty.

(3) The provisions of this Act shall stand repealed upon the termination of the 1982 Regular Session of the General Assembly or upon the termination of any Extraordinary Session of the General Assembly which enacts reapportionment and redistricting legislation, whichever shall occur at the earlier date.

HB 140, AN ACT relating to absentee ballots.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 117.085 is amended to read as follows:

(1) Any qualified voter in any county who will be absent from the county on any election day or any person incarcerated in jail that has been charged for a crime but has yet to be convicted of the said crime may, at any time not less than seven (7) days before the election, make application in person or by mail to the county clerk for a special ballot, except that such application shall be restricted to the use of the voter, [or] the voter's spouse *or the voter's children.* The clerk shall type the name of the absent voter on the application form for that person's use and no other. The application form shall be in the form prescribed by the state board of elections, shall bear the seal of the county clerk and shall contain the following information: name, residential address, precinct, party affiliation, statement of absence on election day, statement of compliance with residency requirements for voting in said precinct, and the voter's mailing address for a special ballot. The form shall be verified and signed by the voter. A notice of the penalty provided in KRS 117.995(4) shall be printed on the application.

(2) If the county clerk finds that the voter is properly registered as stated in his application, he shall immediately mail to the voter a special ballot, two (2) official envelopes for returning the ballot, and instructions for voting. The outer envelope shall bear the words "Absent Voter's Ballot" and the address and official title of the county clerk and shall provide space for the voter's signature, voting address and precinct number. A detachable flap on the inner envelope shall provide space for the voter's signature, voting address, precinct number and notice of penalty provided in KRS 117.995(4). The clerk shall type the voter's address and precinct number in the upper left hand corner of the absent voter's outer envelope and of the detachable flap on the inner envelope immediately below the blank space for the voter's signature. The inner envelope shall be blank. The clerk shall retain the application until thirty (30) days after the election.

(3) A list of persons to whom absent ballots are mailed shall be posted in the clerk's office, for public inspection, and a list shall be included in the supplies sent to each precinct on election day and shall be posted at the polling place throughout the voting hours on election day.

(4) Any person who has been mailed an absent voter's ballot but who shall be in his voting precinct on election day may cancel his absent ballot and vote in person if he appears at the county clerk's office at least seven days prior to election day and returns his absent ballot. Upon such personal appearance of the voter, the clerk shall mark on the outer envelope of the sealed ballot or the unmarked ballot the words "Cancelled because voter appeared to vote in person." Sealed envelopes so marked shall not be opened. The clerk shall remove the voter's name from the list of persons who were sent absent ballots, and the voter may vote in the precinct in which he is properly registered.

Section 2. KRS 117.335 is amended to read as follows:

(1) The challenge of an absent voter's ballot must be in writing and in the hands of the county clerk before 3:00 p.m. on election day.

(2) The county board of elections shall count the absentee ballots. The board may appoint a central absentee ballot counting board of not less than three (3) members, who shall be qualified voters and no more than two-thirds (⅔) of which shall be members of the same political party, to count the ballots at the direction of the county board of elections.

(3) Beginning at 3:00 p.m. on election day the board may meet at the clerk's office to count the absentee ballots. Candidates or their representatives shall be permitted to be present. The county board of elections shall authorize representatives of the news media to observe the counting of absent voters' ballots. The board shall open the boxes containing absent voters' ballots and remove the envelopes one (1) at a time. As each envelope is removed, it shall be examined to ascertain whether the outer envelope and the detachable flap are in proper order and have been signed by the absent voter. All unsigned absentee ballots shall be rejected automatically. The clerk shall compare the signatures on the outer envelope and the detachable flap with the signature of the voter that appears on the registration card. If the outer envelope and the detachable flap are found to be in order the clerk shall read aloud the name of the absent voter. If the vote of such voter is not rejected on a challenge then made as provided in subsection (4), the clerk shall then [open the outer envelope and remove the inner envelope,] remove the detachable flap and place the inner envelope unopened in a ballot box which has been provided for the purpose.

(4) When the name of an absent voter is read aloud by the clerk, the vote of such voter may be challenged and the challenge thereto may be determined and the absentee vote accepted or rejected by the

board as if the voter was present and voting in person, but if the outer envelope and the detachable flap are regular, and substantially comply with the provisions of this chapter, they shall be considered as showing that the absent voter is prima facie entitled to vote. If the vote of an absent voter is rejected pursuant to the challenge, the outer envelope shall not be opened, and the clerk shall write on the envelope the word "rejected".

(5) After the challenges have been made and all the blank inner envelopes have been placed in a ballot box, the box shall be thoroughly shaken so as to redistribute the ballots in the box. The board shall then open the ballot box, remove the absentee ballots from the inner envelopes and count the absentee ballots on a form provided by the state board.

(6) The county clerk shall retain the ballots, detachable flaps and the outer envelopes for thirty (30) days, at which time they shall be burned by the county board of elections. If a contest or recount proceeding is instituted during said thirty-day period, the ballots shall not be burned but shall be disposed of as directed by the court in which such proceeding was instituted.

(7) The county board of elections shall make public the absentee ballot results after 6:00 p.m.

Initial appointments shall be for terms of two (2), three (3) and four (4) years, as designated by the court. Commissioners serving under appointments June 16, 1966 shall continue to serve until the end of their respective terms. *The number of commissioners on the board shall be determined by the county judge/executive upon the creation of the district or before January 1, 1982 whichever shall last occur. NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

This Act shall be known and may be cited as the "Alien Land Investment Act."

SECTION 2. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

It is the purpose and intent of the general assembly to establish a comprehensive reporting system to monitor acquisition of all interests, other than security interests, obtained in mineral rights and agricultural lands by non-resident aliens and foreign business concerns.

SECTION 3. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

As used in this Act unless the context otherwise requires:

(1) "Agricultural land" means any tract or tracts of land in this state having a cumulative total of more than forty (40) acres whether inside or outside the corporate limits of any municipality, which is capable, without substantial modification to the character of the land, of supporting an agricultural enterprise, including, but not limited to, land used for the production of agricultural crops or fruit or other horticultural products, or for the raising or feeding of animals for the production of livestock or livestock products, poultry or poultry products, or milk or dairy products.

(2) "Alien" means:

(a) Any foreign person who is not a citizen or national of the United States or who is not a resident of the United States or of some state, territory, trusteeship or protectorate of the United States, or who is not lawfully admitted to the United States for permanent residence or parole into the United States under the immigration and nationality act;

(b) Any person, other than an individual or a government, which is created or recognized under the laws of a foreign government or which has its principal place of business located outside of all the states;

(c) Any person, other than an individual or a government, which is created or organized under the laws of any state and in which a significant interest or substantial control is directly or indirectly held:

1. By any person referred to in paragraph (a) of this subsection;
2. By any person referred to in paragraph (b) of this subsection;
3. By any foreign government; or
4. By any combination of such individuals, persons or governments.

(3) "Residence" means the place of general abode; the place of general abode means the principal, actual dwelling place in fact, where the individual intends to remain permanently or at least for an indefinite period of time.

(4) "Foreign business" means any business entity whether or not incorporated, including, but not limited to, corporations, partnerships, limited partnerships, joint ventures and associations in which a controlling interest is owned by aliens. In determining ownership of a foreign business, legal fictions such as corporate form or trust shall be disregarded.

(5) "Foreign government" means any government other than the federal government, or any government of a state, or a political subdivision of a state.

(6) "Person" includes any individual, corporation, company, association, firm, partnership, society, joint stock company, trust, estate, or any other legal entity.

SECTION 4. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

(1) It shall be considered ownership or interest in mineral rights and agricultural lands whenever an alien or foreign business shall purchase as an owner, shall lease, or otherwise hold any interest in any mineral rights or agricultural lands in this state; and such alien or foreign business shall be required to register that interest and disclose the actual names of the alien owners of such property.

(2) Constructive ownership, as defined by the internal revenue service in 26 U.S.C.A. Section 318, shall apply when enforcing the provisions of this Act in determining limitations on ownership; and ownership or interest in various parcels of land wherever situated in the state and whether or not contiguous shall be considered in order to arrive at the cumulative land holding amount.

SECTION 5. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

(1) At the time of the initial purchase or transfer of land which will result in a change in ownership or interest in agricultural land or mineral rights, registration and disclosure of the actual ownership or interest shall be made to each county property valuation administrator where the property or portion thereof is located and to the office of the secretary of state. Additionally, where any percentage change in ownership or interest occurs, which does not result in a complete change in ownership title, either to the land or in the stock holdings or other interests of the foreign business, but which will then cause the property in question to qualify under the provisions of this Act, then at that time and in that event, disclosure shall be made to the office of the secretary of state reflecting the change. Disclosure shall be made within ninety (90) days of the original transaction or change in ownership or interest.

(2) If on the effective date of this Act any person shall own land or hold an interest in land who would otherwise qualify under the provisions of this Act to register and disclose the actual ownership had the Act been in effect when the purchase or change in ownership occurred, such person shall have one (1) year from the effective date of this Act to comply with the provisions herein. Notice of the requirement to register and disclose shall accompany the property tax bill for the year in which this Act takes effect and any year thereafter and shall be in a form prescribed by the secretary of state as provided in Section 9 of this Act.

SECTION 6. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

(1) Failure to comply with this Act or knowingly submitting a report which does not contain all the information required or which contains information that is misleading or false shall result in a fine of ten percent (10%) of the market value of the affected interest in the land. The fine shall attach to the land of the alien or foreign business as a lien upon the property. Interest at the current legal rate shall begin to run from the date of noncompliance and shall accumulate until payment or the land is sold to satisfy the lien, whichever occurs first. This shall be a lien upon the fee in such property, and not merely upon the interest of the person to whom such property is or ought to be assessed, but to any and all other interests in the property, whether in reversion or remainder, or of lienors, or of any nature whatever. This lien shall extend to each and every part of all tracts or lots of land, notwithstanding any division or alienation thereof, or advertising the same in the name of persons not actually owners thereof at the time of the sale.

(2) Failure to pay the fine within one (1) year from the date of attachment as a lien to such property shall cause the property to be sold to satisfy the lien. The secretary of state shall notify the attorney general who shall be responsible for the sale of the land to satisfy the lien, together with accumulated interest and reasonable attorney fees.

SECTION 7. A NEW SECTION OF KRS CHAPTER 381 IS CREATED TO READ AS FOLLOWS:

It shall be the duty of the attorney general to enforce the provisions of this Act as follows:

(1) To investigate any alleged violations as reported by the office of the secretary of state and to investigate any sworn complaint filed in relation to any alleged violations of this Act; and to take appropriate action to provide for the enforcement of the provisions of this Act.

(a) Seek injunctions from a circuit court of this state to enforce the provisions of this Act; and

(b) Require any person to answer in writing and under oath or affirmation any question within the knowledge of that person concerning any transaction which qualifies under the provisions of this Act.

(2) Any person who holds or acquires on or after the effective date of this Act any interest, other than a security interest, in agricultural land or mineral rights at a time when such person is not an alien but who subsequently becomes an alien shall comply with the provisions of this Act for disclosure not later than ninety (90) days after the date on which the person becomes an alien.

(3) With respect to any alien, other than an individual or a government, who is required by other provisions of this Act to register, the secretary of state shall, in addition, require such alien to submit to the secretary of state a report containing:

(a) The legal name and the address of each person who holds any interest in the alien;

(b) In any case in which the holder of such interest is an individual, the citizenship of the holder; or

The primary election shall be conducted by the same officers chosen and acting in the same manner, with the same rights and duties, as in the regular election.

(2) Each applicant for nomination shall, at least fifty-five days before the day of the primary election, file with the county clerk a petition signed by at least one hundred (100) voters, in a city of the first or second class, or by at least fifty (50) voters in a city of the third or fourth class, in the following form:

"We the undersigned, qualified voters of the city of .... and residing each at the place indicated opposite his name, do hereby request that the name of .... be placed on the voting machine and special ballot as that of an applicant for nomination for the office of .... at the primary election to be held in our city on the first Tuesday after the fourth Monday in May. We know the applicant to be a qualified voter of the city and a person of good character, and he is, in our judgment, qualified for the duties of the office.

Name	Number	Street
....	....	....
....	....	....
....	....	....................”

No voters shall sign more than one (1) petition with reference to each office that is to be filled. If any voter signs more than one (1) petition of applicants for nomination for mayor or signs the petitions of more applicants for nomination for commissioners than the number of commissioners to be elected, the name of that petitioner shall not be counted as a valid name on any petition.

(3) Immediately upon the expiration of the time for filing petitions the county clerk shall have published as provided in KRS chapter 424, the names of the persons as they will appear upon the primary ballot labels and special ballots, and shall thereupon cause the primary ballot labels and special ballots to be printed.

(4) Subsection (3) of this section shall not apply if it appears, immediately upon the expiration of the time for filing petitions, that there are not more than two (2) applicants for nomination as mayor or not more applicants for nomination for commissioner than twice the number of commissioners to be elected. In that case the applicants for mayor and the applicants for commissioner shall thereby be nominated, and no primary election shall be held for nomination for those offices.

Above the names of the applicants for nomination for mayor shall be printed the words, "Vote for one," and above the names of the applicants for nomination for commissioners shall be printed the words, "Vote for four," in a city of the second, third or fourth class. No party designation or emblem of any kind, nor any sign indicating any applicant's political belief or party affiliation shall be used.

(8) The two (2) applicants receiving the highest number of votes for nomination for mayor shall be thereby nominated. The eight (8) applicants receiving the highest number of votes for nomination for commissioners are thereby nominated.

(9) The expenses of the primary election shall be paid by the city, when only city offices are on the ballot. When the ballot includes offices other than city offices, the city shall bear its proportionate share of the cost of the election.

(10) [If a vacancy occurs in the nomination of an unopposed candidate such vacancy shall be filled by placing the name of the office on the ballot to be voted on by "write-in" votes. When a vacancy occurs in the nomination of an unopposed candidate and such vacancy does not create a less number of nominees than there are offices to be filled, such vacancy shall not be filled.

(11)] If a vacancy occurs after the nominating primary the vacancy shall be filled by certifying the person who received the next highest vote count in the primary as nominated.

(11)[(12)] If a vacancy occurs during the term of an elected city officer but beyond the filing deadline for the regular city primary but before the expiration of the three month interval required by section 152 of the Constitution such vacancy shall be filled by the filing of nonpartisan petition in the form provided for in subsection (2). The petition shall be filed fifty-five (55) days prior to the general election. The candidates nominated by petition shall be listed on the ballot under the office in which the vacancy has occurred.

Section 2. KRS 89.450 is amended to read as follows:

SECTION 3. KRS 117.335 IS REPEALED AND RE-ENACTED AS KRS 117.087 TO READ AS FOLLOWS:

The clerk shall compare the signatures on the outer envelope and the detachable flap with the signature of the voter that appears on the registration card. If the outer envelope and the detachable flap are found to be in order the clerk shall read aloud the name of the absent voter. If the vote of such voter is not rejected on a challenge then made as provided in subsection (4), the clerk shall then open the outer envelope and remove the inner envelope, remove the detachable flap and place the inner envelope unopened in a ballot box which has been provided for the purpose.

(4) When the name of an absent voter is read aloud by the clerk, the vote of such voter may be challenged and the challenge thereto may be determined and the absentee vote accepted or rejected by the board as if the voter was present and voting in person, but if the outer envelope and the detachable flap are regular, and substantially comply with the provisions of this chapter, they shall be considered as showing that the absent voter is prima facie entitled to vote. If the vote of an absent voter is rejected pursuant to the challenge, the outer envelope shall not be opened, and the clerk shall write on the envelope the word "rejected".

(5) After the challenges have been made and all the blank inner envelopes have been placed in a ballot box, the box shall be thoroughly shaken so as to redistribute the ballots in the box. The board shall then open the ballot box, remove the absentee ballots from the inner envelopes and count the absentee ballots on a form provided by the state board.

(6) The county clerk shall retain the ballots, detachable flaps and the outer envelopes for thirty (30) days, at which time they shall be burned by the county board of elections. If a contest or recount proceeding is instituted during said thirty-day period, the ballots shall not be burned but shall be disposed of as directed by the court in which such proceeding was instituted.

(7) The county board of elections shall make public the absentee ballot results after 6:00 p.m.

(a) Defray development costs of sponsors, builders and developers of residential housing, or

(b) Provide to persons and families of lower income who are applying for mortgages, either for purchase or rehabilitation of residential housing the amounts required to make down payments, pay closing costs, or make interest payments, or

(c) Make or participate in the making of construction loans which are not federally insured to sponsors, builders and developers of land development or residential housing; provided, however, that such loans shall be made only upon the determination by the corporation that construction loans are not otherwise available, wholly or in part, from private lenders upon reasonably equivalent terms and conditions.

(6) No temporary loans shall be made by the corporation from the housing development fund except in accordance with a written agreement which shall include, without limitation, the following terms and conditions:

(d) Such security for repayment shall be specified and shall be upon such terms and conditions as the corporation deems reasonably necessary or practicable to insure all repayments.

(7) No funds from the housing development fund shall be used to carry on propaganda or otherwise attempt to influence legislation.

(8)(a) Notwithstanding other provisions of this section, the corporation shall make loans secured by a mortgage from the housing development fund to enable a person sixty-two (62) years of age or older who owns the home in which he resides, whose income combined with his spouse does not exceed six thousand dollars ($6,000), and who meets any other reasonable standards established by the corporation to make repairs to his home including but not limited to siding, weatherstripping, roofing, gutters, electrical wiring, plumbing, and installation of sewers.

(b) The maximum principal amount of such loans shall not exceed seven thousand dollars ($7,000) and the maximum interest rate shall not exceed three percent (3%). All loans shall be repayable over a period of thirty (30) years. Upon the death of the borrower prior to maturity, the unpaid balance shall be paid in full by the person to whom the house has passed by devise or descent.

Section 1. KRS 355.2-316 is amended to read as follows:

(1) Words or conduct relevant to the creation of an express warranty and words or conduct tending to negate or limit warranty shall be construed wherever reasonable as consistent with each other; but subject to the provisions of this Article on parol or extrinsic evidence (KRS 355.2-202) negation or limitation is inoperative to the extent that such construction is unreasonable.

(2) Subject to subsection (3), to exclude or modify the implied warranty of merchantability or any part of it the language must mention merchantability and in case of a writing must be conspicuous, and to exclude or modify any implied warranty of fitness the exclusion must be by a writing and conspicuous. Language to exclude all implied warranties of fitness is sufficient if it states, for example, that "There are no warranties which extend beyond the description on the face hereof."

(3) Notwithstanding subsection (2)

(a) unless the circumstances indicate otherwise, all implied warranties are excluded by expressions like "as is," "with all faults" or other language which in common understanding calls the buyer's attention to the exclusion of warranties and makes plain that there is no implied warranty; and

(b) when the buyer before entering into the contract has examined the goods or the sample or model as fully as he desired or has refused to examine the goods there is no implied warranty with regard to defects which an examination ought in the circumstances to have revealed to him; and

This approval shall be by an enactment of the general assembly, either in the form of a law or a joint resolution, which shall identify the project to be funded as well as the source and amount of funds, and by appropriation of the first full year's debt service. Approval to issue and sell a series of bond issues totaling a specified amount may be obtained from the general assembly by specifying in the proposed law or resolution that approval is being sought for a series of bond issues, of indeterminate individual amounts, totaling a specified sum.

This approval shall be by an enactment of the general assembly, either in the form of a law or a joint resolution, which shall identify the contract, its nature and purpose, and the potential liability of the state if the contract is executed. The joint resolution shall also provide by appropriation for the first year's fiscal obligation.

SECTION 25. A NEW SECTION OF KRS CHAPTER 56 IS CREATED TO READ AS FOLLOWS:

HJR 5, A JOINT RESOLUTION directing the Legislative Research Commission to establish a special committee to study alternative taxes to replace the property tax as the major source of revenue for local school districts.

WHEREAS, the property tax provides the major source of local school district discretionary revenues with which programs are enriched beyond that provided by the state funded Foundation Program; and

WHEREAS, the amount of revenues from the property tax that local school districts have to expend at their discretion for program enrichment has steadily declined over the years; and

WHEREAS, the property tax is a highly unpopular tax largely due to the inequities resulting from the difficulty of its administration; and

WHEREAS, local school districts need to have a source or sources of tax revenue which, in their administration, does not evoke such a negative public reaction thereby reducing the possibility that discretionary funds for program enrichment would be curtailed;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Legislative Research Commission shall establish a special committee to study alternative taxes to replace the property tax as the major source of discretionary revenue for local school districts.

Section 2. Section 3. The study shall focus on determining alternate taxes which would not be subject to as much controversy and would be easier to administer than the property tax.

Section 4. The study shall be completed and reported to the Legislative Research Commission, the Interim Joint Committee on Education and the Interim Joint Committee on Appropriations and Revenue not later than June 1, 1981.

Section 5. Staff services to be utilized in completing the study are estimated to cost $12,000. These services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the Commission.

(b) Is there a reasonable relationship between the exercise of the state's police power and the protection of the public health, safety or welfare?

(c) Is there another less restrictive method of regulation available which could adequately protect the public?

(e) Is the increase in cost more harmful to the public than the harm which could result from the absence of regulation?

(f) Are all facets of the regulatory process designed solely for the purpose of, and have as their primary effect, the protection of the public?

(3) If it is determined that a regulatory function is not needed, the evaluation report shall recommend that the respective agency be allowed to terminate. If, however, it is determined that a regulatory function is needed, the function will be additionally evaluated on its effectiveness and efficiency in executing its regulatory responsibilities. This evaluation shall include but not be limited to the following criteria:
(a) Has the agency permitted qualified applicants to serve the public?
(b) Has the agency supported affirmative action requirements by licensing minorities and women?
(c) Has the agency operated for the benefit of its licensees as opposed to the public interest?
(d) Has the agency sought criticism aimed at improvements from the public and from its licensees?

(e) Has the agency recommended statutory changes that would benefit the public, as opposed to those it regulates?

(f) Has the agency encouraged participation by the public in rule- and decision-making, as opposed to participation by the person it regulates?

(g) Have complaints from the public been handled efficiently?

(4) All agencies being reviewed and evaluated shall cooperate with the Legislative Research Commission and shall supply any and all information required and requested by the Legislative Research Commission to conduct its review.

(5) No agency under review shall expend public funds for the purpose of influencing its evaluation, except for funds expended in the process of generating information and other documentation required and requested by the Legislative Research Commission.

SECTION 4. A NEW SECTION OF KRS CHAPTER 335A IS CREATED TO READ AS FOLLOWS:

(1) The Legislative Research Commission shall complete its evaluation report on an agency one (1) year prior to its scheduled termination date. The report shall include the findings of the evaluation and recommendations as to the termination, continuation or continuation with modification of the agency. If continuation or continuation with modification is recommended, appropriate legislation shall be included with the report. This legislation shall be prefiled for the next regular session of the General Assembly.

(2) The life of any agency continued or continued with modification shall not exceed six (6) years. Any newly created agency as defined by this Act shall have a life not to exceed six (6) years and shall be reviewed and evaluated as to need and performance as provided in Sections 2 and 3 of this Act. Continuation of the life of an agency, with or without modification, shall not be deemed to give continued effect to any administrative regulation adopted by the agency prior to such continuation. The regulations of each agency that is continued, with or without modification, shall expire on the termination date specified in Section 2 of the Act unless the agency resubmits such regulations for review and filing in accordance with KRS Chapter 13.

(d) In order for an owner of a Kentucky sired thoroughbred to be eligible to demand, claim and receive a portion of a supplemental purse provided by the Kentucky thoroughbred development fund, *it* [the thoroughbred horse winning or placing in a designated race for which a supplemental purse has been provided by the Kentucky thoroughbred development fund] must have been duly registered as a Kentucky bred thoroughbred with the official registrar of the Kentucky thoroughbred development fund prior to entry in such race.

(6) (a) Thoroughbred Breeders of Kentucky, Inc., is hereby recognized and designated as the sole official registrar of the Kentucky thoroughbred development fund for the purposes of registering Kentucky thoroughbred stallions and Kentucky bred thoroughbreds in accord with the terms of this section and such rules and regulations as may be promulgated by the Kentucky state racing commission. Section 15. KRS 154.146 is amended to read as follows:

An exception may be made if, because of the nature of the terrain in the area, a minimum of twenty-five (25) acres is impractical, then the *authority* [board] may, at its discretion, stipulate a lesser acreage for the purposes set forth in KRS 154.001 to 154.170.

The mortgage insurance corporation shall not be deemed to have been established for the purposes of this chapter unless and until its articles of incorporation shall have been approved by the authority, and if so approved, no approval by the department of insurance shall be required. (6) The trust agreement shall make appropriate provisions for the investment by the trustee or trustees of funds in the trust account for the benefit of the insurance corporation and of any claimants against the trust account. The monies so pledged and thereafter received by the trust account shall be subject to the lien of such pledge without any further act, and the lien of such pledge shall be valid and binding against all parties in accordance with the terms of the trust agreement.

Section 19. KRS 154.560 is amended to read as follows:

The insurance corporation shall be empowered by its articles:

(4) To exercise such other powers as are necessary or incidental to the foregoing.

Section 20. KRS 154.570 is amended to read as follows:

The authority shall not recommend to the insurance corporation, and the insurance corporation shall not approve the insurance of any loan *or bond* under its contract with the authority, if the insurance of such loan *or bond* will result in a total commitment by the insurance corporation in excess of ten (10) times the amount in the trust account. No insurance commitment shall be made by the insurance corporation unless the authority has made the following findings:

(1) That the loan *or bond* is to be secured by a first mortgage of real or personal property or both satisfactory to the authority;

(2) That the mortgagor and mortgagee are responsible parties;

(3) That the occupant of the project or projects is a responsible occupant;

(5) That the project will provide employment having a reasonable relationship to the principal amount of the loan *or bond issue* to be insured therefor, taking into account, among other things, the investment per employe of comparable facilities;

(6) That adequate provision is being or will be made to meet any increased demand upon community public facilities that might result from the project;

(7) That the size and scope of the project is such that a definite benefit to the economy of the Commonwealth may reasonably be expected to result from the construction or improvement thereof; and the employment created shall be substantially primary employment;

(8) That the principal amount of the loan *or bond* does not exceed ninety-five (95) percent of the cost of the land, buildings, and improvements and eighty (80) percent of the cost of the machinery and equipment;

(9) That the duration of the loan *or bond* shall not exceed thirty (30) years on land, buildings and improvements exclusive of machinery and equipment, and fifteen (15) years on machinery and equipment; and that the authorization provisions are satisfactory to the authority;

(10) That the insurance agreement provides for subrogation upon payment of insured debt service from the trust account;

(11) That the public interest is adequately protected by the terms of the loan *or bond* and of the insurance agreement;

(12) That the insurance of the loan *or bond* will not cause the insured debt service coming due in any one (1) calendar year on account of an insured loan *or bond* for any one (1) mortgagor to exceed twenty (20) percent of the amount in the trust account when the finding is made; and

(13) That the insurance of the loan *or bond* will not cause the insured debt service coming due in any one (1) calendar year on account of permanent guarantees to exceed one hundred (100) percent of the amount in the mortgage insurance trust when the finding is made.

The authority shall consult with the appropriate local and regional planning agencies to ascertain the relationship of a proposed project to any existing local or regional comprehensive plan; that, so far as feasible, the project is to be located in an area of generally high unemployment; and that employment opportunities will become available to the residents of such area.
